MEDICAL DEPARTMENT.

FACULTY.

J. MORISON, M. D., *Professor of Pathology and of the Principles and Practice of Medicine.*

ISAAC ROWELL, M. D.....*Professor of Chemistry*

R. BEVERLY COLE, M. D., *Professor of Physiology and of Obstetrics and Diseases of Women and Children.*

E. S. COOPER, M. D..... *Professor of Anatomy and Surgery*

B. R. CARMAN, M. D.....*Professor of Materia-Medica*

Hon. GEO. BARSTOW..... *Professor of Medical Jurisprudence*

ANNOUNCEMENT OF LECTURES, Session of 1859.

The regular Annual Course of Lectures in this Institution will commence on the first Monday in May, 1859, and be continued eighteen weeks.

Clinical Lectures will also be given on Wednesday and Saturday of each week, on Practice of Medicine, Surgery, Special Pathalogical Anatomy, on Physical Diagnosis, Auscultation and Percussion, and upon the Diseases of Women and Children. The Medical Clinic will be under the direction of Professor Morison; the Surgical Clinic under Professor Cooper; the Obstetrical Clinic, including Diseases of Women and Children, under Professor Cole.

REQUIREMENTS AND REGULATIONS.

The examinations will be so arranged as to permit the commencement for conferring degrees, to be held early in September.

The candidate must be of good moral character, and at least twenty-one years of age.

He must have attended two full courses of lectures in some regular and recognized medical school, one of which shall have been in this college, and he must exhibit his tickets, or other sufficient evidence thereof, to the Dean of the Faculty.

He must have studied medicine for not less than three years, and have attended at least one course of clinical instruction in an institution approved by the Faculty.

He must present to the Dean of the Faculty a thesis or dissertation upon some medical subject, in his own handwriting, and of his own composition; and exhibit to the Faculty, at his examination, satisfactory evidence of his professional attainments.

If, after examination for a degree, the candidate, on ballot, shall be found to have received *three* negative votes, he shall be entitled to another examination;—should he decline this, he may withdraw his thesis and graduation fee, and not be considered as rejected.

The degree will not be conferred upon any candidate who absents himself from the public commencement, without the special permission of the Faculty.

FEES.

The fee to each Professor is *thirty dollars*, payable in advance. The Matriculation fee is *five dollars:—to be paid but once.* The graduation fee is *fifty dollars.*

BENEFICIARIES.

For the purpose of assisting meritorious young men, the Faculty will receive annually, a limited number of beneficiaries, who will be required to pay *fifty dollars* each, towards the support of the institution, together with the Matriculation fee.

Those who are desirous of availing themselves of this foundation, must present to the Dean of the Faculty, as early as possible, satisfactory evidence, showing them to be of good moral character and of appropriate elementary education, and so circumstanced as to *require* this assistance.

SPRING, OR PRELIMINARY COURSE.

The Faculty, with a view of increasing the facilities for medical instruction without additional cost to the student, will deliver annually a gratuitous preliminary course of lectures upon subjects of importance, commencing on the first of April, and continuing till the commencement of the regular course.

THEY REMOVE FROM THE HUMAN SYSTEM

Mercury in all its forms, and all other Mineral Poisons,

Administered by Drug Doctors by accident, or by pursuing unfavorable callings; the almost universal CAUSES of PARALYSIS, RHEUMATISM, STIFF JOINTS, WEAK AND LAME BACK, NEURALGIA, DIFFICULTIES OF THE STOMACH, LUNGS, etc., etc., and consequently effect

SPEEDY AND PERMANENT CURES!

In all those diseases. They purify the blood, equalize the nervous fluid, strengthen the entire nervous system, produce delightful sensations of quiet and repose, increase the natural warmth, and in fact

The most Luxurious Bath which has ever been Devised!

They may be taken by persons in perfect health; and all persons of sedentary habits, both male and female, should take from two to three a month, and would do so were their merits once tested.

☞ They are so invigorating, that cold or stormy weather should not prevent taking them; in fact, persons in delicate health should take them at such times, *as they impart warmth and strength to the system.*

They are administered under the constant personal supervision of Dr. BOURNE, and not intrusted to boys or inexperienced persons. They require great care and attention, and it is given.

☞ LADIES are informed that these Baths clear and improve the complexion of the skin, rendering it also softer and smoother. A LADY IS IN CONSTANT ATTENDANCE TO WAIT UPON LADIES.

There is NO SHOCK whatever, nor any painful sensations!

The most delicate or robust, young or old, male or female, may take them in perfect safety, as Dr. BOURNE regulates them to suit each case. They are administered ONLY by Dr. BOURNE, who has now employed them constantly during nearly four years, with pre-eminent success.

South-east corner of Sansome and Commercial Sts., opposite St. Nicholas Hotel, San Francisco.

The effects of Poison Oak REMOVED in a few hours to a day or two at most, in ALMOST ALL CASES.
FEVER AND AGUE is *POSITIVELY CURED* better and quicker than by any other known means.
The most inveterate cases of DYSPEPSIA PERMANENTLY CURED, (not "patched up") in from six to ten weeks.

THE PUBLIC IS CAUTIONED

Against confounding the *Electro-Chemical Baths* with the "*Russian Steam Baths.*" Dr. BOURNE does *NOT* administer "Russian Steam Baths," and does not wish to bear the odium of the charge. In the Electro-Chemical Baths *the steam is NOT inhaled into the lungs*, together with the *effluvia* from the heated and sweltering Bather, and perhaps (disgusting thought) the foul odors, etc., emitted by half a dozen or a dozen others encaged at the same time! No! in the ELECTRO-CHEMICAL BATHS there is "nothing of that sort"—the Bathers *neither seeing, breathing nor smelling the vapor*, and each one has his separate and distinct apartment and apparatus. ☞ The Electro-Chemical Baths are NOT administered to persons suffering with infectious or loathsome diseases. ☞ *CONSULTATIONS FREE!*

PREFATORY.

On presenting to the public the San Francisco Directory, for 1859 and 1860, the Second Volume of the work issued by the present compiler, and inviting attention thereto, he would repeat what was set forth in his introductory of last year:

"In the preparation of the present volume, the compiler has aimed to arrange a Directory more comprehensive in its plan, and more systematic in its arrangement, than any publication of a similar character hitherto issued in California. He has endeavored to present a Manual of Reference so useful and valuable, that its successors may be deemed welcome annual visitors to every citizen. To this end he has devoted unremitting industry and the most vigilant care. How far he has given evidence of his ability to accomplish this, must be determined by the succeeding pages; and in referring thereto, he only asks that indulgence for any defects which may exist therein, that he has a right to expect, when the peculiarities of the undertaking are taken into consideration. There is, probably, no literary enterprise which is surrounded with so many obstacles to its successful prosecution, as the preparation of a work like the present; and especially in this city, where there is so much reluctance expressed by many persons to communicate the necessary information. In this respect, the compiler has met with so many cases where parties have refused their names, occupation and residence, that it has required considerable time and labor to complete the work in a satisfactory manner. He anticipates, however, that these difficulties will not exist to any considerable extent hereafter, and that a more universal desire will be exhibited to assist him in his efforts to establish, permanently, a work of so much importance to the city, as a complete and reliable Directory."

An examination of the present volume will better convey a proper idea of its importance to the residents of this city, and the amount of labor necessary to prepare it for the press, than any particular description of its contents, which might be referred to here; but in justice to himself, the

compiler deems it necessary to call attention to a few of the advantages of the present volume over either of its predecessors.

The Register contains over twenty-one thousand five hundred names—over four thousand more than are contained in the Directory for 1858. The Business Directory comprises nearly eight thousand different business firms, arranged and classified under appropriate heads. This department will be found useful for reference and a valuable addition to the work. The Directory of Streets, Public Buildings, Etc., has been carefully revised. The Appendix will be found very complete and reliable. The Consolidation Act has been closely examined and the amendments recently adopted by the Legislature, incorporated therein. The officers and the operations of the different departments of Government, Federal, State and Municipal, and the list of societies and the various public institutions have been carefully corrected, and throughout this department a completeness will be observed not hitherto attained in any previous publication. The various changes and removals, which have taken place during the progress of the work through the press, and the different new firms formed since the city was canvassed, will be found at the commencement of the work. An improvement in the arrangement of the Advertisements is for the first time introduced, by which the objection of having them inserted with the Register of Names, is obviated.

The Historical and General Reviews contain many interesting facts and statistics exhibiting the progress and present condition of the city, worthy of attention and consideration. The abstract of the population of San Francisco, contained in this department, has been carefully compiled and will be found to be an important contribution to the statistical data of the State.

In closing these remarks, the compiler would again express his thanks for the uniform courtesy extended to him during the progress of his labors; the prompt and ready acquiescence exhibited by the different public officers in furnishing information, and the valuable assistance rendered by numerous friends, is warmly appreciated. The SAN FRANCISCO DIRECTORY for 1860–'61, will be issued in June next. The change in the date of publication of the work has been found necessary, in consequence of the numerous alterations of business firms taking place during the first four months of the year.

HISTORICAL REVIEW.

THE CITY AND COUNTY OF SAN FRANCISCO.*

Topography of the City and County.

The present city and county of San Francisco are co-extensive, being bounded on the north and east by the Bay, extending to low water mark on the shores of Marin County, and on the south by the county of San Mateo, and on the west by the Ocean. The southern boundary, in a direct line, is six and a half miles from the Plaza, being a few yards north of the old Abbey House, the *line* separating townships numbers two and three, and running due west from the bay to the Pacific. The city and county may be considered nearly square, averaging six and a half miles from north to south, and about the same from east to west, embracing an area of 42 square miles, or about 27,000 acres, of which 10,000 are capable of cultivation; 8,000 are rocks, drifting sand and water; 6,000 are adapted for pasture; 2,000 occupied by the city proper, and about 1,000 acres are used for market gardens. For the benefit of readers at a distance, it may be well, briefly to describe the location of "*the City we live in:*" San Francisco stands on a narrow neck of land between the bay and the ocean, fronting eastward on the bay and having the ocean five miles on the west. The bay extends southward some thirty-six miles, parallel with the sea, from which it is separated by a narrow strip of land, varying from five to twenty miles in width. The city is on the extreme point of this promontory. Its site is handsome and commanding, being on an inclined plane half a mile in extent, from the water's edge to the hills in the rear. Two points of land, Clark's Point on the north, and Rincon Point on the south, one mile apart, project into the bay, forming a crescent between them, which is the water front of the city, and which has already been filled in and covered with buildings to a very considerable extent. Those points and the lofty hills north and west, upon which the city is rapidly climbing, afford a most extensive and picturesque view of the surrounding country. There are scarcely to be found more charming and diversified prospects, than are presented from these hights. Taking your stand on Telegraph Hill, to the north of the city, and looking eastward, you see the spacious bay, six miles in width, crowded with ships from all quarters of the globe, and the fertile coasts of Alameda and Contra Costa beyond, with the city of Oakland, behind which rise hill on hill, to the redwood forests on the summits. Towering over these, is the conical peak of Mount Diabolo. To the north is the entrance from the ocean, almost beneath your feet, and Saucelito, six miles distant, at the foot of the opposite hills. The northern arm of the bay also stretches away till lost in the distance, studded with smoking steamers on their way to the numerous points on

* This important and valuable contribution to the History of San Francisco, by Clement Ferguson, Esq., is reprinted, with additions, from the *California State Register* for 1859. We acknowledge our indebtedness to Mr. F. for his valuable assistance during the progress of the present volume through the press.—[COMPILER.

the Sacramento and San Joaquin rivers. Turning to the south you look down on the busy city, whose tumultuous din rings steadily in your ear—the Mission Dolores, in a charming little valley beyond, backed by graceful hills—the southern arm of the bay lost in the horizon, and the dim and distant coast range of mountains running parallel on the east. Facing the west you look upon the narrow strait through which the restless ocean ebbs and flows, and into which the sea breeze sweeps daily with its chilling but purifying mists—the Golden Gate—the Presidio—the Fort—the great ocean beyond.

Islands within our Limits.

The following islands are also within the legislative limits of this city and county, viz., Yerba Buena Island, Alcatraz Island, Angel Island and the Farallon Islands:

Yerba Buena Island—is situated in the bay of San Francisco, north-east from the city. From Rincon Point and Market Street Wharf it is distant about one mile and a half, and from Contra Costa nearly three miles. The northern end of the island is distant from the Golden Gate (Fort Point) five miles and a half. This island contains 198 acres, of which 75 consist of rich soil, well adapted for garden purposes; 15 acres are heavily timbered; 23 acres jungle and brushwood; 75 acres hilly, rocky and sandy, being thickly covered with the herb, or mint plant, from which the island takes its present name.* Springs of excellent water abound on the eastern and western sides, in the midst of a fertile valley. The apex of this island is 339 feet above high water. In early times it was densely covered with wood, and was known to ancient mariners and whalers as Wood Island; but in 1839, one N. Spear, placed a number of goats thereon, and hence the still popular name of Goat Island. On the easterly side is a wide, shoal bay, dry at low water, which, with the present material on the island, could be filled up, so as to be more than double its size. This island is formed of compact beds of sandstone, from a few inches to six and eight feet in thickness. Its texture varies but little in the different beds, and the grain is close and even, and generally very fine. The position of these beds of sandstone is highly favorable for working, readily loaded at the wharf and ferried over the channel to the city. Several quarries are now opened on the island, and the supply of building stone appears inexhaustible. The U. S. Government having proposed to place some batteries upon the island, included it in the third line of fortifications, and it was reserved with the other points in 1852. It is claimed, however, under a Mexican grant, dated 8th November, 1838, and is said to be the first island granted by Governor Alvarado under the decree "authorizing the granting of islands to Mexican citizens." This claim was recently rejected by the U. S. District Court in this city.

Alcatraz (Pelican) or Bird Island—is also within the bay, lying to the westward of Yerba Buena, from which it is distant about a mile and a half. From the Golden Gate it is under four miles. This island is midway between Yerba Buena and Angel islands. It takes its name from the immense number of these aquatic birds (pelicans) which, in early days, sought it as an abiding place. The apex of this rocky eminence is 154 feet above the level of the water, and its area is 35 acres. Its greatest length and its extreme breadth are 1,673 feet and 590 feet, respectively. A portion is covered with a luxuriant growth of wild oats. This

* This herb grows through the underwood in form of a vine, some feet in length. The leaves are six inches apart; it is very fragrant and was considered medicinal, and sometimes used as a substitute for tea.

little isle, being one of the national fortifications, is exempt from taxation. Already 50 guns of heavy caliber have been mounted, and the foundations laid for 41 more. With two exceptions, its sides are so precipitous, that a landing could with difficulty, be effected. There are three principal batteries. The one facing the city and commanding the bay, in the direction of the Presidio, mounting 35 guns; the one facing the Golden Gate, mounting 16 guns; and the one on the northern side of the island, facing Saucelito and Angel Island, mounting 40 guns. The first structure after landing at the wharf is a shot-proof guard-house, provided with a drawbridge and a heavy gate. On the crest of the island is a massive barrack or citadel, arranged so that every point can be brought under the effective fire of musketry. There are also three bomb-proof magazines, an extensive furnace for heating shot and cannon balls, a fog-bell and a light-house—the latter being provided with one of Freznel's lanterns of the third order; it is a beautiful piece of mechanism, affording a light of intense brightness.

Angel Island—is also within the bay, lying nearly three miles north-west of Yerba Buena, and about one mile from Marin County. It contains an area of 750 acres, and its apex is 600 feet above the level of the water. Excavations for building-stone have been made on the south-east end of the island. It is composed of sand-stone similar to that on Yerba Buena, but it is not so dark in color nor so hard. Specimens that have been examined, contain a notable quantity of carbonate of lime. The strata dip westwardly, and the quarry is opened on their upturned edges, and not at the ends of the beds, as at Yerba Buena. The weathered surfaces present the usual rusty color, and the divisional places or clearages are numerous. This island has heretofore been included within the boundaries of Marin, but subsequent legislation has (in the opinion of some) assigned it to San Francisco, the northern boundary of which extends to the low water mark of Marin, commencing on the coast "opposite Fort Point, thence following said low water mark to a point due north-west of Golden-rock." (See Statutes of 1857, p. 209.) In a recent criminal case it was decided that this island was still within the limits of Marin County; the only reason for including it here, being, that it is assessed in both counties.

The Farallon Rocks or Islands—in the Pacific Ocean, embrace the northerly, the middle and the southerly groups, the latter being distant from the former about seven miles. The northerly cluster is made up of five rocks; the middle is a single rock; and the southerly is the larger, (being two miles in circumference,) upon which the light-house stands, the top of the tower being 330 feet above the level of the sea, and about 29 miles westward from the Golden Gate. It is really difficult to imagine a more desolate and barren place than these "rocky islets" present to view; yet collectively they may be considered as the most extensive poultry yard in the world, for here may be found in myriads the bird described by Buffon as the Guillamot, (the *Uria Troile* of Linnæus,) which lay their eggs upon the bare rocks. The appellation of the Foolish Guillamot has been given to this species by Latham, from the fact of its being with difficulty roused to flight, and often suffering itself to be caught with the hand, particularly during incubation. Some idea may be formed of their numbers, when we state that each bird, during the season, lays but a single egg, and that since 1851, upwards of 4,000,000 of their eggs have been sold in the San Francisco market. They are of a pale green color, blotched with umber, and are much in demand in res-

taurants, for pies, omelets, etc., one house alone using from 800 or 900 daily. The egg season lasts about six weeks, from the middle of May to the end of June. Last year about 30,000 dozen, were disposed of, the price averaging forty cents a dozen. In 1851 they readily brought a dollar and a half. However, the expenses of the company absorb fully 60 per cent. of the gross receipts. In early times, Russian fishermen had a considerable settlement on the larger of these islands.

Geological Features.

The principal rock formations of the vicinity of San Francisco are finely grained compact sandstones, associated with shales; together with erupted trappean rocks and serpentine, all probably of recent origin. The sandstone underlies the city, and is exposed along the shores of the bay, forming the principal promontories and points. On entering the bay from the Pacific, the rock is first seen at Point Lobos. The continued action of the ocean swell has worn the rocks into rugged cliffs, and excavated caverns and arches. Many large masses are detached from the cliffs, and lie scattered about in the surf. These isolated island rocks are the places of resort for sea birds and the "huge sea lion." However, the best section of the same formation may be seen from Pacific Street, where Telegraph Hill has been excavated. There the stratification is very distinct, and the alternation of thick beds of argillaceous sandstone with shales and slate is visible. Up to the present time, they have been found singularly devoid of fossils—not one shell having been met with in them. The covering of soil, which appears to have been derived from the decomposition of the strata, is found to be a good material for making bricks, and it is extensively used in that manufacture. This fact shows that the rocks contain a large per centage of alumina, and the presence of oxyd of iron is indicated by the rusted color of the weathered rock, as well as by the deep red tinge of the burned bricks. The formation, next in importance to the sandstone, in point of extent and development, is the serpentinoid rock. It forms a high and prominent ridge, midway between the shores of the bay and the ocean, abutting upon Golden Gate, and forming Fort Point. The width of the ridge is about a mile and a half; but its extension, southward, is not accurately known. In that direction it is partly obscured by sand, but forms a knob at the Orphan Asylum, near the Mission. The dark-colored portions of the rock were used for the construction of that excellent institution; but there is nothing to recommend it as a building-stone, except (in this instance,) its presence on the spot, as it is not calculated to resist the action of the weather. Along the shores of the Mission Bay, there are extensive flats of swampy land, of alluvial origin. The surface consists of a very thick turf, which, cut out and dried in the sun, is suitable for fuel. On the hills around the city, there is a slight formation of alluvial drift, limited in extent, and occupying the lower parts of the principal depressions. In boring through the earth on the site of the Custom House, several beds of sand, clay and gravel, were found to succeed in regular order for a depth of 60 to 80 feet. This locality is below tide-level, and it is between these accumulations of drift or alluvium and the rocks, that sheets of water, or water-bearing strata, are found, and are reached by Artesian borings in various parts of the city. Perhaps no point on the Pacific coast presents more favorable opportunities for studying the phenomena of sand-dunes than the peninsula of San Francisco. On the Pacific side there is an extensive beach, reaching

for miles, north and south, and a long distance inland. A wide area is thus covered by loose, dry sea sand, and it has the aspect and character of a desert. From this large tract has undoubtedly been accumulated, by the action of the ocean winds, the extensive formation of blown sand, which prevails within the city proper. Most of the hills in the city, where they were partially sheltered, are, or were, covered with a thick growth of shrubs (chamisal), which prevented the wind from acting upon their surfaces and removing the sand. Here, we may add, that artesian borings for water have been numerous, and that it is almost impossible to ascertain their number and localities. Water appears to be found in all parts of the city around the hills, and generally at a depth of not more than 150 feet, but the depth varies with the locality. In Happy Valley, the borings are successful at a depth of 70 feet; north of California Street the depth increases, one in Montgomery Block being 160 feet. The depths to which borings are carried, increase from the base of the hills towards the bay, and many of the wells are bored down through the salt water.

Surveys of San Francisco.

In the spring of 1839, Governor Alvarado directed Alcalde F. De Haro to cause a survey of Yerba Buena to be made, and to lay out streets and lots. In the fall of the same year, and under his direction, Juan Vioget, a surveyor, made the *first* survey and plan of Yerba Buena. That survey was bounded by Pacific, Montgomery, Sacramento and Dupont streets. Subsequent surveys (each more extended than its predecessor) were made officially by Jasper O'Farrell, William M. Eddy and John J. Hoff. East of Larkin and Johnston streets, the city is divided into fifty vara lots; one hundred vara lots; beach and water lots; North Beach blocks; South Beach blocks; Clay Slip lots. In the "Fifty Vara Survey," there are 1,530 lots, with official numbers affixed, each fifty vara lot forming a square of 137½ feet, exclusive of Numbers 695, 709 and 753 which are duplicated; 40 only of the fifty vara lots being located south of Market Street. North of Market Street are also one hundred vara lots, Nos. 1, 18, 24, 49, 50, 56, 57, 76, 673 and 675. In the "One Hundred Vara Survey," each lot forming a square of 275 feet, the numbers range from 1 to 420; however, there are but 398 official lots, as by some unaccountable oversight, Nos. 98 to 102, 108, 117 to 125, 152, 153, 154, 164, 236, 237 and 320 were omitted in the numbering. This survey is bounded by Johnston, Market and First streets. In the "Beach and Water Lot Survey," all of them being east of Montgomery and First streets, there are 772 lots, each lot forty-five feet and ten inches in front, with a uniform depth of 137½ feet, with an official number affixed. In the "North Beach Survey," there are 19 blocks, each block of six fifty vara lots, extending from the corner of Larkin and Jefferson streets, to the junction of Kearny and Bay streets, all of them fronting on the bay and under water. In the "South Beach Survey," there are 33 blocks of various dimensions, fronting on the bay, and extending from Rincon Point to the junction of Harris and South streets—all under water. The "City Slip Property," bounded by Clay, East, Sacramento and Davis streets, consists of 122 lots, each, with a few exceptions, being 25 feet in front, by 59 feet nine inches deep. In December, 1853, this entire property was sold at auction for $1,119,350. In addition to the foregoing, there are about 16 blocks east of Larkin and Johnston streets, without any official numbers attached. Of

the older surveys of the city, mention must not be omitted of the 26 one hundred vara lots, adjacent to the Lagoon, and north-west of Larkin Street, granted on petition in 1847–'48, by Alcaldes Hyde and Leavenworth. These now form a portion of the Western Addition.

The Mission Dolores and the Presidio.

The year which gave birth to the great Western Republic on the Atlantic shore of North America, also witnessed the first permanent settlement on the Coast of Upper California. In 1776, two Missionaries of the Roman Catholic Church, landed in the bay of San Francisco and proceeded to establish a central point for their operations in civilizing and christianizing the native tribes. Their names were Francisco Palou and Benito Cambon. They were natives of Spain, but came to this place from Mexico. Finding a fertile tract of land, capable of irrigation, nearly two miles south of San Francisco, they chose it for their home and founded a Mission which they named "Mission Dolores," in commemoration of the sufferings of the Virgin. The Fathers evinced much good sense in selecting the site of the Mission buildings, which was a small, fertile plain, embosomed among green clad hills. Several tiny rivulets of clear, sweet water, met about the spot, whose united streams were conducted to the bay by one of a larger size, now well known as the Mission Creek. The Presidio was founded about the same period, to give military protection and aid to the Missionaries in the conquest and civilization of the Indians.

Mexican Claims.

The following is a list of the Mexican claims to tracts of land within the city and county of San Francisco. The *four* in *italics* have been *rejected*. The others are not yet decided—or have been confirmed.

TRACTS.	Size in Acres.	Date of Grant.
Pueblo of San Francisco	.....	....
Limantour Claim	18,000	1843
Mission Dolores, (Santillan)	13,500	1846
Yerba Buena Island	198	1838
Presidio Reservation	.....	1846
Point Lobos	9,000	1846
New Potrero	2,250	1844
Parraje del Arroyo	6,750	1846
Bernal Ranch	4,500.	1839
San Miguel Ranch	4,500	1845
Laguna de la Merced	2,250	1835
Ridley's Ranch	9,000	1841

Of the four last, quite a large portion lies within the limits of the neighboring county—San Mateo.

The Western Addition.

On the 20th of June, 1855, Commissioners were appointed by ordinance, to "lay out" blocks and streets, west of Larkin Street, and south-west of Johnston and Market streets, extending to the city charter line of 1851. The Commissioners reported a map, in accordance with the ordinance, and their proceedings were ratified and confirmed, and the map declared official by the Legislature. (See Statutes of 1858, p. 52.) This large tract is in two divisions, the first lying north of Market and Ridley streets, being about two and a half miles from the latter street to the bay,

and about half that distance from Larkin Street to the charter line. In this division there are upwards of 500 blocks, the great majority of which contains six fifty vara lots each, (being nearly four acres to the block,) exclusive of seven large squares set apart for the public. The other division lies south of Market and Ridley streets, embracing the Mission Dolores, and a large portion of the Potrero Nuevo and Horner's Addition.

The Outside Property.

All that portion of the city and county south and west of the charter line of 1851, including the Bernal, the San Miguel and the De Haro ranches, is assessed this year, in quarter sections at not under five dollars an acre. In but few instances are there more than 160 acres included in a single assessment. The city charter line of 1851 embraced the north-east quarter of the present city and county, and formed a square of somewhat more than three miles.

Abstracts of the Assessments for Nine Years.

The subjoined tabular form gives at a comprehensive glance the amounts of the assessments, together with the rates of taxation of the city and county of San Francisco for nine fiscal years—since the first organization of our local government, viz:

Fiscal Years.	Rates per cent.	Real Estate.	Improvements.	Personal Property.	Yearly Total.
1850–'51.....	$2 00	$16,849,054	In Personal.	$4,772,160	$21,621,214
1851–'52.....	4 10	11,141,463	"	2,875,440	14,016,903
1852–'53.....	4 41	15,676,356	"	2,805.381	18,481,737
1853–'54.....	3 88½	17,889,850	$6,158,300	4,852.000	28,900,150
1854–'55.....	3 85½	19,765.285	9,159,935	5,837,607	34.762,827
1855–'56.....	3 85½	18,607,800	8,394,925	5,073,847	32,076,572
1856–'57.....	2 30	17,827,617	8,345,667	4,194,970	30,368,254
1857–'58.....	2 30	15,576,545	7,394,296	12,426,335	35,397,176
1858–'59.....	2 45	13,554,565	5,946,585	11,224,800	30,725,950

When contrasting these years, it should not be forgotten, that prior to 1856, the present county of San Mateo, (embracing an area of 155,000 acres) formed a portion of San Francisco County. Nor does the column of "Improvements" properly indicate the progress made in building during the past nine years, for since 1851, materials and labor have been on the "sliding scale." As compared with last year, there is a slight decrease in the valuation of property. On reflection, this is not to be wondered at, for there has been no country, in ancient or modern times, in which property has fluctuated so much as in this State. Nor is it by any means an indication of permanent decline, if the value of taxable property has decreased to a considerable extent. Were such a result to happen in any of the Atlantic States, it might be looked upon as alarming, but in a country like California, it may be regarded in no worse a light than as an evidence of a former indiscretion, and of the overreaching speculation of her citizens.

Taxes for 1859 and 1860.

The rates of taxation for the fiscal year, commencing on the 1st July, 1859, cannot be definitely arrived at, till the assessment books have been footed. The following, however, are the items, viz:

For State Purposes	$0 60
For the Funded Debts	0 95
For Municipal Purposes	0 65
For Common Schools	0 35
For Street Lights	0 15
For Liquidation of Judgments (estimated)	0 45
Total rates on each $100, for 1859–'60	$3 15

It is confidently anticipated that the assessment books for the new year will amount to *Thirty-five Million Dollars.* By the above figures it will be seen that the taxes required for the current annual expenses of the municipality, are but sixty-five cents on the $100; to this must be added the rates required for State and School purposes, while for the debts contracted prior to the consolidation of the city and county, property owners are obliged to pay a tax of $1 55 on the hundred.

Personal Property.

The actual value of the taxable property in this city and county is much larger than the returns of the Assessor would indicate—a statement conceded by those who are at all familiar with the subject. It is equally well known that real estate bears considerably more than its rightful share of taxation, as compared with personal property. This is attributable to the difficulty experienced in ascertaining the amount and value of personal estate liable to assessment, and it is one of the causes which prevails of estimating landed property below its true value. The land is open to view and examination, its quantities ascertainable with facility and certainty, and by no possibility can it escape the vigilance of the Assessor. The case is widely different with the varied pecuniary interests and investments which constitute personal estate. By many ingenious devices, perhaps by mere silence on the part of the fortunate owner, a large portion of the wealth of the State eludes the Assessor, (who is frequently obliged to act in ignorance of essential facts,) and therefore escapes its share of the cost of sustaining the government, to which all property owes its protection. In this particular, the revenue law is defective, for while ample and proper provision has been made in favor of the citizen to enable him to correct errors in over-valuation, no means (except that of prosecution for perjury,) have been supplied to correct under-estimates, or to reach personal property, in these manifold instances, where the owner may choose to withhold its existence or its value from the knowledge of the Assessor. The result is, that many of the possessors of ready money, investments in funds and securities, and productive capital in various forms, contribute little or nothing to the support of the State.

Comparative Taxation of Counties.

The total taxable property of the various counties of this State last year, amounted to $132,000,000. In the order of valuation, the following were highest on the list:

San Francisco	$35,397,176
Sacramento	11,193.945
Yuba	6,335,488
Santa Clara	4.504,328
Sonoma	4,346,320
San Joaquin	4,102,815
Butte	3,944,862
El Dorado	3,129,518

The lowest county on the list was San Bernardino, which is down at $302,039 only. The valuation of the 43 counties will average $3,000,000 each. It is, therefore, apparent that San Francisco, the smallest of them all, is the great contributor to the coffers of the State. At the last Presidental election, for each vote cast, the amount paid in by San Francisco, was $15 91; by Sacramento, $8 98. The agricultural counties generally at the rate of $8 60, and the mining counties were taxed only $4 02 for each voter! In addition to the taxation on property, our citizens, for leave to do business, have to pay a municipal license and a State and county license, to say nothing of street assessments, stamp imposts and passenger taxes.

Outstanding Indebtedness.

The following is a brief synopsis of the outstanding indebtedness of the city and county of San Francisco, accrued prior to the 1st day of July, 1856.

BONDED DEBTS.	Amount of principal outstanding.	Sinking Fund to be raised annually.	Annual rate of interest.	To be raised by.
1. City Bonds of 1851..	$1,449,800	$50,000	10 per cent.	General Fund
2. School Bonds of 1854.....	60,000	5.000	7 "	School "
3. Fire Bonds of 1854.....	200,000	16,666	10 "	General "
4. City Bonds of 1855.....	324.500	None.	6 "	" "
5. By Examiners, 1858.....	*1,169.357	None.	6 "	Special Tax

Total amount of indebtedness, $3,203,657. †

With due economy in the management of the government, this debt can be liquidated with ease within the time prescribed in the several funding acts. When we recall for a moment the condition of the site upon which San Francisco is built, the immense amount of labor performed in grading, the expense of planking, the comfortable school-houses, the magnificent engine-houses, the commodious City Hall, the confusion of our revenue system in early days and the persistent delinquency of a large number of the taxpayers—the above amount, although large, cannot be regarded as a very extensive indebtedness.

Rapid Growth of the City.

While reflecting upon the valuation of property in this city, even in its present depreciated condition, it should be borne in mind that in the year 1835, the village of Yerba Buena had neither location nor a name, but long anterior to this period, the bay of San Francisco was known to voyagers as "The glory of the Western Coast." In 1836, the first house was erected, and even thirteen years ago the city of San Francisco was a comparative wilderness. "Cattle roamed undisturbed where now are crowded storehouses, and ravens croaked on the spots where now peaceful dwellings stand." A year later, 150 people and a score of adobe huts constituted the entire village. On the 30th of January, 1847, the local name of (the cove of)

† The actual debt, July, 1858, is, City, $2,806,751, County, $375,980, as follows: City Bonds, as per table, $2,034,300; Board of Examiners, $792,121; audited demands, (Auditor's Report, July 1, 1858,) $78,131—total, $2,904,552. Assets: Cash in Sinking Funds, $71,684; in Treasury, $26,117—total assets, $97,801. Actual debt, $2,806,751. County, Board of Examiners, $375,980—total, city and county, $3,182,731. In addition to the assets here enumerated, the Commissioners of the Funded debt hold mortgages belonging to the Sinking Fund of the bonds of 1851, amounting to $116,715, which will reduce the indebtedness to $3,066,016.—[Comp.

Yerba Buena was changed to that of San Francisco. Six months afterward, a census was taken, when it was found that the population had increased to 459 persons; and now, in 1859, this—the metropolis of the Pacific—numbers in population over 78,000 souls, and can boast of an assessment roll of more than $30,000,000. In exports standing first, and in imports and tunnage among the very first of the great ports of the Union. The ordeal through which San Francisco has passed, has been severe and without example in the history of cities. The discovery of gold in 1848, gave an impetus to emigration from which San Francisco derived in so short a period, the title of city. Her growth was sudden; there was no *infancy* to her history. An existence of only ten years has given her rank among the cities of the world; and after passing through the fiery ordeal and financial abuses and disasters, she is now in her onward march to wealth and greatness.

Our Future.

No country in the world has ever held forth such inducements for people to flock to her shores, as does California at the present moment. Irrespective of her mineral wealth, this State possesses agricultural resources and manufacturing facilities unexcelled by any other in the Union. Her great range of climate, varying from almost tropical heat to regions of eternal snow—with a geographical position equal, at least, to the most favored country on the globe. For ten years California has annually contributed between fifty and sixty millions of dollars, in treasure, to the wealth of the world and the purposes of commerce, all of which pass through the Golden Gate. Her population now numbers nearly 600,000 souls, who obtain their foreign supplies and export their own productions, through the port of San Francisco. The interior of the State abounds in fine cities, beautiful and thriving towns and villages, mining hamlets, extensive and productive farms and ranchos, all of which depend on San Francisco as the great and only commercial center of operations. In the words of an able Journalist,* "manufactures have been established on a large scale, and the merchant fleets of the civilized world traffic with our people; and all depend entirely upon the port of San Francisco. Lines of steamers are established, connecting us with the East, with Oregon, Washington Territory and British Columbia, and incidentally, with South America and Australia, all going from and returning to the harbor of San Francisco. The establishment of the overland routes by the General Government, has lent an additional value to many interests in this State, each of which is nourished and vivified through the harbor of San Francisco. The recent treaties with China and Japan, give promise of a vast and lucrative trade, at no distant day, between those countries and San Francisco. The certainty that a Pacific and Atlantic railroad must sooner or later be built, and that when constructed, the greater portion of Oriental commerce must find its way to Europe and the Eastern States, through the harbor of San Francisco, is also undeniable." In the felicitous language of another, "the heavens are not more clear and starry than is our future. The face of the world is towards us. The glittering treasures, the rivers and bays, the towns and cities, the farms and fields, were made for a purpose. The Pacific is to be the Ocean of the Future, and San Francisco will preside as the commercial mistress of the princely domain, and wave her jeweled hand over the proud hereafter."

POPULATION.

The following exhibit of the population of this city and county has been prepared from the returns of the different canvassers engaged in collecting information for the compilation of the present issue of the SAN FRANCISCO DIRECTORY. The plan adopted was to arrange and classify each sex in three divisions, viz: MALES: *First Class*—the head of each family and the members thereof, over twenty-one years of age; *Second Class*—those between five and twenty-one; *Third Class*—those under five years of age. FEMALES: *First Class*—those over eighteen years of age; *Second Class*—those between five and eighteen; *Third Class*—those under five years of age. Also, to collect such data as would furnish an approximation of the different elements composing our population not included in the foregoing classifications:

(*a*) These comprise a class of population claiming a residence in this city, who have no permanent place of abode.
(*b*) This number has been arrived at by a careful estimate obtained from the different proprietors.
(*c*) This number includes those persons sailing from this port, who claim a residence in this city.
(*d*) This number has been arrived at from actual observation.

In the collection and preparation of the data contained in the foregoing table, a heavy expenditure of time and money, has been required, and in presenting the same as an approximation of the present population, it should be stated that in every instance where estimates are included, the greatest care has been observed to consult the most reliable authorities and to use such figures, only, in the preparation thereof, as were found to be in accordance with our own observation.

FEB. 2.—A very large and respectable meeting was held at Musical Hall, of those opposed to the Bolton-Santillan claim.

FEB. 4.—Mr. Wm. S. Alton committed suicide by taking strychnine.

FEB. 5.—Shipments of Treasure to Panama, $1,682,067 12.

FEB. 10.—James Kennovan completed a great feat of agility and endurance by walking four hundred miles in one hundred consecutive hours.

FEB. 13.—The steamer *Uncle Sam*, which sailed on the 11th for the Colorado River returned, after experiencing a violent south-easter, which so disabled her as to render it necessary to return to port for repairs.

FEB. 14.—William Durie was shot by a man named Fowser for the seduction of his daughter. Fowser was afterwards tried for the offense and acquitted.

FEB. 20.—One of the most blood-thirsty and diabolical murders that ever took place in San Francisco come to light early in the day, it having been committed in the back yard of a dwelling-house on Jessie Street. The victim was T. Billman, the occupant of the house, and suspicion rested chiefly upon a negro named Mose Tate, and the murdered man's wife, both of whom were accordingly arrested. The negro was afterwards convicted of murder in the second degree, and the woman tried and acquitted.....Shipments of Treasure to Panama, $1,135,510 18; total for the month, $2,817,577 30.

MARCH 5.—Shipments of Treasure to Panama, including per *Orizaba*, $1,464,243 89.

MARCH 9.—Mr. Bremmervord and a sailor named Cuddy were drowned while attempting to board the ship *Morning Glory*, in consequence of two drunken sailors capsizing the boat.....James Anderson, the tragedian, made his first appearance in California, at the Lyceum, this evening.....Remonstrance, signed by over 5,000 citizens, against the Bulkhead, sent to the Legislature.

MARCH 15.—Henry Vapner killed a woman of bad repute, with whom he was living on Pacific Street, by strangling her; after which he attempted to put an end to his

own life by cutting his throat. Vapner afterwards recovered from his wounds, was tried, convicted of murder, and sentenced to be hung.

March 17.—St. Patrick's Day was celebrated with much enthusiasm, everything passing off with spirit and harmony. The Sons of the Emerald Isle marched in procession to St. Francis' Church, where appropriate religious exercises were performed, and afterwards to Musical Hall, where an oration was delivered by Mr. Ryan, and a poem read by Frank Soule, Esq. The other Societies met at St. Mary's Cathedral, where Pontifical Mass was held, and a panegyric pronounced on St. Patrick by Father Slatterly.

March 20.—Shipments of Treasure to Panama, $1,581,929 74; total for the month, $3,046,173 63.

March 21.—Patrick Foley, keeper of a boarding-house on Pacific Street, destroyed his life by taking arsenic.

March 22.—English steamship *Forwood* arrived in 130 days from Liverpool, *en route* for Victoria.

March 24.—An unknown man was found hanging by the neck in a deserted house near the Presidio, quite dead. He was supposed to be an Italian organ grinder, and probably put a period to his life because of destitution.

March 25.—A general movement against all foreign silver coin has been begun, with a view to driving it out of circulation. Some of it, as money, is greatly depreciated, and all of it, if the movement is persevered in, will soon have to go into the Mint.

March 26.—The Nicaragua steamship line advertise a vessel for the 5th of next month, thus renewing the promised opposition, which the public feared had been abandoned, through the non-sailing of the *Cortes*.

March 27.—Legislature make an excursion to Oakland, to examine as to its suitableness for the State Capitol. The committee to whom the matter was referred in that body, afterwards report in favor of removing the capitol from Sacramento to Oakland.

May 24.—The fortieth anniversary of the birthday, and the twenty-third year of the reign of Queen Victoria was appropriately celebrated. During the day, flags were displayed in different sections of the city, and in the evening a number of English merchants celebrated the occasion by a public dinner at the Union Club....The Mercantile Library Association have issued a plan for the erection of a suitable building for the accommodation of its members, which meets with much favor. The present flourishing condition of this institution will materially assist the members in carrying into effect this important movement; but few associations in our State have exhibited more evidences of progress during the past few years than this laudable and popular organization, and it is to be desired that the exertions of the members to strengthen their permanency will be properly appreciated by the public.

May 28.—The Board of Managers of the Fair recently held at the Musical Hall, by the Sisters of Mercy, for the erection of a Magdalen Asylum and Charity Hospital in this city, have published their report. The net proceeds amount to $10,414 25.

May 29.—The Dashaway Temperance Association held a meeting this evening, at Musical Hall, which was attended by a large concourse of persons. Over 900 have already become members, which is increased at every meeting. An effort is now being made by the association to establish a House for the Inebriate—a philanthropic and praiseworthy movement which should be encouraged by our citizens generally.

May 31.—The Mount Vernon Association, recently re-organized in this State, is composed of 130 Managers and 90 Assistants, residing in different portions of the State. Over $5,000 have already been contributed to the fund, and transmitted to the East. This sum will be largely increased by future collections.

GENERAL REVIEW.

In this department of the work we propose, annually, to give a brief glance at the operations of the different public institutions, and those private establishments which are deemed worthy of notice, with such details connected therewith as we may deem interesting to our readers.

Education and the Public Schools.

The following are the officers of the School Department: 1st District, R. O'Neill; 2d, A. S. Edwards; 3d, Wm. Sherman; 4th, S. B. Stoddard; 5th, B. F. Moses; 6th, C. L. Taylor; 7th, Wm. Pearson; 8th, E. B. Goddard; 9th, J. O. Eldridge; 10th, C. C. Knowles; 11th, E. Judson; 12th, J. Shade Dungan; President, Wm. Sherman; Superintendent, and *ex officio* Secretary, Henry B. Janes.

It is with pleasure that we lay before the citizens of San Francisco the highly satisfactory condition of the Public School Department.

Since our issue of last year no part of our municipal government has been more carfully sustained or judiciously provided for. No longer oppressed by debt, and embarrassed by a bankrupt treasury, the workings of the Board of Education and the improvement of the Schools have, during the last year, been without a precedent. This improved financial condition in School affairs, is attributable to the general and prompt payment of taxes on the part of our citizens, and to the wise and economical management of the Board of Education. The internal improvement of the different Schools of the Department has fully kept pace with its other general prosperity: from the zealous and constant efforts of the Superintendent, Henry B. Janes, and members of the Board of Education, prominent among whom we may justly mention the name of the President, Wm. Sherman, who during the past five years has been a most valuable member of the School Department, and for the past three years an occupant of the chair of the Board of Education.

Most fortunately for her own interests as well as for the permanent good of the whole State, San Francisco from an early period in her history, as an American community, has extended a fostering care to the cause of free schools, and has to the fullest extent provided the means of instruction for the children of every citizen. No institution within her limits has received greater or more zealous attention; none has been more liberally and faithfully sustained. This is as it should have been, as we hope hereafter, may ever be the case. That our Public Schools form the basis upon which securley rests our nation's present greatness, and depends our future national permanence, and progress, and improvement, is not merely a well rounded, euphonious sentence, but one which expresses a substantial truth.

When in 1849, there rushed to these shores the busy throng of eager and restless adventurers, impatient in the pursuit of fortune, fame, or pleasure, happy for San Francisco, there came also others having a more abiding interest in her welfare; a higher object of persuit—those impelled by a more enobling ambition. And when the exciting clatter of a thousand hammers reechoed from every hill side, and San Francisco, as if by magic, was hastening into a real existence; *these* were busily, unobtrusively, yet perseveringly employed in giving her that moral and social life, which has signally elevated her, and which, as we trust, will hereafter grow with her growth, and strengthen with her strength, till it shall ripen into those graceful proportions of a moral and social society which shall render her the pride, and endearing home of her citizens.

Prominent among the early friends of San Francisco were Mr. and Mrs. J. C. Pelton, who, as it appears, left Boston, Mass., in the early part of 1849; and, (strange as it then appeared to those unacquainted with them, or the *real* motives that prompted their acts,) with the object of establishing here on the "far-off shores of the Pacific," a free Public School on the New England plan.

HISTORY OF THE FIRST PUBLIC SCHOOL.

Arriving at San Francisco in the autumn of 1849, Mr. Pelton immediately made preparations for carrying out his cherished object. He soon found friends, and through them secured the free

use of the Baptist Chapel, then standing on Washington Street near Stockton, (and still occupied by the Primary Department of the original School.) On the 26th of December, 1849, three children having been gathered, the first Public Free School in this State, or indeed on the Pacific coast, was commenced. This School was continued free to pupils from the first, and was sustained several months entirely by the voluntary and gratuitous services of Mr. and Mrs. Pelton, aided, in paying the incidental expenses of the School, and procuring the services of extra teachers, who were soon required, by the contributions of citizens who had became interested, in what had at first appeared to them an enterprise as strange as it was new. The names of those contributors having been preserved, we take pleasure in giving them a permanent place in this record of the early benefactors of San Francisco:

Theo. Payne, Friedlander & Co., Wm. Meyer & Co., M. E. Gould, J. C. Palmer, S. Otis, I. C. Woods, Wm. T. Coleman, J. D. Hutton, B. F. Sherwood, B. Davidson, Wm. D. M. Howard, Talbot Green, F. Vassault, Newton & Co., Hussey & Bond, Henry M. Hale, E. Dunbar, Dunbar & Emerson, John Wilson, Jacob B. Moore, T. J. L. Smiley, A. A. Selover, John Middleton, R. S. Dorr, David Paige, C. V. Gillespie, Wm. Burling, J. H. Coghill, Burgoyne & Co., Adams & Co., Wm. Hooper, Nathaniel Lane, Capt. Tibbs, C. L. Ross, S. R. Bolton, D. Gibb, Moorhouse & Whitehead, E. Mickle & Co., J. D. Stevenson, Capt. King, R. M. Sherman, Wm. Sherman, Geo. H. Hudson, Wm. Greene, Thos. Hayes, S. Brannan, Eugene L. Sullivan, Capt. Folsom, Capt. Tieden, J. L. Little, Wm. Vischer and F. C. Ewer.

On or about April, 1, 1850, the School had greatly increased in number; and had in every way prospered beyond the expectations of its most sanguine friends. It had become an ornament to the city, a blessing to the children and youth—then rapidly gathering in from every habitable part of the globe. It was appreciated and referred to with pride and satisfaction by San Franciscans, who had now commeneed to feel some interest in her, other than felt for a place only of business and turmoil—the field of adventure; for there were those who thought to make here a future home for themselves and for their children; accordingly, the Ayuntamiento or City Council adopted the School then formed, (by ordinance passed April 10th, 1850,) and undertook its support as a free Public School, employing Mr. and Mrs. Pelton, to continue it at a nominal salary of $500 per month, for the services of both, and by them it was taught till the fall of 1851, (uninterrupted except by occasional fires and short vacations); when, to meet the then greatly increased demands of the youth of the city, a new school ordinance was matured and adopted, (not differing materially from the one now in force,) and a new Board of Education and Superintendent elected. Under this new Board of Education, acting under the provisions of this new ordinance, the following Schools were organized, viz.:

No. 1.	Washington Street School, now Powell Street.....	established	Dec. 1849
No. 2.	Denman Grammar	"	Sept. 1851
No. 3.	Rincon "	"	Jan. 1852
No. 4.	Spring Valley "	"	Feb. 1852
No. 5.	Union Street "	"	June, 1852

Under the circumstances attending the establishment of the first school in 1849—and not less under those attending the re-organization of the schools in 1852, nothing but true zeal and a devotion to their interests could have overcome the difficulties that opposed their progress. Neither of these requisites were wanting on the part of Mr. Pelton, who gave the schools their *first existence*, or those who have succeeded him.

The history of our Public School department is full of interest; but the facts and circumstances connected therewith being within the recollection of most of our present citizens, no more than a cursory glance will be expected from us to *complete* this sketch, which up to this time has been dwelt upon somewhat in detail.

RESOURCES.

Our Public Schools are supported partly by a special School-tax, and partly by semi-annual appropriations of State School Funds. The School-tax this year is 35 cents on each $100 of assessment. From this source about $100,000 *should* be realized annually. The appropriations from State funds now amount annually to about $15,000. These united sources, therefore, should yield an annual fund of about $100,000.

The following comprises a list of the Public Schools, as at present organized. Much improvement, in the way of building school-houses and the reorganization of several schools, is anticipated during the present year.

SAN FRANCISCO HIGH SCHOOL.

Situated (temporarily) Powell Street, between Clay and Sacramento streets. Principal, E. H.

THE TEACHERS.

In our Public Schools, as a general rule, there have been such teachers as have given character to their schools and to the department, and dignity to their profession.

THE CHILDREN.

It has always been claimed by the friends of our Public Schools, that, in general intelligence, capacity and talent, the pupils found in them were unequaled by those to be met elsewhere, in this or any other State. The recent examinations were auspicious occasions for the pupils of the Public Schools of this city. By the very large number of ladies and gentlemen who gave themselves the pleasure of listening to and witnessing those interesting rehearsals, it was conceded that the pupils are not only all that has been claimed for them, but, without dissent, it was acknowledged that no better schools are to be found in the city, or in fact *desired*, than are our Public Schools as they are or as they *may be* conducted.

We cannot do better in expressing our ideas of the children generally of the Public Schools as they have appeared to us in our recent visits, than to quote the following remark upon the subject recently made by a careful observer and experienced teacher. She says:—"One peculiar feature to be marked in the children attending these schools is their healthful appearance. Their robust proportions, clear complexions, and excess of animal spirits, give full evidence that the bracing climate of San Francisco is highly favorable to the growth and development of the physical nature of children; and, if properly trained, the mind, from very sympathy, must be susceptible of large culture, giving fair promise for the future of California. Perhaps in no city in any part of the world are there children brought together with such diversity of habits, creeds, thoughts and feelings, but with the ready adaptation and quick assimilation of childhood these destructive traits gradually pass away; they catch the impress of the prevailing tone, and when they enter upon the responsible duties of life, will prove themselves Americans in heart and Americans in action. All ranks in society send their children to these schools; hence, if for no other reason, they should be exalted to the highest point of excellence, that the rich and poor may alike draw their intellectual sustenance from the same fountain. How important, then, that the teachers should be experienced, competent and responsible, that the instruction imparted be solid and practical, and that morality and refinement here find a place."

INDUSTRIAL SCHOOL.

The Industrial School or House of Refuge for Juvenile Delinquents of the city and county of San Francisco, instituted by act of the Legislature in April, 1858, is situate about seven miles south of the City Hall, and on the Ocean House Road. This department consists of a President, Vice-President, and fifteen Managers (six of whom are elected annually, to hold office for two years, and until their successors are elected and qualified, and three are appointed by the Supervisors out of their own board); Life Members, who have paid $100; Yearly Members, who have paid $10; Secretary, Treasurer, Superintendent, Deputy Superintendent, Teacher and Matron.

The offspring of a noble benevolence on the part of the business men and citizens of San Francisco, its purposes are declared solely to be "the detention, management, reformation, education and maintenance of such children as shall be committed or surrendered thereto." It may receive vagrants living an idle or dissolute life, under the age of 18 years; or children under 14, who on being tried before the Police Judge or Court of Sessions, shall have been found to have done an act, which if done by a person of full age would be a crime or misdemeanor. Boys and girls may, also, on application to and private examination before the Police Judge in chambers, become inmates of and receive all the benefits to be derived from this institution. All children received into it may be placed to such employments, and may receive such school instruction as is suited to their capacity, and they may, with their own consent, be apprenticed to learn such trades and employments as will conduce to their welfare.

It is supported by membership payments, private contributions and a subsistence fund of $1,000 per month from the city and county. Its Educational Department is sustained out of the School Fund of the city and county of San Francisco.

It was inaugurated 17th May, 1859, in presence of the Board of Managers of the institution; Mr. Janes, the Superintendent of Public Schools; the Board of Supervisors; Judge Coon, of the Police Court; Rev. Dr. Anderson; Reporters of the local papers, and a numerous attendance of

the most respectable citizens. At 12 M., President Selby called the Board to order. Rev. Dr. Anderson opened the meeting with prayer. Hon. Wm. Blanding announced the due completion of the building set apart as an Industrlal School.

The President then read his report of the proceedings of the department for the preceding year. Col. J. B. Crockett followed, in an eloquent inaugural address, setting forth the history and the objects of the institution.

The inaugural ceremonies were closed with a benediction by the Rev. Dr. Anderson. A collation followed, and terminated "*the event of the day.*"

The first set of officers of the Industrial School Department were—President, Thos. H. Selby; Vice-President, Eugene L. Sullivan; Managers, for 1858 and 1860: Charles L. Taylor, Peter Donahue, Robt. B. Woodward, John Archbald; Managers, 1858–'59: William Blanding, Fred. A. Woodworth, S. Pillsbury, James De Fremery, John F. O'Connor, James B. Roberts, E. H. Washburn, who succeeded C.W. Bond, resigned; added from the Board of Supervisors: Wm. A. Darling, Thomas Tennent, N. C. Lane; Treasurer, Wm. H. Tillinghast; Secretary, James S. Thomson. The above were elected June 7, 1858. The officers elected June 5, 1859, were—President, Joseph B. Leonard; Vice-President, James B. Roberts; Managers, for 1859–'60: Jno. Archbald, Peter Donahue, Charles H. Raymond, M. D., Ira P. Rankin, Charles L. Taylor and Robert B. Woodward; for 1859–'61: Wm. Blanding, Mark Brumagim, Oliver B. Jennings, Asa C. Nichols, Gustave Touchard, Frederick A. Woodworth; Treasurer, John P. Buckley; Secretary, James S. Thomson; Superintendent, Frederick Hennell; Deputy Superintendent and Teacher, Geo. H. Peck; added from the Board of Supervisors: Wm. A. Darling, Thomas Tennent and Nathaniel C. Lane.

On 3d May, 1859, Capt. Frederick Hennell was elected Superintendent; and on the 17th of May, Geo. H. Peck, a Pioneer Public School teacher in California, was appointed Deputy Superintendent and Teacher.

The institution is located on the House of Refuge Lot, which contains over 100 acres of farming land.

We are indebted to the *Alta* newspaper for the following description of the premises:—

"The edifice is a brick of two stories, besides the basement. It consists of a main building, and for the present has only one wing, and is about 150 feet in its whole length. In the location of the site and plan of the structure good judgment and taste has been displayed. The main buildihg has a fine, light and airy basement, which latter is divided into apartments for cooking, storage and other similar purposes. On the next floor are the room of the Board of Managers, office, parlor, sitting-room, etc., of the Superintendent. The upper story is divided into apartments for various officers of the institution. Adjoining the main building, and extending southward, is that portion of the structure devoted to confining, governing and schooling those sentenced to it. This section of the building is lighted on eirher side by long windows, extending nearly the whole hight of the walls, strongly grated on the inside. Inside the outer walls, is a middle building, in which are the cells or dormitories, leaving a court-yard extending around the whole, and some 15 feet in width. There are 48 cells (calculated for that number ofoccupants) distributed in three tiers or stories. The cells have been constructed with a view to safe keeping, but a due regard to the health and comfort of those who are to occupy them has been observed. They are well ventilated and lighted, and each one is supplied with a comfortable bed. They are eight feet high each, and have a floor surface of six by eight feet. The court on the east side is the school-room. At the extreme southern end is another building, two stories high, containing the hospital, bed rooms for attachés, wash and bathing rooms, etc. The building is admirably lighted and ventilated, and a plenty of water is distributed to every part of it."

June 1st, 1859, 15 juveniles, consisting of one girl and nine boys, had been received into the establishment. Nearly the whole of these had voluntarily applied to Judge Coon in chambers. and were adjudged by that gentleman to be proper subjects to receive the benefits of this asylum.

The Industrial School for Juvenile Delinquents is calculated to confer a large amount of benefit upon this community. If it shall have proper facilities to sustain, to encourage and to assist it in its pioneer steps, and due exertion and prudence are put forth in its management, it is expected that it will prove an invaluable benefit to the State, and a blessing to multitudes of the erring and vicious children of the Commonwealth.

An omnibus leaves the Plaza, corner of Clay

and Kearny streets, for the House of Refuge daily, at 10 A. M.; leaves the House of Refuge for City Hall daily, at 2 P. M. Fare 50 cents.

SAINT IGNATIUS COLLEGE.

Organized as a day school on the 15th October, 1855, and chartered as an incorporated college on the 30th April, 1859, under the direction of the R. R. Fathers of the Society of Jesus. The average attendance during the current session, is 65 pupils. Ancient and modern languages, with the higher classical studies, are taught as in other graduating institutions. There are at present, seven professors. Rev. A. Maraschi, S. J., who is at the head of the establishment, is also general agent for Santa Clara College, Santa Clara, California. A large structure for the better accommodation of the pupils, is in contemplation. This is the first college ever chartered in the city of San Francisco. Location, Market Street near Stockton.

UNIVERSITY OF THE PACIFIC.

Medical Department. — Faculty: J. Morison, M. D., Professor of Pathology and of the Principles and Practice of Medicine; Isaac Rowell, M. D., Professor of Chemistry; R. Beverly Cole, M. D., Professor of Physiology and of Obstetrics and Diseases of Women and Children; E. S. Cooper, M. D., Professor of Anatomy and Surgery; B. R. Carman, M. D., Professor of Materia Medica; Hon. Geo. Barstow, Professor of Medical Jurisprudence.

This medical college is established upon a firm basis, and has already a larger class than similar institutions have generally had for the first session in the older States. The college has six professorships, and lectures are being given with the greatest degree of regularity.

San Francisco has several advantages over any other city in the United States for the permanent establishment of a flourishing Medical College. Its climate is equally adapted to dissections at all seasons of the year, giving the student an advantage in that respect which cannot be enjoyed at any other place on the globe.

There is probably no city of the size of San Francisco in which the same number of important surgical operations are constantly being performed, which is an important feature, and calculated to advance the interests of medical teaching here. The habits and avocations of our people are such that there is an immense preponderance of casualties, giving rise to the necessity for the performance of surgical operations over other regions of the United States, with the same population. And the medical gentlemen constituting the faculty of this new Medical College appear resolved to make the best use of all the advantages which nature and circumstances have offered in favor of medical teaching in this city.

PRIVATE SCHOOLS.

San Francisco is not only fortunate in the possession of her excellent Public Schools, and in the enjoyment of their blessings, but she has also many flourishing *private* institutions of a deservedly high character. We note the following which have come under our notice:

SAN FRANCISCO COLLEGE.

Commenced in March, 1854, as the Trinity High School, and was in June of this year organized on its present basis, supplying the necessity of an institution where an University education can be obtained, contiguous to the city, free from any sectarian associations. The College, College Hall and College School are situated on Bush between Mason and Taylor streets, on a planked road, easy of access from the city, on an eminence commanding an extensive view of the surrounding country. The dwelling-house is commodious, affording ample accommodation for such students as board at the college, with suitable conveniences and comforts. A play-ground inclosing two fifty-vara lots, is attached to the college, with gymnasium for senior and junior pupils. The academical year consists of one session, commencing on the 1st of August, and lasting until the 30th of June. There is a recess of a fortnight at Christmas; also, a week at Easter. The summer vacation takes place in the month of July. The annual examination and exhibition take place every Christmas. There are never less than 80 students in attendance. The course of studies in the several divisions includes the ordinary English branches, Latin, Greek, modern languages, mathematics, drawing, painting, music, etc. There is a well-selected library, and the most complete set of philosophical apparatus in the State, and one of the globes is seven and a half feet in diameter. The whole is under the direction of the Rev. John Chittenden, of St. John's College, Cambridge, England, and of University College, London; A. S. Lowndes, of Oxford University, England; with other professors from the continent for the foreign languages, and others for music, etc. Terms of tuition, with board, are from $30 to $35 per month; without board, from $7½ to $15 per month, payable, the

former three months, the latter one month in advance.

ST. MARY'S HALL.

Under the care and management of Rev. Dr. Ver Mehr and lady. Situated corner of Bush and Taylor streets. Few schools of this class sustain a higher character for the thorough and finished education given those attending, and the high moral influence imparted to all connected with the institution, than does the school in question.

The course of study includes all those common English and advanced branches necessary to a complete system of education; also, drawing, painting, music, etc.; and for the practical acquisition of modern languages, this institute may be especially recommended.

The institute is essentially a boarding-school, and offers a desirable home indeed for young ladies absent from the parental roof.

SAN FRANCISCO FEMALE INSTITUTE.

In charge of Mrs. M. B. Swedenstierna. This school was opened with the express design of establishing in San Francisco a permanent institution, where advantages for a thorough and complete education should remove all necessity or desire, on the part of parents, for sending their daughters to any Eastern school. It has been in successful operation since the early part of 1855. Under the experienced Principal, aided by the well qualified instructors in the several branches, a finished female education can be here obtained.

HEBREW SCHOOL.

At the Emanuel Synagogue, Broadway, between Powell and Mason streets, a school is taught. One hundred pupils in attendance. Mr. Levy, Principal. There is also a school at the Synagogue of the Sherith Israel, Stockton Street, near Broadway. Rev. H. A. Henry, Principal. About 30 pupils in attendance.

Beside the schools, public and private, that we have enumerated, there are a number of others—male and female, Catholic and Protestant—of which we can furnish no particulars; as their conductors have either failed to respond to our inquiries, or we have overlooked them. But the facts shown demonstrate conclusively, that while the facilities for obtaining a finished classical education in San Francisco are second to but few cities in the Union, the means afforded for good common school instruction are superior to most.

Religious and Benevolent Societies.

The number of these associations has continued to increase during the year just passed. The liberal spirit manifested by our citizens towards these important public institutions, evince a noble and proper appreciation of the efforts of the directors in relieving the destitute and the needy. The numerous list of associations of this character to be found in the Appendix, and the operations of each therein detailed, are the best evidences of their efficiency and the fidelity of those benevolent citizens under whose superintendence they are placed.

SUNDAY SCHOOLS.

The Sabbath Schools connected with the different churches are in a prosperous condition. We are indebted to the courtesy of J. F. Lamdin, Esq., the Secretary, for the following statement of the operations of the

San Francisco Sabbath School Union. — The Union was re-organized May, 1857.

The anniversary was held on the 12th June, 1859, at the Calvary Church, when reports were read by the Secretary from the different schools, showing them to be in a very encouraging state A number of conversions had taken place during the year, and a religious feeling pervading the schools which gave promise of a still more encouraging result from the labors of the ensuing year. But few deaths were reported to have occurred in all the schools the past year, which was a cause sufficient to call forth the liveliest emotions of gratitude to Him who is the Author of all good. The following schools compose the Union:

Officers 1859-'60 — President, A. B. Forbes; Vice-Presidents, Dr. F. Knox, John Burns, Jr. and Henry J. Wells; Secretary and Treasurer, John McKee; Directors, the Superintendents of the different Sunday Schools composing the Union.

Pilgrim Sunday School.—Connected with the First Unitarian Society; Stockton between Clay and Sacramento streets. Organized August 13, 1853. Services commences quarter before one o'clock P. M. *Officers*—Superintendent, Samuel H. Lloyd: Assistant Superintendents, John G. Dawes, Julia A. Austin; Treasurer, H. Kimball; Librarian, W. Ayer, M. D.; Average attendance of Pupils, 120 males, 127 females; Teachers, 43: Total, 290; Number of volumes in Library, 2,025. The school is under the government of the P. S. S. Teachers' association organized May, 1854, which holds its meetings semi-monthly.

Grace Church Parish Sunday School.— Corner of Powell and Jackson. *Officers* — Superintendent, Stephen Smith; Librarian, L. R. Townsend; Assistant Librarian, H. Mathews; 2d Assitant Librarian, S. Smith, Jr. Number of Volumes, 800; Number of Pupils, 180; Teachers, 23: Total, 203.

HOME FOR THE INEBRIATE.

The Dashaway Temperance Association have determined to establish an asylum for inebriates, where they can be taken, cured of the habit and induced to join the association; to carry out which they have elected the following officers: President, James E. Wainwright; Treasurer, M. R. Roberts; Secretary, W. H. Jones; Managers, F. E. R. Whitney, J. E. Wainwright, W. H. Jones, J. B. Urmy, M. Hall, Jr., R. W. Heath, Capt. M. R. Roberts and James Donahue, the three latter are taken from the citizens at large not members of the association. They will select a location as soon as a suitable building can be obtained, when the commencement of a work will be witnessed that will no doubt terminate in the most beneficial results.

MASONS AND ODD FELLOWS.

The different associations connected with the Masonic Fraternity and the I. O. of Odd Fellows, are represented to be in a very prosperous state. The Fraternity of F. and A. M. have dispensed, during the year 1857, up to the 1st of December, the sum of $3,000. The sum dispensed by individual Lodges during the same period, amounted to $1,500. The Board of Relief are at present contributing to the support of five widows and fourteen orphans of deceased members.

In the dispensing of charities, each Lodge supports its own infirm or indigent members, buries deceased members, and provides for the widows and orphans, and, in addition thereto, contributes to the general relief fund, to be dispensed by the Board of Relief, in aid of members of the Order who are strangers, and in the support of widows and orphans of members.

The amount contributed by the individual Lodges to the Boards of Relief, is ten cents per month for each member, and $5 for each degree conferred.

For list of the different associations and the officers of each, see Appendix, page 393.

Associations, Literary, Protective, etc.

For a description of the different associations, the reader is referred to the Appendix, page 386, in which will be found the officers and operations of each during the past year. The progress made by many of these associations, reflect credit upon the members thereof, and worthy of the liberality so generously exhibited in their support.

FIRE DEPARTMENT.

The Department at present consists of 910 members — divided into 14 engine and three hook-and-ladder companies. For their accommodation there are 17 houses; and for their use, 14 fire-engines, 14 hose carriages and three hook and ladder trucks. There are in the city 61 cisterns, capable of holding 1,641,900 gallons of water—many of them substantially built of brick and cement.

We refer our readers to the Appendix, page 373, for a complete description of the organization of this important branch of the public service, in which will be found a mass of information concerning the different companies, useful to its members, and interesting to every citizen.

SAN FRANCISCO CITY WATER WORKS.

This company, incorporated June 15th, 1857, was organized for the purpose of supplying the city of San Francisco with water. The supply is obtained from a stream which discharges itself into the outer bay, near Point Lobos. It is of the purest quality, being very soft and thoroughly filtered in its passage through the sand hills that are situated between the Mission Dolores and the ocean. The quantity discharged each 24 consecutive hours, from the seemingly diminutive source, is 2,500,000 gallons. This quantity, taking the Philadelphia rate of requirement as a standard —that is to say, 20 gallons to every individual per day, for all purposes incident to an entire community — will give a supply quite sufficient for 125,000 inhabitants; and ample for this city for years to come. From the mouth of this creek the company have built an aqueduct seven miles

in length, which follows along the shore until it reaches North Beach, with a grade of 30 inches to the mile, and affording a velocity of one mile per hour. At North Beach a receiving reservoir has been erected, of the capacity of 2,000,000 of gallons, from which the supply of water is now obtained. The company purpose to erect, immediately, two large reservoirs on Russian Hill, one at an elevation of 125 feet above tide water, of a capacity to hold 6,000,000 gallons; and the other, of an elevation of 250 feet, to hold 2,000,000 gallons. From these reservoirs, mains will be laid to conduct the water to every section of the city, from which lateral branches will take it for general distribution. The company commenced laying pipes in September, 1858, since which time, 40,160 feet have been laid, which is being extended daily. Number of hydrants, for fire purposes, erected, 45. Present cost of works, $300,000. Amount capital stock, $1,500,000. Term of charter, 20 years. Date of introduction of water, September 27, 1858.

Review of Industrial Enterprises.

The Business Directory, published in the present volume, will best exhibit the progress already made in the different branches of mechanical industry in this city. We propose in this review to make a brief reference to a few of the most important branches and to exhibit some very interesting statistics collected during the progress of our labors.

FOUNDRIES, MACHINE SHOPS, ETC.

There is no department of mechanical industry in this city in which more enterprise and energy is exhibited than in the manufacture of machinery and the working of metals generally. There is probably no city of the Union that will bear a comparison to San Francisco in this respect. The number of establishments is estimated at 200, affording employment to about 1,000 persons.

IRON FOUNDRIES.

The number of iron foundries is seven. Aggregate number of persons employed, from 240 to 450.

Union Iron Works.—Mr. Peter Donahue, the proprietor, commenced operations in 1849. These works are the most extensive in the city, covering an area of seven full sized water lots. The buildings are of the most substantial kind, all of brick; consisting of foundry, 50 by 60 feet; one machine shop is 40 by 80 feet, and four stories high; one machine shop, blacksmiths' and boiler shop has just been completed, 46 by 160 feet. Within these buildings are the best tools to be found in the State, consisting of Wentworth's massive drilling and slotting machines, compound planers, one of Z. Coffin's superior lathes, which swings eight feet, and with the pit lathe can turn a pully 22 feet diameter; the length of the lathe is 30 feet. One of Nasmyth's steam hammers is situated in the center of the smith's shop. In addition to the tools enumerated above are lathes, planers, drills and a large riveting machine. The first castings made in this State was at this foundry. The contract for the boilers and engines of the new side wheel steamer Saginaw was awarded by the Hon. Secretary of the Navy to Mr. Donahue, being the first contract for a government steamer on the Pacific coast. The work is now progressing rapidly toward completion. Mr. Donahue gives employment to from 90 to 150 men.

Vulcan Iron Works Co.—Successors to George Gordon & Steen. The Vulcan Iron Works were established in August, 1851, by Gordon & Steen, for the manufacture of steam engines and machinery. In January, 1855, they were converted into a joint stock incorporated company. Present proprietors, T. A. Monkhouse, S. Aitkin, Paul Torquet and Charles R. Steiger, who had been with the concern from its commencement. These works have turned out about 200 engines and 400 boilers, with the machinery of upwards of 300 saw, flour and quartz mills, candle and starch factories, etc. All the hydraulic machinery for raising brick buildings in San Francisco, were invented and made at these works. The number of hands employed varies from 45 to 90. The business averages $770,000 per annum.

Pacific Foundry.—Goddard & Co., proprietors. These works were established on their present location, September, 1850, by Egery & Hinkley. The improvements consisted of a one-story frame building, 50 by 50 feet, in which a general foundry and machine business was transacted. December, 1853, the proprietors purchased the interest of the original owners—erected a three-story building, 30 by 60 feet, and added greatly, by improvements in machinery, etc., to former facilities for meeting the increase of trade. The cupolas, two in number, have a capacity of melting 12 tuns of metal per day. The works employ from 50 to 80 men, and the average annual business is $240,000.

Fulton Foundry.—Hinckley, Worth & Field, proprietors. These works were established by

Worth, Hyde & Field, Sept. 8, 1855, as a machine shop; July 2, 1856, facilities were added for casting metals and changed to present style of firm on the 6th of same month. The works at present keep about 30 hands employed in the different departments.

Albion Foundry.—Spratt & Debrie, proprietors; Pine between Sansome and Montgomery. These works are principally employed in the manufacture of steam engines, grist and quartz mill machinery and castings for house fronts. Number of men employed, 10 to 25.

Shaw's Foundry.—This is a small foundry connected with the Agricultural Implement Manufactory of T. O. Shaw & Co. Sacramento near Davis. Number of men employed, 6 to 10.

Sutter Iron Works.—These works were established on the corner of Folsom and Beale streets January, 1850, by George K. Gluyas, in connection with the International Navigation Company known as the Aspinwall Company. The buildings were not fully completed until September, of the same year, when the works were in full operation and did a very large business. Prior to September, the work that was transacted by this establishment, was, to a great extent, performed in the open air. Number of hands employed, 30.

In addition to the foundries above enumerated, there are numerous smaller establishments engaged in the working of iron, affording employment to a large number of persons.

BOILER WORKS.

The Boiler Works of Messrs. Coffey & Risdon, are engaged in an extensive and increasing business, employing a large number of hands, involving a heavy outlay for labor and materials, the the past year, of $90,000. The worthy proprietors are men of family, settled here as permanent Californians, and deserve, as they will certainly achieve, success. The number of men employed, about 40.

MACHINE SHOPS.

Empire and Keystone Iron Works.— D. Van Pelt, proprietor; 90 and 92 Bush. These works are engaged in the manufacture of iron shutters, vaults, safes, etc. Mr. Van Pelt is owner of the right for this State and Oregon, for the patent, self-regulating wind-mill, invented by F. G. Johnson, a valuable and important assistant for farmers, miners, etc. Number of men employed at these work, 15.

San Francisco Steam Engine and Machine Works.—Devoe & Co. proprietors; south-west corner Market and Fremont. A large number of steam engines are annually manufactured at these works; also, light machinery of every description. Number of men employed, from 10 to 20.

Eureka Works.—William McKibbin, proprietor; Pine between Sansome and Montgomery. This establishment manufactures iron stairs, shutters, railings and house work of every description. The celebrated Eureka Key and Clamp Bridge is also manufactured by Mr. McKibbin. Number of men employed, 10.

Phœnix Works.—Kittredge & Fraser, proprietors; Battery near Pacific. These works annually manufacture large quantities of fire-proof doors, shutters, gratings and house-work generally. Number of men employed, from 15 to 20.

Pracy's Machine Works.—Market near Second. Employed in the manufacture of steam engines, quartz and grist mill machinery, printing presses and machinery in general. Number of men employed, from 10 to 20.

There are numerous other establishments engaged in the working of metals, viz: blacksmith shops, 45; brass foundries, 5; carriage and wagon smiths, 25; tinsmiths, 48; coppersmiths, 12 — exclusive of those employed in the precious metals.

CALIFORNIA METALLURGICAL WORKS.

The California Metallurgical Works, cor Harris and Brannan, have been in successful operation during the last three years. They are both extensive and admirably adapted for the assaying of different descriptions of ore, and especially for the extraction of gold from the tailings of quartz mills. During the first 15 months that these works were in operation, but one furnace was used; during the succeeding three months, two were employed. The aggregate amount of gold extracted from quartz tailings and ores, during this period, is $150,000. The whole of this sum may be considered clear gain, and as two-thirds, or $100,000, were paid to the owners of quartz leads, who have invested their money, as a general thing, in this State, the item becomes of considerable importance. About $50,000 have been taken from sweepings, polishings, cinders from assay offices, etc.; and of this amount two-thirds or $33,333, have been paid to the parties from whom the material was obtained. The entire cost of these works is $150,000, and they furnish employment to 16 persons. The agents are Messrs. Wass, Uznay & Co.

In addition to the Eureka Refinery and the Metallurgical Works, there are five other estab-

lishments for the refining and assaying of gold, silver, etc. The offices of G. W. Bell, Henry Hentsch and Kellogg & Humbert, are very extensive and capable of transacting a large amount of business.

REFINING OF GOLD AND SILVER.

The Gold and Silver Refinery is located on Brannan near Harris. The refinery, a substantial brick structure, is one story in hight, and 60 feet in width by 130 in length, together with the various implements in use, represent a permanently invested capital of about $60,000. Employment is furnished to an average of from 25 to 30 persons. Operations were commenced at the refinery on the 14th of March, 1858, and continued until August 8th, when they were temporarily suspended. Since that time the facilities have been greatly increased, and in August next the business will be resumed. The refinery has a capacity equal to the refining of 20,000 ounces of gold per day, or, at $17 per ounce, $340,000. The amount refined during the period it was in operation was equal to $15,000,000. E. Justh is the proprietor. A laudable feature of the management of this establishment is, that all gold deposited is returned in American coin, as the refined gold is coined at the Branch Mint at San Francisco. By the operations of this refinery, two considerable items were saved to the State, viz., the value of the sulphate of copper (important for agricultural purposes) annually produced, and the consumption of sulphuric acid, which is manufactured from native sulphur at San Francisco; the first amounting to $100,000, and the latter to over $35,000 annually.

CHEMICALS.

The San Francisco Chemical Works are located near Mission Dolores; Farmer, Chase & Co. proprietors. These works have been successfully employed for the last three years in the manufacture of acids. The average number of persons employed is 14, and the amount of acids disposed of during the past year amounted to over $100,000.

The Chemical Laboratory of J. Mosheimer & Co., Bryant Street, near South Park, is employed in the assaying of ores and minerals of every description.

CORDAGE AND OAKUM.

The San Francisco Cordage and Oakum Factory, located at the Potrero. This enterprise commenced in April, 1856, by Messrs. Flint, Peabody & Co., and Messrs. Tubbs & Co., since which time the operations of the company have been successful. The buildings connected with the works are of the most extensive and permanent character. The main structure, occupied as a rope-walk is 1,000 feet in length, and the spinning factory is 100 by 40 feet in length. The consumption of raw material is about 4,000 pounds of hemp and 3,000 pounds of oakum per day, which is obtained from Manila, and arrangements have been completed for regular shipments thereof, until California shall be able to furnish the same from the products of her own soil. Office of these works, 139 Front. The enterprising proprietors of this establishment are now engaged in the manufacture of cordage from California grown hemp. The specimens exhibited at the last Mechanics' Fair will favorably compare with the imported article. They have also made arrangements for the importation of seed, for the production in this State of a sufficient quantity of the raw material to supply the demands for home consumption.

THE REFINING OF SUGAR.

The San Francisco Sugar Refinery is owned by a company of San Francisco and New York merchants organized by the Legislature of the State. The works of the company are located at San Francisco, corner Price and Harrison; they are of the most extensive character, and of a capacity sufficient to supply the entire consumption of sugar in this State. The main building is 75 feet in width by 122 in length, and five stories high. Several small buildings are attached, for the prosecution of the different branches connected with the refinery. The entire premises cover an area of 412 by 275 feet. The raw material consumed at these works is obtained from Manila, Batavia and other islands in the Pacific, and a line of clipper barks is now employed in maintaining a regular supply, to meet the requirements of the company. It is estimated that 400 tuns of sugar and 20,000 gallons of syrup per month can be manufactured at these works. The number of hands employed is 150. Cost of buildings and grounds, $100,000.

The California Sugar Refinery, located Battery near Broadway, erected at an expense of $60,000 are extensive and admirably adapted to the purposes to which they are appropriated. Capacity, per month, 500,000 pounds.

WOOLEN GOODS.

The extensive growth of wool in this State, and the demand existing on this coast for goods

manufactured therefrom, have engaged the attention of an association of capitalists, who have made the necessary arrangements for the early construction of a manufactory for the production of blankets and other woolen goods, to be of a capacity sufficient to supply the demand for home consumption and our export trade. This movement is but one of the many evidences to be seen in almost every section of the State, of the rapid advancement of our manufacturing interests; and it is to be desired that the projectors thereof will meet with a success commensurate with the importance of the enterprise in which they are engaged.

FURNITURE.

One of the most important branches of California industry is the manufacture of furniture. Heretofore, large amounts of money have been monthly remitted East and to Europe, for the payment of the heavy importations of furniture that were required to meet the demand occasioned by the influx of a large population and the rapid growth of the State. By the exertions of our enterprising mechanics, a large portion of this trade will henceforth be secured to this State. The pioneers and the most prominent of those engaged in effecting this result, is the house of J. G. Clark & Co., 128 Washington Street, to whom great credit is also due for the rapid development of this branch of our home productions. The manufactory of these gentlemen is of the most extensive character, comprising all the various departments necessary to transform the roughest material into the most elegant and finished articles of domestic utility. A large proportion of the finest furniture sold by this extensive firm is manufactured at their establishment, and as specimens of workmanship, they will favorably compare with the most costly manufactured at the east. There are several specimens of wood grown in this State and on this coast, that are suitable for manufacturing purposes, and considerable quantities thereof, are annually consumed in the operations of this establishment. The number of men employed is 30.

The extensive establishment of J. Peirce, 115 and 117 California Street, is also well supplied with an extensive assortment of furniture of their own manufacture and of eastern importation.

AGRICULTURAL IMPLEMENTS.

The extensive establishment of T. Ogg Shaw & Co. on Sacramento near Davis, for the manufacture of a variety of agricultural implements, including several of California invention, has been for some months in successful operation. There is probably no State in the Union in which a greater demand for labor-saving machinery exists than in this, and the enterprising proprietors have therefore, an extensive field for their exertions. The number of men employed is 25.

CAMPHENE AND OIL.

There are seven establishments engaged in the manufacture of camphene and the refining of oil, the aggregate capacity of which is estimated at over 50,000 gallons per month. The works of A. C. Dietz & Co., located on Natoma Street, is one of the largest and most complete; its capacity is 800 gallons per day. Over 75,000 gallons of camphene were manufactured at this establishment during the year 1858.

FLOUR MILLS.

The number of flour mills is ten; the aggregate capacity of which, is nearly 1,000 barrels of flour per day. The most extensive of these mills are the Eureka, located at North Beach, at present closed, and the New Genessee Mills, owned by Kennedy & Hopkins.

RICE MILLS.

The number of mills engaged in the cleansing of rice, coffee, etc., is two. The Oriental Mills, owned by Henry Baker & Co., located on Fremont Street, have a capacity of cleaning and polishing from 50,000 to 100,000 pounds per day.

SAW MILLS.

There are four Steam Saw Mills at present in operation in this city, with an aggregate of 18 saws and a capacity of 8,000,000 feet of lumber per annum, and employing 45 men. Attached to these mills, are manufactories for the production of sashes, doors, packing boxes, etc.; and one of these mills (Chace's) has connected with it, machinery for making barrels, with a capacity for 250 per day.

BREWERIES.

The number of Breweries in the city is 18; aggregate capacity, over 100,000 gallons per annum, and employing about 100 persons. The new establishment of Holscher, Wieland & Co., the Philadelphia Brewery, situated on Second near Folsom, is the most extensive establishment of the kind on the Pacific coast, and the enterprise displayed by the proprietors, in its completion, is worthy of attention.

PACIFIC MATCH MANUFACTORY.

These works, recently erected by a company of practical workmen, are located on the corner

of Brannan and Johnston streets. The machinery employed is of the most improved construction, and is believed to be of sufficient capacity to supply the entire consumption of matches in this State. The capacity of the works are about 100 gross of matches per day, which can be increased whenever the demand requires it. This establishment is at present closed.

BILLIARD TABLES.

There are eight establishments in this city engaged in the manufactory of billiard tables, affording constant employment to from 40 to 80 persons. The manufactories of Hughes & O'Connor, 182 Montgomery, and J. Strahle & Co. 123 Sacramento, are the most extensive. The first named firm are the agents for this coast for M. Phelan's improved tables and his patent combination cushion.

MACARONI AND VERMICELLI.

There are two establishments engaged in this city in the manufacture of these valuable articles of food, large quantites of which are annually shipped to the different ports of the Pacific. The house of Meuli, Schulthess & Co. 174 Mission constantly employ several persons in their extensive business.

Interesting Statistics.

The following interesting statistics have been compiled from the "Business Directory" of the present volume:—Number of attorneys in San Francisco, 271; physicians, 169; commission-merchants, 320; hotels, boarding and lodging-houses, 286; cigar dealers, 130; carpenter shops, 75; dry goods establishments, 117; fruit dealers, 72; grocers, 328; hair-dressing saloons, 60; bakeries, 63; breweries, 18; butchers and markets, 125; furniture and bedding, 70; clothing, including tailors and drapers, 256; restaurants, 66; watchmakers and jewelers, 50; wood and coal yards, 65; upholsterers and paper-hangers, 30; bathing-houses, 14; brokers, 150; cooper shops, 33; hardware-dealers, 32; lumber-dealers, 32; millinery stores, 43; painters, 50; dress-making establishments, 56; stoves and tinware dealers, 51; agricultural stores, 14; apothecaries and druggists, 21; assay establishments, 8; auctioneers, 20; bankers, 16; billiard table makers, 9; cabinet-makers, 21; camphene distilleries, 7; confectioners, 16; daguerreian galleries, 14; dyeing establishments, 4; gunsmiths, 14; harness and saddlery, 19; hatters, 16; printing-offices, 13; produce-dealers, 70. The Business Directory will furnish reliable information of the different trades and professions not included here, to which the attention of the reader is invited.

LIQUOR DEALERS.

It is estimated that there are nearly 800 establishments in San Francisco at which liquors are sold, viz.: wholesale, 90; retail, (saloons) 399; hotels, 25; groceries where liquors are sold, 200; billiard saloons, 14. These figures do not include commission-merchants and brokers, who deal more or less in the article.

SHIP BUILDING.

This branch of mechanical industry, although in its infancy in this State, is gradually assuming an important feature in the business of this city. There are at present several extensive firms profitably engaged, employing a large number of persons. During the past season, several steamers and sailing ships were constructed, and at the present time there are three steamers and several sailing vessels on the stocks intended for the bay and river trade.

THE PRESS.

There are 36 different newspaper and periodical publications issued from this city, of which 15 are daily, 16 weekly, 3 monthly, 1 quarterly and 1 annually. Of the dailies 6 issue weeklies and 3 steamer editions, in addition to their regular issues, making an aggregate of 44 different papers. Published in foreign languages, 9, viz., French, 5; German, 2; Spanish, 1; and Italian 1. Of the wecklies 5 are devoted to religion and 1 to agriculture. Of the monthlies, 2 are devoted to literature and 1 to agriculture. Since the list of newspapers on p. 396 was compiled, a new French paper, *Le Mineur*, under the editorial management of D. Frick, has made its appearance, and the *Vox Populi* has been discontinued.

HAZARD POWDER MAGAZINE.

The Hazard Gunpowder Company, through their agent, Mr. E. H. Parker, of this city, have completed a magazine situated on the bay, midway between Rincon and Hunter's points. The building is of the most substantial character, is 50 feet long by 30 feet wide, and two stories in hight. The capacity of the magazine is about 750,000 pounds, or nearly 400 tuns. Besides the qualities of powder used by government, and by ships and sportsmen, a vast amount is used in California for blasting operations, and it is therefore an article of great importance to the country. Its dangerous character, however, makes it a

very unfit article to be kept in the city in any great quantity.

OUR WINE VAULTS.

The sales of native wine in this State are increasing very rapidly. The firms of Sainsevaine & Brother, and Kohler and Co., of this city, are extensively engaged in the trade. The wine cellars of Kohler and Co. under the Montgomery Block, contain over 70,000 gallons, and the new vault of Sainsevain & Brother, is of a capacity to contain over 600 pipes.

The vault of Messrs. Sainsevain, is located on Mission Street near Third. It is 160 feet in length by 50 feet in width. There is now stored therein, over 100,000 bottles of "Sparkling California" and 400 pipes of assorted wines. When fully completed there will be connected with the vault, several large vats of a capacity of 1,500 gallons each and a steam saw mill for the manufacture of boxes for packing the wine.

SEWING MACHINES.

There are several depots in the city for the sale of the different styles of Sewing Machines. The new pattern of Wheeler & Wilson's, is warmly recommended by numerous families, in this city, who have tested its working qualities. Mrs. E. Oakes Smith, in referring to the advantage of this pattern says:

"I have never had a needle broken in its use, nor has it in the least become disordered—notwithstanding that I have allowed several persons to learn upon it, and all kinds of household work have been executed thereon; indeed, fine muslins and heavy broadcloths have tested not only its delicacy but its strength, also.

Second—the work does not *rip*, and every housekeeper can appreciate that quality. The work is what is called stitching, and I find it much more elegant than a common hem for all needle purposes. It gives a handsome finish to the tucks and hems of skirts, while, in shirt-making, no work done by the hand can compare with that executed upon the sewing machine. No woman's eyes or fingers can execute work with an equal precision and finish.

Third—it is a vast saving, not only of nerves and patience, but of time also. The machine is equal to the labor of nine or ten persons. One individual can sit profitably at the machine and do that proportion of the work."

H. C. Hayden corner of Montgomery and Sacramento, is the agent for the State.

The machines of Grover & Baker, have also obtained a wide reputation for their admirable working qualities. "The simplicity of their construction, the facility of their use, and strength of their work, are strong recommendations. They are coming into very general use, and are greatly approved by the ladies. It is a most admirable invention, and reflects great credit upon the ingenious men who have made the machine so perfect in all its parts." R. G. Brown, 113 Montgomery, is the agent for these machines.

MARKET STREET RAILROAD.

Operations on this important work have recently been conducted with considerable vigor, and from present appearances it will not be many months before the line will be entirely completed. "This work is of vast importance to the future growth and prosperity of San Francisco, and is advancing with a degree of celerity that gives promise of travel by cars being established between the city and the Mission Dolores long before the year 1859 expires. Those of our citizens who have not recently passed over the tract of land lying between Market Street and the Mission, or rather the line of Market Street, according to the official grade, can have little conception of the extent of the work already performed, or the change which in a few weeks will manifest itself in that part of the city. It is generally known that Capt. Thomas Hayes enjoys a grant from the Legislature to construct a line of railroad on Market Street, and that gentleman, we are glad to state, is now energetically engaged in pushing the work forward towards completion. Considered as a means of augmenting the size of the city, the Market Street Railroad is of the first moment. On every side lie building lots suitable for the residences of the merchant, mechanic, and those of the humblest vocations. Heretofore the lack of means of ready and rapid access to the locality has been a barrier which prevented houses being erected, and the tract becoming what it is well calculated to be—the favorite and most desirable quarter of the city for the habitations of our citizens. This obstacle is now quickly disappearing, and the next two or three years are certain to bring about a change in the valley of a very important character. In New York and elsewhere, the operations of railroads through the heart of cities to their environs, have done more than anything else to increase their prosperity and stimulate the erection of dwellings. Real estate has been made more valuable, and the comfort and health of the inhabitants advanced in a remarkable manner. These results, so widely known and appreciated in the Atlantic States, are certain to follow in this city, from the construction of the Market Street Railroad."

JUST PUBLISHED.

THE CALIFORNIA STATE REGISTER

And YEAR BOOK OF FACTS, for 1859.

Second Year of Publication. One Vol. 12 mo. 400 pp. PRICE, half-morocco, $3; paper covers, $2.50.

Containing, in addition to the useful and valuable Tables comprised in the first Volume,

AN ESSAY ON THE CLIMATE AND CLIMATOLOGY OF CALIFORNIA;

AN ABSTRACT OF GENERAL LAWS enacted by THE SESSION OF THE LEGISLATURE—1858;

And many new and attractive features—the Volume exhibiting at a glance,

THE PROGRESS AND PRESENT CONDITION OF CALIFORNIA.

"The plan of the REGISTER is to embrace in each Volume full and reliable statistics, concerning each branch of the resources of the State, and a complete exhibit of the finances thereof, including the different County and Municipal Organizations, carefully prepared and arranged, from information received through official or other reliable sources. The Agricultural, the Mining, the Commercial, the Mechanical and the Manufacturing Interests, shall each receive such attention as will best illustrate their character, importance and extent.

The REGISTER will also contain such data connected with the operations of the different departments of Government, Federal and State, as will be consistent with its general plan, together with the names of the officers in charge thereof, and such reference to the history and progress of the different States as may prove attractive to its pages."

HENRY G. LANGLEY & CO., Publishers, 144 Washington Street, San Francisco.

APPENDIX.

THE CONSOLIDATION ACT,

WITH THE AMENDMENTS THERETO.

AN ACT

To repeal the Several Charters of the City of San Francisco, to Establish the Boundaries of the City and County of San Francisco, and to Consolidate the Government thereof.

The People of the State of California,
represented in Senate and Assembly, do enact as follows:

ARTICLE I.

SECTION 1. The corporation, or body politic and corporate, now existing and known as the city of San Francisco, shall remain and continue to be a body politic and corporate, in name and in fact, by the name of the city and county of San Francisco, and by that name shall have perpetual succession, may sue and defend, in all courts and places, and in all matters and proceedings whatever, and may have and may use a common seal, and the same may alter at pleasure, and may purchase, receive, hold and enjoy real and personal property, and sell, convey, mortgage and dispose of the same for the common benefit. The boundaries of the city and county of San Francisco shall be as follows: beginning in the Pacific Ocean, three miles from shore, and on the line (extended) of the United States Survey, separating townships two and three, south, (Mount Diabolo meridian,) and thence running northerly and parallel with the shore so as to be three miles therefrom opposite Seal Rock; thence in the same general direction to a point three miles from shore, and on the northerly side of the entrance to the bay of San Francisco; thence to low water mark on the northerly side of the said entrance, at a point opposite Fort Point; thence following said low water mark to a point due north-west of Golden Rock; thence due south-east to a point within three miles of the natural high-water mark on the eastern shore of the bay of San Francisco; thence in a southerly direction to a point three miles from said eastern shore, and on the line first named, (considered as extending across said bay); and thence along said first named line to the place of beginning. The islands in said bay, known as the Alcatraz and Yerba Buena, and the islands in said ocean, known as the Farallones, shall be attached to and form a part of said city and county. *Provided, however*, That all rights and liabilities of the corporation heretofore and now known as the city of San Francisco, shall survive to, and continue against, the corporations continued by this Act. The district or districts of said city and county, bordering upon the southern line thereof, as heretofore established, shall be extended to the southern line of said city and county, as established in this Act.

SEC. 2. The public buildings, lands and property, all rights of property and rights of action, and all moneys, revenues and income, belonging or appertaining either to

the corporation of the city of San Francisco, or to the county of San Francisco, are hereby declared to be vested in, and to appertain to, the said city and county of San Francisco; and the moneys in the treasury of said city, and in the treasury of said county of San Francisco, and all the revenues and income from whatsoever source arising, including delinquent taxes upon persons and property appertaining to the said city or to the said county, shall be handed over, paid and received into the treasury of the city and county of San Francisco as a part of the General Fund; or where the said moneys, revenues and income, or any part thereof, have been heretofore and still remain set apart and dedicated by lawful authority to the use of a Special Fund, the necessity and objects of which still continue, the same shall continue to be received, held and disbursed for the same use, unless it is otherwise provided in this or some other Act.

SEC. 3. The records, books and papers in the custody of the said City Treasurer, shall be handed over to, and received into, the custody of the Treasurer of the said city and county, and all other books, records and papers of the said corporation, shall be delivered and received into the custody of the Clerk of the Board of Supervisors of said city and county, and shall not be withheld under any claim of a lien thereon for arrears of salary, fees, services or advances, nor under any other pretense whatsoever. Suits and actions may be brought and maintained in the name of the city and county of San Francisco for the recovery of any property, money or thing belonging thereto, or the enforcement of any rights of, or contracts with, said city and county. And from any judgment rendered against the said city and county in any court, an appeal may be taken by the said city and county, where such appeal is allowed by law, without the giving of any appeal bond or undertaking, on complying with the other requisites prescribed by law.

SEC. 4. All the existing provisions of law, defining the powers and duties of county officers, excepting those relating to Supervisors and Boards of Supervisors, so far as the same are not repealed nor altered by the provisions of this Act, shall be considered as applicable to officers of the said city and county of San Francisco, acting or elected under this Act. Provision shall be made from the revenues of the said city and county, for the payment of the legal indebtedness of the former city corporation and of the county of San Francisco. The taxes which may be levied and collected under the provisions of this Act, shall be uniform throughout the said city and county of San Francisco; but in case it should hereafter be found necessary, for the purpose of providing for the said city indebtedness, to increase taxation beyond the rate of the county tax levied upon property in said county of San Francisco, during the year one thousand eight hundred and fifty-five, such increased taxation, over and above the rate aforesaid, shall be levied and assessed exclusively upon the real and personal property situated within the limits defined in the second section of the Act entitled "An Act to Re-Incorporate the City of San Francisco," passed May fifth, one thousand eight hundred and fifty-five, and not upon such property situated without those limits.

SEC. 5. Immediately after the passage of this Act, the present City Attorney, Surveyor-General and C. K. Garrison, shall proceed to lay off the said city and county into twelve convenient districts, equal in population as near as conveniently may be, giving a distinct name to each district, the boundaries of which they shall accurately define by reference to public streets, roads or other permanent monuments, and shall cause a map to be made representing the said districts with their names and boundaries so fixed. The act of said officers establishing said districts, signed by them or a majority of them, shall be recorded in the office of the County Recorder of said city and county, and the original be deposited in the office of the County Clerk, and the map shall be deposited with the said County Surveyor. Each of said districts shall constitute an election precinct.

SEC. 6. There shall be elected, hereafter, for the said city and county of San Francisco, by the qualified electors thereof, at the time and in the mode prescribed by law for the election of State and County officers, a County Judge, who shall hold

his office four years, one President of the Board of Supervisors, a County Clerk, Police Judge, Chief of Police, Sheriff, Recorder, Coroner, Treasurer, Auditor, Tax Collector, Assessor, Surveyor, Superintendent of Common Schools, Superintendent of Public Streets and Highways, District Attorney and one Harbor-Master, who shall respectively continue in office for two years and until their successors shall be elected and qualified; and in and for each of said districts, by the qualified electors thereof, one Supervisor, and one School Director, who shall continue in office two years and until their successors are elected and qualified. There shall be elected at the next general election, and at the general election every year thereafter, by the qualified electors of the city and county of San Francisco, a President of the Board of Supervisors of the city and county of San Francisco, who shall hold his office for one year next after his election and qualification, and until his successor is elected and qualified; and at the next general election, and at the general election every two years thereafter, there shall be elected by the qualified electors in and for the Second, Fourth, Sixth, Eighth, Tenth and Twelfth Districts of the said city and county, each, one Supervisor and one School Director, who shall each, respectively, hold his office for the term of two years from and after his election and qualification, and until his successor be elected and qualified; and at the general election in the year eighteen hundred and fifty-eight, and at the general election every two years thereafter, there shall be elected by the qualified electors in and for the First, Third, Fifth, Seventh, Ninth and Eleventh Districts of said city and county, each, one Supervisor and one School Director, who shall each, respectively, hold his office for the term of two years from and after his election and qualification, and until his successor be elected and qualified. And all vacancies in the office of Supervisor or School Director, where the term of office will not expire at the next ensuing general election, shall be then filled by an election in the proper district for the unexpired term; and for the interval between the happening of any such vacancy and the general election next ensuing, any vacancy in the office of Supervisor shall be filled by appointment by the President of the Board of Supervisors, by and with the advice and consent of a majority of the Supervisors then in office; and any vacancy in the office of School Director shall be filled by appointment by the Superintendent of Common Schools, by and with the advice and consent of a majority of the School Directors then in office; and such appointees shall hold office respectively until the general election next ensuing, and the election and qualification of their successors in office. But no such appointment shall be valid unless the appointee be at the time of his appointment an elector of the district wherein the vacancy occurred. Also one Inspector and two Judges of Elections, who shall hold their offices for one year, and until their successors are elected and qualified; and in all elections for Inspectors and Judges of Elections, each qualified voter shall vote for one Inspector and one Judge of Elections only, and that the person having the highest number of votes for Inspector, shall be declared elected Inspector, and the two having the highest number of votes for Judges shall be the Judges of Elections for the respective districts. There shall also be elected at the general election next preceding the expiration of the terms of the present Justices for the said city and county, six Justices of the Peace and six Constables. For that purpose the Board of Supervisors shall lay off the city and county into six townships, in such manner as not to divide any district in the formation of such township, in each of which townships there shall be elected by the qualified electors thereof, one Justice of the Peace and one Constable, to continue in office two years and until their successors are elected and qualified. The Justices of the Peace so elected shall have jurisdiction co-extensive with the city and county, but shall hold their courts within the townships for which they were chosen respectively. *Provided*, That at the next general election a Constable shall be elected for each of said districts, according to the original provisions of the section hereby amended.

SEC. 7. By the term "qualification of officers," as used in this Act, is to be understood, their having taken the oath of office, given the official bond, where it is

required by law, and complied with all the requisites prescribed by the statutes of this State, to entitle and qualify them to exercise the functions of their offices.

SEC. 8. The Sheriff, Clerk, Recorder, Treasurer, District Attorney, Auditor, Superintendent of Public Streets and Highways, and Dock-Masters of said city and county, shall keep public offices, which must be open, and kept open for the transaction of business, on all judicial days, during the following hours: From March twentieth to September twentieth, from nine A. M. to five P. M.; from September twentieth to March twentieth, from ten A. M. to four P. M. The Board of Supervisors shall have power, and it shall be their duty, to designate the places for keeping the said offices, except the Dock-Masters' office, and to set apart for their use suitable apartments in the City Hall, or other public buildings. The apartments designated for the use of the Treasurer, Auditor and Assessor of said city and county, shall be as nearly contiguous as possible.

SEC. 9. Whenever vacancies occur in any elective office of the said city and county, and provision is not otherwise made in this, or some other Act, for filling the same until the next election, the Board of Supervisors shall appoint a person to discharge the duties of such office, until the next election, when the vacancy shall be filled by election for the term, excepting vacancies in the office of Dock-Masters, which vacancies shall be filled by appointments by the Governor. All person so appointed shall, before entering upon their duties, take the oath of office, and give bond as required by law. But in an action or proceeding where the Sheriff of said city and county is a party, or is interested, or otherwise incapacitated to execute the orders or process therein, the same shall be executed by a suitable person, residing in said city and county, to be appointed by the court, and denominated an "Elisor," who shall give such security as the court in its discretion may require, and shall execute the process and orders in the same manner as the Sheriff is required to execute similar process and orders in other cases.

SEC. 10. The Surveyor, Justices of the Peace and Constables, shall continue to receive for their official services (except from the city and county) such fees and compensation as are now, or may hereafter, be allowed by law, and in addition to such fees and compensation, to be collected from private parties, there shall be allowed to the City and County Surveyor one thousand dollars per annum, which shall be in lieu of all fees or other charges for official services, which would otherwise be a city and county charge. The Assessor shall receive for all services required of him by law a salary, at the rate of four thousand dollars per annum, which salary shall be in full for all services required of him as aforesaid, and for all the contingent expenses of his office, except necessary books; and he shall devote his whole time during office-hours to the business of his office, and shall keep his office open to the public during the same hours provided by law for the City and County Auditor. To assist him in making his assessment he shall be allowed from the first of February, in each year, till the first of May, seven Deputies, and from the first of May until the assessment-roll is finally completed and handed over to the Auditor, he shall be allowed but three deputies, after which time, during the balance of the year, he shall be allowed one Deputy only, except as hereinafter provided. The Deputies aforesaid shall be paid at the rate of one hundred and fifty dollars per month, each. The Assessor shall also be allowed such Deputies as he may require to collect poll-taxes, who shall be allowed for their services only such fees and per centages as may be allowed by law for the collection of poll-taxes; *Provided*, that to assist him in making his assessment, the Assessor shall be allowed for the present year seven Deputies until the first of June, and the Board of Supervisors shall meet as a Board of Equalization at the times, and shall conduct their business as such Board of Equalization in such manner as is provided in the Revenue Laws of this State.

SEC. 11. The following salaries* shall be allowed and paid out of the treasury to the officers named:

* The Act of the Legislature, March 7th, 1859, establishes the salary of the County Clerk at five thousand dollars, Sheriff ten thousand dollars, and the Recorder five thousand dollars, each, per annum, exclusive of the salaries of Deputies.—[COMPILER.

To the President of the Board of Supervisors, three thousand dollars per annum.

To the present County Judge, the salary now fixed by law. To the successors of the present County Judge, five thousand dollars per annum.

To the Auditor, Police Judge, Chief of Police, District Attorney, City and County Attorney, Superintendent of Public Streets and Highways, and Superintendent of Common Schools, four thousand dollars, each, per annum.

To the present Chief Engineer of the Fire Department, the amount now allowed by law. To his successors, four thousand dollars per annum.

To the Secretary of the Board of Delegates of the Fire Department, who shall also discharge the duties of Clerk of the Chief Engineer and Fire Warden, fifteen hundred dollars per annum.

To each of the Bell Ringers of the City Hall bell, not exceeding three, twelve hundred dollars per annum.

To two City and County Interpreters and Translators of Foreign Languages, to be appointed by the County Judge, Police Judge, and President of the Board of Supervisors, if they deem them necessary, twelve hundred dollars per annum, each; subject, however, to be reduced by an order of the Board of Supervisors if they deem such reduction proper.

To the Coroner, four thousand five hundred dollars per annum, which shall be in full compensation for his official services, medical or surgical assistance, and expense of burials which otherwise would be a county charge.

To the Associate Justices of the Court of Sessions, six hundred dollars per annum, each.

To the Treasurer of the city and county, four thousand dollars per annum, besides such fees and commissions as are by law a State charge, or allowable out of the funds in his custody, belonging exclusively to the State Treasury; and to one Deputy of said Treasurer, two thousand dollars per annum.

To the necessary number of Jail Keepers, not exceeding four, to be appointed by the Sheriff, a sum not exceeding fifteen hundred dollars per annum, each, to be paid out of the General Fund, the number and sum within the limits aforesaid, to be determined by the Board of Supervisors.

To the Clerk of the Board of Supervisors, twelve hundred dollars per annum, and the Clerk of the Police Court, twelve hundred dollars per annum.

To the Clerk of the Board of Supervisors in addition to his salary, the compensation allowed by law to the Clerk of the Board of Equalization for official services relating to the collection of poll taxes. He shall also be entitled to receive from the parties at whose instance the service may be performed, (the city and county excepted,) twenty-five cents for administering an oath, twenty-five cents per folio of one hundred words for writing out affidavits, and sixteen cents per folio for certified copies of any records, papers, or documents in his custody.

The Clerk of the Police Court in addition to his salary, shall, on rendering his account to the Auditor, be allowed each month, to retain out of costs legally taxed as clerk's fees, and collected from the defendants, in cases tried in the Police Courts, an amount not exceeding fifty dollars per month.

The District Attorney's fees, taxed as costs in criminal cases, against the defendant, shall be collected and paid into the treasury as a special fund, out of which, and from no other source, the Board of Supervisors may provide for payment of the compensation, (not exceeding twenty-five hundred dollars per annum,) of a Prosecuting Attorney for the Police Court, to be by them appointed during pleasure; the District Attorney, however, not being relieved from the obligation to attend personally in said court, whenever business of importance shall require his assistance. Any surplus arising from said fund, at the end of each year, to be paid into the general fund.

No compensation shall be allowed to Supervisors or School Directors, and no fees or compensation, to be paid out of the city and county treasury, other than those expressly allowed in this Act, shall be allowed or received by any officer of said city

and county, or of any district; nor shall any allowance or provision be made for them, or any of them, at the public expense, beyond the fixed compensation aforesaid, under the name of office rent, fuel, lights, stationery, contingencies, or otherwise, except that the necessary and proper books, stationery, and official blanks, may, at the discretion of the Board of Supervisors, be purchased and supplied for the Police Court, Court of Sessions, Grand Juries, and offices of the County Clerk, County Recorder, Auditor, Treasurer, Assessor, Superintendent of Streets and Highways, and the Board of Supervisors; the expense whereof, when the amount in each particular case shall have been previously authorized and fixed by the Board of Supervisors, may be paid out of the general fund, upon demands upon the treasury, duly audited as provided in this Act. *Provided*, That the total amount of expenditures for all of the aforesaid books, stationery and official blanks, shall not exceed the sum of twenty-five hundred dollars in any one year.

SEC. 12. Neither the Board of Supervisors, the Board of Education, nor any officer of the said city and county, or of any district, shall have any power to contract any debt or liability, in any form whatsoever, against the said city and county; nor shall the people or tax payers, or any property therein, ever be liable to be assessed for, or on account of, any debt or liability hereafter contracted, or supposed, or attempted to be contracted, in contravention of this section.

SEC. 13. Balie Peyton, E. J. Moore, J. B. Crockett, Louis McLane, Jr., and E. R. Carpentier, shall appoint in each of the districts to be erected in said city and county as aforesaid, one Inspector and two Judges of Election, by whom the first election under this Act shall be held. The term of office of all officers elected under this Act, shall commence on the Monday following the day of election, unless otherwise already provided by law.

SEC. 14. All officers of the said city and county must, before they can enter upon their official duties, give bond as required by law. The bonds and sureties of such officers must be approved by the County Judge, Auditor and President of the Board of Supervisors. Where the amount of such official bond is not fixed by law, it shall be fixed by the Board of Supervisors. No banker residing or doing business in said city and county, nor any such bankers, partner, clerk, employé, agent, attorney, father, son, or brother, shall be received as surety for the Treasurer, President of the Board of Supervisors, Sheriff, Auditor, nor any officer having the collection, custody, or disbursement of money. No person can be admitted as surety on any such bond, unless he be worth, in fixed property, including mortgages, situated in said city and county, the amount of his undertaking, over and above all sums for which he is already liable, or in any manner bound, whether as principal, indorser, or security, and whether such prior obligation or liability be conditional or absolute, liquidated or unliquidated, certain or contingent, due or to become due. All persons offered as sureties on official bonds, may be examined on oath touching their qualifications. The official bond of the Auditor shall be filed and kept in the office of the Clerk of said city and county. All other official bonds shall be filed and kept in the office of the Auditor. All officers continued in office, under this Act, shall be required to execute new bonds, conformable to laws heretofore existing, and, in case of default on the part of any officer of doing so within two days after the first meeting of the Board of Supervisors, the said board shall declare his office vacant.

ARTICLE II.

PUBLIC ORDER AND POLICE.

SEC. 15. The Department of Police, of said city and county, shall be under the direction of the Chief of Police, in subjection to the laws of this State, and the rules and regulations, not in conflict therewith, which may be established by competent authority, under the powers granted in this Act. In the suppression of any riot, public tumult, disturbance of the public peace, or organized resistance against the laws, or public authorities, in the lawful exercise of their functions, he shall have all the

powers that now are, or hereafter may be, conferred upon Sheriffs, by the laws of this State, and his lawful orders shall be promptly executed by all Police Officers, Watchmen and Constables, in the said city and county; and every citizen shall also lend him aid, when required, for the arrest of offenders and maintenance of public order.

SEC. 16. The Chief of Police shall keep a public office, which shall be open, and at which he, or in case of his necessary absence, a Captain of Police, or Police Officer by him designated for that purpose, shall be in attendance, at all hours, day and night. In case of his necessary absence from his office, it shall be made known to the Police Officer in attendance where he can be found, if needed, and he shall not absent himself from the city and county, without urgent necessity, and leave obtained, in writing, from the President of the Board of Supervisors, Police Judge and County Judge, or two of them, who shall, at the time of granting the same, appoint a person to act during his absence, with all his powers, duties and obligations. If such absence from the city and county be on any other than business immediately connected with his office, he shall loose his salary for the time of such absence, of which account shall be taken by the Police Judge.

SEC. 17. The Chief of Police shall designate one or more out of the number of police officers to attend constantly upon the Police Judge's Court to execute the orders and process of the said court; he may order to be arrested and to be taken before the Police Judge, any person guilty of a breach of the peace or a violation of the general regulations established by the Board of Supervisors under the authority granted in this Act; he shall supervise and direct the police force of said city and county, and shall observe and cause to be observed, the provisions of this Act and the regulations established by the Board of Supervisors in relation thereto; he shall see that the lawful orders and process, issued by the Police Judge's Court, are promptly executed; and shall exercise such other powers connected with his office as head of police, as may be prescribed in the general regulations adopted by the Board of Supervisors.

SEC. 18. The Chief of Police shall acquaint himself with all the statutes and laws in force in this State, defining public offenses and nuisances, and regulating criminal proceedings, and shall procure and keep in his office the statutes of this State and of the United States, and all necessary elementary works on that subject; he shall give information and advice touching said laws, gratuitously, to all police officers and magistrates asking it.

SEC. 19. The Police Judge throughout the city and county shall have the same powers and jurisdiction, in all cases, as are, or hereafter may be, conferred by law upon Recorders' Courts, and in all criminal cases, in addition thereto, the powers and jurisdiction of a Justice of the Peace; also, jurisdiction of every offense or act, which, by common law is declared to be a misdemeanor, (and for which no punishment is especially prescribed by law,) with power to punish by imprisonment in the county jail or city prison, not exceeding six months, or by a fine not exceeding five hundred dollars, or by both such fine and imprisonment; and he shall also have jurisdiction to try and punish all offenses committed against the rules and regulations established by the Board of Supervisors, in pursuance of the authority granted in this Act, except where it is otherwise provided, and may commit or hold the offender to bail for trial in the proper court, or may try, condemn, or acquit, and carry his judgment into execution, as the case may require, according to law; and shall have power to issue warrants of arrest, subpenas, and all other process necessary to the full and proper exercise of his powers and jurisdiction. All fines imposed by the Police Judge, not exceeding twenty dollars, exclusive of costs, shall be final and without appeal; his court shall be a Court of Record; a clerk shall be appointed therefor by the Board of Supervisors, with a salary of twelve hundred dollars a year, who shall give bond as required by law, and hold his office during the pleasure of the said board.

SEC. 20. Proceedings in the Police Judge's Court, shall be conducted in conformity with the laws regulating proceedings in the Recorder's Court. The said court shall be open daily, Sundays excepted, and may be held by any Justice of the Peace

of the city and county, in case of the temporary absence of the Police Judge or his temporary inability to act from any cause. In case of a vacancy in the office of Police Judge, the Board of Supervisors shall have power to appoint any Justice of the Peace of the said city and county to fill the vacancy until the next election, when the office shall be filled by election for a full term.

SEC. 21. The Clerk of the Police Judge's Court, shall keep a record of its proceedings, issue all process ordered by said court, receive and pay weekly into the treasury of the city and county, all fines imposed by said court, and render to the County Auditor, monthly, and before any amount can be paid him on account of salary or otherwise, an exact and detailed account, upon oath, accompanied with the exhibition of the said record of all fines imposed and moneys collected since his last account rendered.

SEC. 22. All fines imposed by the Police Judge's Court, Court of Sessions of said city and county, or any Justice's Court, shall be paid into the treasury thereof, as part of the Police Fund; in cases where for any offense, the said courts are authorized to impose a fine or imprisonment in the county jail, or both, they may, instead thereof, sentence the offender to be employed in labor upon the public works of said city and county, for a period of time equal to the term of imprisonment which might be legally imposed, and may, in case of imposing a fine, embrace as a part of the sentence, that in default of payment of such fine, the offender shall be employed to labor on said public works at one dollar a day, till the fine imposed is satisfied. By the "public works," as used in this Act, is understood the construction, or repair, or cleaning, of any street, road, dock, wharf, public square, park, building, or other works, whatsoever, which is authorized to be done by and for the use of the said city and county, and the expense of which is not to be borne exclusively by the individuals or property particularly benefited thereby.

SEC. 23. The Chief of Police, in conjunction with the President of the Board of Supervisors and the Police Judge, the concurrence of two of them being necessary to a choice, shall appoint four Captains of Police, each from a different district, and as many police officers, not exceeding thirty, as the Board of Supervisors shall determine to be necessary. Thereof, an equal number in proportion to population, as near as may be, shall be selected from each district that shall be situated, wholly or partly, within the limits specified in section second of the Act now repealed, entitled "An Act to Re-Incorporate the City of San Francisco," passed May sixth, one thousand eight hundred and fifty-five.

SEC. 24. No person can be appointed Captain of Police or Police Officer, unless he be a citizen of the United States and of this State and a resident and a qualified voter of the city and county; and in case of each Police Officer, a resident of the district from which he is chosen and also before his appointment, shall produce to the said President of the Board of Supervisors, Chief of Police and Police Judge, a certificate signed by at least twelve freeholders and qualified voters of the said city and county, who in case of application for appointment of a Police Officer, must also be residents of the district from which he is to be appointed, stating that they have been personally and well acquainted with the applicant for one year or more, next preceding the application, and that he is of good repute for honesty and sobriety, and they believe him to be, in all respects, competent and fit for the office. All the certificates so produced, shall be carefully preserved in the office of Chief of Police.

SEC. 25. Police Captains and Officers may be suspended from office by the Chief of Police, and, with the concurrence of the President of the Board of Supervisors and Police Judge removed from office for official negligence, inefficiency, or misconduct, under such general rules and regulations, not contrary to law, as may have been established by the Board of Supervisors; they shall receive from the treasury of said city and county, payable out of the Police Fund, such compensation as may be fixed by the Board of Supervisors, not exceeding one thousand eight hundred dollars a year, each, for Captains, and one thousand two hundred dollars a year, each, for Police Officers.

SEC. 26. Neither the Chief of Police, Captains, or any Officer of Police, shall follow any other profession or calling, become bail for any person charged with any offense whatever, receive any present or reward for official services rendered, or to be rendered, unless with the knowledge and approbation of a majority of the Police Commissioners, to wit: the Police Judge, President of the Board of Supervisors and Chief of Police, of the city and county of San Francisco—such approbation to be given in writing; nor be allowed pay for any period during which they shall absent themselves from public duty, unless such absence necessarily result from indisposition or disability occasioned by injuries suffered while in the discharge of official duty. Police Officers in snbjection to the orders of the respective Captains, and all under the general direction of the Chief of Police, shall be prompt and vigilant in the detection of crime, the arrest of public offenders, the suppression of all riots, frays, duels, and disturbances of the public peace, the execution of process from the Police Judge's Court in causing the abatement of public nuisances, the removal of unlawful obstructions from the public streets, and the enforcement of the laws and regulations of Police.

SEC. 27. In case of great public emergency or danger, the Chief of Police may appoint an additional number of policemen, of approved character for honesty and sobriety, who shall have the same powers as other police officers for twenty-four hours only, but without pay. The Chief of Police, Captains, and every officer of the permanent force, shall provide themselves with a uniform and badge of office, to be prescribed by regulations of the Board of Supervisors, which shall be worn by them upon all occasions, with such exceptions as may be permitted by the Chief of Police in the performance of detective duty.

SEC. 28. Charges of oppression or official misconduct, when presented by any citizen of the said city and county, against any Police Captain or officer, and verified on oath, setting forth the specific acts complained of, shall be received and attentively considered and determined by the Police Judge, President of the Board of Supervisors and Chief of Police, giving to the accused due notice, and an impartial hearing in defense. The Chief of Police, Police Judge, and all other officers now acting or hereafter to be elected or appointed under the provisions of this Act, may be accused, tried and removed from office in the mode prescribed by the laws of this State for the removal of civil officers otherwise than by impeachment.

SEC. 29. The Board of Supervisors shall from time to time establish a convenient number of police stations; determine within what districts the Police Officers and Captains shall usually be distributed and employed; designate the prisons to be used for the reception of all persons arrested or convicted and sentenced for public offenses, in cases not provided for by law; [and] appoint, during the pleasure of the board, the keeper of such prisons.

ARTICLE III.

PUBLIC INSTRUCTION.

SEC. 30. The Superintendent of Common Schools shall have the powers, and under the rules and regulations established by the Board of Education, perform the duties specified in the general laws of this State relating to that office, except where the same are altered by the provisions of this Act; and it shall be the duty of the said Superintendent to visit and critically to examine into the condition of each school in the said city and county, at least once in three months. It shall also be the special duty of the Superintendent in the said city and county, and of each School Director in his district, to observe and cause to be observed, such general rules for the regulation of the schools not inconsistent with the laws of the State, as may be established by the Board of Education of the said city and county. Sections nineteen, twenty, twenty-one, twenty-two, twenty-three and twenty-four of the Act entitled "An Act to Establish, Support and Regulate Common Schools, and to Repeal former Acts concerning the Same," passed May third, one thousand eight hundred and fifty-five, are hereby declared to be inapplicable to the city and county of San Francisco.

SEC. 31. The said Superintendent shall attend the sessions, and act as Secretary of the Board of Education, inform them at each session of the condition of the common schools, school-houses, school funds and other matters connected therewith, and recommend such measures as he may deem necessary for the advancement of education in the city and county. He shall acquaint himself with all the laws, rules and regulations governing the public schools in the said city and county, and the judicial decisions thereon, and give advice on subjects connected with the public schools gratuitously to officers, teachers, pupils and their parents and guardians. In case of a vacancy in the office of Superintendent, the Board of Education may assemble and appoint a person to fill the vacancy until the regular election then next following, when the office shall be filled by election of the people.

SEC. 32. The School Directors of the several districts shall assemble within five days after their election and qualification, and thereafter on the first Monday in June, September, December and March of each year, and at such other times as they may for urgent reasons be specially convoked by the Superintendent; and when so assembled shall constitute a Board of Education for the city and county of San Francisco. A majority of all the School Directors, elected in the said city and county, shall constitute a quorum to do business, but a smaller number may adjourn from day to day. The board shall elect a President from among its members, to continue during the pleasure of the board, and in the absence of the Superintendent, a Secretary *pro tem.*; determine the rules of its proceedings; keep a record of its acts and resolutions, and allow the same to be published. The sessions of the board shall be public, and the record of its proceedings shall remain in the custody of the Secretary, subject to the inspection, without charge, of all public officers and citizens of the said city and county.

SEC 33. The Board of Education shall have power—

First. To establish common schools and school districts in said city and county conformably with the laws, and to fix the boundaries of such school districts.

Second. To establish rules which shall not be contrary to law, for the government, improvement and progress of the public schools within the said city and county of San Francisco, and for carrying into effect the provisions of law relating and applicable thereto, and for the government of all school officers and teachers in the discharge of their duties.

Third. To determine annually the amount, not exceeding the rate of thirty-five cents on each hundred dollars' valuation upon the assessment roll, to be raised by tax upon the real and personal property within the city and county not exempt from taxation, for the support of free common schools therein, and for providing suitable school-houses, furniture, libraries and apparatus.

Fourth. To establish regulations not inconsistent with law as aforesaid, for the safe custody, and just and equal disbursement of all moneys belonging to the Common School Fund of said city and county, from whatsoever source arising.

Fifth. To require that all teachers, previous to their being employed in any of the said common schools, shall be rigidly examined before the said board, or a committee of its members appointed for that purpose, or by the Superintendent, and being approved shall receive a certificate signed by such committee and Superintendent of qualification in respect to moral character, ability and fitness to teach in the said schools, and to revoke such certificates for good cause, of which the said board shall be the sole judge, giving to the parties interested reasonable notice and an opportunity to be heard; and any School Director, with the advice and consent of the Superintendent, may provisionally withdraw the certificate of any teacher employed in the schools of his district till the next meeting of the Board of Education, and in the meantime such teacher shall not be employed in any of the common schools.

SEC. 34. Upon the petition of fifty heads of white families, resident citizens in any district, the Board of Education may, in their discretion, establish a common school or additional common schools therein, subject in all respects to the laws and regulations governing the other common schools, awarding to such school or schools

its proportionate share of the School Fund, but no sectarian doctrines shall be permitted to be inculcated in any of the public schools; nor shall any school within the said city and county which is not established and conducted in conformity with the laws of this State, and the rules and regulations not inconsistent therewith, established by the said Board of Education, be permitted to receive any share of the Common School Fund.

SEC. 35. At every regular session of the Board of Education, before proceeding to other business, each School Director shall be called upon to report orally to the board the condition of the schools in his district, the circumstances and wants of the inhabitants in respect to education, and to suggest any defect he may have noted and improvements he would recommend in existing regulations on the subject.*

ARTICLE IV.

PUBLIC STREETS AND HIGHWAYS.

SEC. 36. In the public streets already laid out by lawful authority, opened and graded, or piled, capped and planked, within the limits of said city and county of San Francisco, or which shall hereafter be laid out, opened and graded, or piled, capped and planked, as provided in this Act, the sewering, paving and planking, shall be assessed upon and done at the expense of the adjacent lots and land on each side of the street. Each lot, or portion of a lot, being separately assessed in proportion to the assessed value of the same according to the assessment-roll last completed, when the contract for said improvements was made, and the owner of the said lots and land shall be liable to pay the said assessment as herein provided.

SEC. 37. The expense of grading, sewering, paving and planking and piling, capping and planking, or for repairs upon each street-crossing, or the space formed by the junction of two or more streets, shall be assessed according to the value as aforesaid upon each quarter-block adjoining, and cornering upon the same. Each distinct lot, or part of a lot, included in such quarter, being separately assessed for its proportion; for that purpose, all the blocks shall be considered as divided into quarters, by straight lines running through the center of them, and running parallel with each of the streets bounding said blocks. In cases where the blocks are of irregular shape, and not bounded by parallel streets, so that they cannot be equally divided in that manner, the expense of constructing or repairing the crossings shall be assessed in proportion, as aforesaid, upon the lots and land in the whole block, and in such cases the said irregular blocks shall, for the purpose of assessment, be considered as a quarter-block. The space formed by the junction of two streets terminating at the same point, if such a case should occur, shall be graded, sewered, paved and planked, or piled, capped and planked, and kept in repair at the expense assessed as aforesaid, upon the lots and lands fronting thereon, and the contiguous quarter-blocks.

SEC 38. In all the streets constituting the water-front of the city, or bounded on one side by the property of said city and county, the expense of construction and repairs of that portion of said streets, from the center line thereof to the said water-front, or to such property of the city and county bounded thereon, shall be provided for by the said city and county; but no contract for any such work shall be given out, except to the lowest bidder, after an observance of all the formalities requisite in contracts for grading and planking or paving of streets, as hereinafter provided, so far as the same can be applied to the case.

SEC. 39. The Board of Supervisors shall have power to lay out, and open, new streets within the former corporate limits of the city of San Francisco, and west of Larkin and south-west of Johnson streets, in accordance with the condition of the Ordinance of the Common Council, of said city, approved June twentieth, one thousand eight hundred and fifty-five, entitled "An Ordinance for the settlement and

* The Act of the Legislature, April 26, 1858, constitutes the Board of Education a board of trustees, to hold in fee, in trust for the city and county, all real and personal property belonging to the school department, and to exercise exclusively the management thereof.—[COMPILER.

quieting of Land Titles;" but shall have no power to subject the city and county to any expense therefor, exceeding the sum of one thousand dollars.

SEC. 40. When any street is located, the Board of Supervisors, when they shall deem it expedient, may order the whole or any portion thereof to be graded, or piled, capped, or planked, after notice of their intention published in some daily newspaper printed in said city and county, for the period of ten days, unless the owners of one half in value according to the assessment-roll as aforesaid, of the lots and land bounded on such street, or a portion of a street, so proposed to be graded, shall have made written objections thereto, within ten days after the first publication of said notice, and deliver the same to the said clerk of the said Board of Supervisors, who shall indorse thereon the date of its delivery.

SEC. 41. If the owners of more than one-half in value, according to the assessment-roll aforesaid, of the lots and land fronting on any street, or portion of a street, or their duly authorized agents, shall petition the Board of Supervisors in writing to grade, or to pile, cap and plank the same—the signatures of the petitioners being verified by their acknowledgment before a Justice of the Peace, or Notary Public, in the form required by law for the acknowledgment of deeds—the Board of Supervisors shall order the same to be done, but in such case they may receive and consider remonstrances for the purpose only of ascertaining whether the petitioners truly comprehend more than one-half of said owners, as in this section required. No order or permission shall be given to grade, or to pile, cap and plank, any street, or a portion of a street, without extending and completing such grading, or piling, capping and planking, throughout the whole breadth of such street, up to the boundary of the lots and lands fronting thereon, except in cases where any street, or portion of a street, has been heretofore graded, or piled, or capped, or planked, in part, and not to the full width of the street, the Board of Supervisors shall order the same graded, or piled, capped and planked, as the case may be, to the full width of said street.

SEC. 42. The total amount of the expense of grading, or piling, capping and planking, any street, or portion of a street, under the provisions of this Act, shall be assessed on all the lots and lands fronting thereon, or liable to be assessed therefor, in proportion to the value thereof—to be assessed in the same manner as provided for sewering, paving and planking; and the owners of said lots and land shall be liable therefor.

SEC. 43. Before giving out any contract for grading, sewering, or paving and planking, or piling, capping and planking, of any street or portion of a street, or street-crossing, the Board of Supervisors shall cause notice to be conspicuously posted in the office of Superintendent of Public Streets and Highways, and published in one daily newspaper, printed in said city and county, for a period of ten days, inviting sealed proposals for the work contemplated. All proposals offered shall be delivered to the President of the Board of Supervisors. The Board of Supervisors shall open, examine, and publicly declare them, in open session, and thereupon shall be awarded to the lowest bidder, at the lowest price offered, according to the provisions of the next preceding section; *provided*, that the major part of the owners in value, according to the assessment-roll as aforesaid, of the lots and land liable to be assessed therefor, shall not be required to present sealed proposals, but may, within five days after such award—notice of which award shall be published in one daily newspaper printed in said city and county—elect to do the work at the price the same may have been awarded, and enter into a contract therefor. The Superintendent of Public Streets and Highways shall be authorized, in his official capacity, to enter into written contracts for grading, sewering, paving and planking, and for piling, capping and planking, upon streets and street-crossings, to be done, or awarded, or elected to be taken by the said owners, according to the provisions of this article. Should the said owners fail to elect, as herein provided, the Superintendent shall enter into a contract therefor with the persons to whom the same may have been awarded. And the said contractor shall execute a bond, with two sureties, to the city and county of San Francisco, in such a sum as the Superintendent shall deem adequate, conditioned for

the faithful performance of his contract. The expenses incurred for the publication of notices, as required in this article, shall be deemed a portion of the expense of the work to which the same relates.

Sec. 44. The grading, sewering, planking, paving, repairing, or otherwise constructing or improving of streets and street-crossings, must, in all cases, be done under the direction, and to the satisfaction of the Superintendent; and all contracts made therefor must contain this condition, and also express notice, that in no case, (except when it is otherwise provided in this Act) will the said city and county be liable for any portion of the expense, nor for any delinquency of persons or property assessed. The assessment and apportionment of the expenses of all such works, in the mode herein provided, shall be made by the Superintendent of Public Streets and Highways.

Sec. 45. If any party directly interested in any such work, contract or assessment, shall feel aggrieved by the acts or determination of the said Superintendent, in relation thereto, he may appeal to the Board of Supervisors, whose decision thereon, upon hearing, shall be final.

Sec. 46. The person in possession of lands, lots and buildings, under claim, and exercising acts of ownership, shall be regarded, treated and deemed, to be the owner, according to the meaning of that term as used in this article; and in case of property leased, the possession of the tenant, or lessee, holding and occupying under him, shall be deemed to be the possession of such owner, so that such owner shall, in such case, be deemed to be in possession by his tenant.

Sec. 47. The Superintendent of Public Streets and Highways shall make and keep in his office a record-book of all assessments and charges which he is authorized by law to make, in well-bound volumes, in which he shall enter diagrams, exhibiting each street-crossing, the work upon which may have been duly contracted for, and each street, or portion of a street, for the grading, sewering, paving, planking, or piling, capping and planking, or repairing, of which contract may have been entered into, the amount or rate to be paid upon such contract, each distinct lot, or portion of a lot, assessed and charged therefor, and the amount of such assessment and charge. Every assessment and charge made and recorded according to the provisions of this article, shall be a lien upon the property, and take precedence of all other liens, prior, as well as subsequent in date, for the period of two years, unless sooner discharged; *provided*, *however*, that a certificate signed by the Superintendent of Public Streets and Highways, stating the name of the contractor, and the name of the person against whom the assessment or charge is made, the amount and date of the same, together with a description of the property upon which it is the intention of the contractor to hold a lien, shall have been recorded in the office of the County Recorder, in the city and county of San Francisco.

Sec. 48. The contractor for grading of streets, or work upon street-crossings, having fulfilled his undertaking, and the work having been approved by the Superintendent or Board of Supervisors, on appeal, shall receive from the Superintendent a warrant, by virtue of which he shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in such contract; which warrant shall refer to the contract, the work contracted for and performed, and the amount agreed to be paid therefor, and shall specify the amount of each assessment, with the name of the owner of the lot assessed, if known, and shall be signed by the Superintendent, and be countersigned by the Auditor of said city and county, who, before countersigning it, shall examine the contract, the steps taken previous thereto, and the record of assessments, and must be satisfied that the proceedings have been legal and fair.

Sec. 49. The contractor or his agent shall call upon the persons so assessed, or their agents, if they can conveniently be found, and if payment be not made, shall demand payment upon the premises. If any payment be made, the contractor or his agent shall receipt the same upon the warrant, or a schedule affixed thereto, in presence of the person making such payment, and shall also give a separate receipt if

demanded; the warrant shall be returned to the Superintendent within thirty days after its date, with a return indorsed thereon, signed by the contractor or his agent; and if any of the assessments remain unpaid, verified upon oath, and stating that he has called upon the persons assessed, and whose assessments remain unpaid in whole or in part, and demanded payment, or that they could not conveniently be found, and that he has publicly demanded payment on the premises liable for such assessments, and that the same or the amounts thereof, specified in such return as delinquent, remain unpaid; thereupon the Superintendent shall record the said warrant with such sworn return, and also the original contract referred to therein if it has not been already recorded at full length in a book to be kept for that purpose in his office, and shall sign such record.

SEC. 50. If such delinquent assessment or assessments shall remain unpaid for five days thereafter, the Police Judge shall, on the application which it shall be the duty of the Superintendent to make, carefully examine the aforesaid record and also the record of assessments, and finding the proceedings to have been legal and free from fraud on the part of the contractor, shall issue his warrant, to be signed by him and countersigned by the said Superintendent, directed to the Sheriff of said city and county, briefly setting forth the delinquent assessment or assessments, the amounts thereof remaining unpaid, the name or names of the owner or owners, if known, and an accurate description of the property liable therefor, and commanding the said Sheriff to collect the amount of such delinquent assessment so remaining unpaid, with costs, including his legal fees, and fifteen dollars to be collected and paid over to the Superintendent for his services, and also five per cent. damages upon the amount remaining due to the contractor by sale of the property liable therefor, and described in said warrant in the same manner as real estate is required by law to be sold upon execution, and out of the moneys made to pay over the amount or amounts due to the contractor with the said five per cent. damages; which warrant, after having been recorded by the Superintendent in full in his office, shall be delivered to the said Sheriff.

SEC. 51. The warrant so issued shall have the force and effect of an execution upon a judgment or decree entered up in a court of record, and the Sheriff, in his proceedings thereon, shall be governed by the laws regulating sales under execution; and the rights and remedies of the purchaser or purchasers at any sale made by virtue of such warrant, shall be the same as those of purchasers at Sheriff's sales under execution. The property sold may also be redeemed in the same manner as real estate sold under execution, by the owner or any person for him being duly authorized, or by any creditor having a lien thereon. The deed executed by the Sheriff shall briefly refer to the essential steps in the proceeding previous thereto, and shall be *prima facie* evidence of the facts so recited.

SEC. 52. Any tenant or lessee of the property liable, may pay the amount of the delinquent assessment to the contractor or his agent, before the issuing of the warrant of sale, or may pay such amount with damages and costs afterward and before the sale, or may redeem the property sold for the benefit of the owner within the time prescribed by law, and deduct the amount so paid from the rents due, and to become due; and for any sum so paid beyond the rents due, he shall have a lien upon, and may retain possession of, the said property until the amount so advanced be satisfied with legal interest from accruing rents or re-payment by the owner.

SEC. 53. The Board of Supervisors, in the cases and with the requisites prescribed in sections forty and forty-one, may order the entire paving or repairing, planking or re-planking, piling, capping and planking, or re-piling, re-capping and re-planking, including the side-walks of any street, or portion of a street, or the construction of sewers therein, according to plans and specifications, and after a careful estimate of the costs of the work, which shall be furnished them by the Superintendent of Public Streets and Highways; before passing such order, notice shall be given in the same manner as prescribed in section forty-three, and in the manner therein specified, proposals shall be received, and contracts given out, for the work ordered to be done,

which contract shall be in writing, and contain the condition and notice specified in section forty-four; *provided*, that the right of the owners to object, as provided in section forty, shall not apply in cases of construction of sewers; *and provided, also*, that no order shall be made to grade any street already officially graded.

SEC. 54. All the original streets, as laid down upon the official map of said city and county, and all other streets dedicated to public use, as such, are hereby declared open public streets, and the Board of Supervisors shall ascertain and establish the width of all or any of said streets, hereby declared open public streets, as the same may have been originally laid out.

SEC. 55. For the levying, collection and enforcement of such assessments, the same mode of proceeding shall be observed as prescribed in sections forty-seven, forty-eight, forty-nine, fifty, fifty-one and fifty-two, and all the provisions of those sections shall be followed as far as applicable to the case.

SEC. 56. The Superintendent of Public Streets and Highways shall require, by written notice, to be delivered to them personally, or left upon the premises, all owners, tenants, or occupants of lots and buildings, situated and fronting upon streets already graded and planked, or paved, or heretofore capped, piled and planked, or which shall hereafter be graded and planked, or paved, or capped, piled or planked, where repairs are needed in the same, or in the sidewalks or sewers, to make such repairs forthwith, each in front of the property of which he is the owner, tenant or occupant, to the center of the street; and all repairs so made, or expenses therefor incurred, shall be assessed and charged to the landlord, and if the same be paid by the tenant, such tenant shall have a lien upon the property, and may retain possession thereof until the amount so advanced shall be paid from the accruing rents.

SEC. 57. If such repairs be not commenced within three days after notice given as aforesaid, and diligently and without any interruption, prosecuted to completion, the said Superintendent shall employ any suitable person, applying, to do the work, at the expense of the tenant and owner or occupant, at a reasonable price, to be determined by the said Superintendent; and such owner and tenant or occupant, shall be liable to pay the same. If the expense of such work and repairs, after the completion thereof, be not paid to the contractor so employed, on demand, the Police Judge, on application of the Superintendent, shall issue a warrant signed by him, and countersigned by the said Superintendent, directed to any Constable or Police Officer of said city and county, commanding him to seize and sell any personal property of the said owner, tenant or occupant, found upon the premises, that may be sufficient for the satisfaction of the amount due to the contractor, with costs, including three dollars for fees, to be allowed and paid to the Superintendent; and if sufficient personal property of the owner, tenant or occupant, cannot be found on the said premises, then to seize and sell the said premises and real estate, which shall be particularly described in the warrant.

SEC. 58. The officer executing such warrant shall be governed in his proceedings by the laws regulating levy and sale of property on execution from Justice's Courts, and be entitled to the same fees. But if the said real estate be levied on in defect of personal property, under the provisions of the two next preceding sections, it shall be sold for a term of years, and struck off to the lowest bidder, or the person who will take it for the shortest time, and pay the amount of the assessment, with costs. A copy of the warrant, when returned, with the return thereon indorsed, certified by the Clerk of the Police Judge's Court, shall, when any real estate has been sold under it, be delivered to the Superintendent, and be recorded in full in his office. In addition, and as cumulative to the remedies above given in this and the next preceding section, the Board of Supervisors shall have power, by regulation, to prescribe the penalties that shall be incurred by any person liable and neglecting or refusing to make repairs when required, as provided in section fifty-six, which fines and penalties shall be recovered for the use of the city and county, and may be applied, if deemed expedient by the said Board, in payment of the expense of any such repairs, when not otherwise provided for.

SEC. 59. An action may be instituted and maintained before any court of competent jurisdiction, by the contractor or his assigns, for work done and materials furnished upon streets, and street-crossings, under the provisions of this article, against the several owners assessed or liable therefor, for the recovery of the amount of their respective assessment, or for repairs as provided in section fifty-six of this Act, which shall be deemed a remedy concurrent with the proceedings for the enforcement of such assessment and charges herein before provided; and the entries kept by the Superintendent of Public Streets and Highways in the record-book of assessments and charges, or a copy therefrom, certified by the said Superintendent to be a true copy thereof, shall be *prima facie* evidence in said court of the regularity of all the proceedings prescribed in this article.

SEC. 60. Notes in writing, which are required to be given by the Superintendent, under the provisions of this article, may be served by any private person, or by any police officer, with permission of the Chief of Police; and the fact of such service shall be verified by the oath of the person making it, taken before the Superintendent, Police Judge, or any Judge or Justice of the Peace; or such notices, whether verbal or written, may be delivered by the Superintendent himself. The Superintendent shall keep a record of the fact of giving such notices, when delivered by himself personally, and, also, of the notices and proof of service when delivered by any other person.

SEC. 61. The records kept by the Superintendent of Public Streets and Highways, in conformity with the provisions of this Act, and signed by him, shall have the same force and effect as other public records, and copies therefrom, duly certified, may be used in evidence, with the same effect as the originals. The said records shall, during all office hours, be open to the inspection of any citizen wishing to examine them, free of charge.

SEC. 62. The said Superintendent shall keep a public office in some convenient place, to be designated by the Board of Supervisors, and his office shall be kept open as in this act required. He shall not, during his continuance in office, follow any other profession or calling, but shall be required to devote himself exclusively to the duties of his office. He shall be allowed one Deputy, to be by him appointed from time to time, at a compensation of one hundred and fifty dollars per month, payable out of the General Fund of the City and County of San Francisco, in the same manner in all respects as provided for the payment of other salaries under this Act. It shall be lawful for the said Deputy to perform all or any of the duties conferred by this Act upon the Superintendent of Public Streets and Highways, under the direction of the said Superintendent.

SEC. 63. It shall be the duty of the said Superintendent to see that the laws, orders and regulations, relating to the public streets and highways, are carried into execution; that all nuisances and unlawful obstructions are removed therefrom; and that the penalties therefor are rigidly exacted by legal process. It is required that he shall keep himself informed of the condition of all public streets and highways in said city and county, by personal inspection. He shall also perform such other duties in the supervision of public streets and highways, and, also, of all public buildings, parks, lots and grounds of the said city and county, as may be prescribed by the Board of Supervisors. He shall, before entering upon the duties of his office, give bond to the city and county, in such sum as may be fixed by the Board of Supervisors, conditioned for the faithful discharge of the duties of his office.

SEC. 64. If, in consequence of any graded street or public highway being out of repair, and in a condition to endanger persons, horses, or other animals, passing therein, any person, while lawfully using said street or public highway, and exercising ordinary care to avoid the danger, suffer damages to his person; or if any horses, animals, or other property, being lawfully ridden, driven, or conveyed through such street or public highway, be injured, lost, or destroyed, through any such defect therein, no recourse for the damage thus suffered shall be had against the City and County of San Francisco; but if such defect in the street or public highway have

existed for the period of twenty-four hours or more, then the person or persons on whom the law may have imposed the obligation to repair such defect in the street or public highway, and, also, the officer or officers through whose official negligence such defect remained unrepaired, shall be, jointly and severally, liable to the party injured for the damage sustained.

ARTICLE V.

SUPERVISORS.

SEC. 65. The Supervisors, in their respective districts, shall vigilantly observe the conduct of all public officers, and take notice of the fidelity and exactitude, or the want thereof, with which they execute their duties and obligations, especially in the collection, custody, administration and disbursement of public funds and property; for which purpose the books, records and official papers, of all officers and magistrates of such districts, shall at all convenient times be open to their inspection. They shall take care that the books and records of all officers in their districts are kept in legal and proper form. They shall have power, and it shall be their duty, every month, to examine the accounts of any officer of their respective districts, having the collection and custody of public funds, to examine and count over the moneys remaining in the hands of such officers, and shall note any discrepancy or defalcation that may be discovered, or reasonably suspected, and report the same forthwith, together with any willful official negligence or misconduct on the part of any such officer, to the President of the Board of Supervisors.

SEC. 66. At every regular session of the Board of Supervisors, before proceeding to other business, each member shall be called upon to report, orally, upon the matters specified in the preceding section; to give information of the condition of his district, in regard to public schools, streets, roads and highways, health, police, industry and population; and to suggest any defects he may have noticed in the laws and regulations, or the administration thereof, and the means of remedying them.

SEC. 67. The Supervisors shall meet within five days after each annual election, and also on the first Monday of January, April, July and October, of each year, and at such other times as specially required by law; or they may, for urgent reasons, be specially convoked by the President of the Board of Supervisors. A majority of all the Supervisors to be elected in the several districts shall constitute a quorum to do business, and no regulation, resolution, ordinance, or order of the board, can pass without the concurrence of a majority of all the members elected, but a smaller number may adjourn from day to day. All the sessions, acts and resolutions of the board shall be public. The President of the Board of Supervisors elected by the city and county at large, shall preside at all the sessions of the board, without the right to vote. In his absence, during any session, the board shall appoint a President *pro tempore*, who shall, however, have the same vote as other members. The Board of Supervisors shall be the judge of election returns, and qualifications of its own members, and shall order and provide for holding elections in the proper districts, to fill vacancies which may happen or exist more than six months previous to the next general election; at which general election such office shall be filled by election for the full term of two years. The Board of Supervisors shall determine the rules of its proceedings, keep a record of its acts and resolutions, and allow the same to be published; and the yeas and nays on any question shall at the request of any member, be entered on its journals. The Board of Supervisors shall appoint a clerk with a salary of fifteen hundred dollars a year, to hold office during the pleasure of the board, who shall be *ex officio* Clerk of the Board of Equalization, without any additional salary as such, except as provided in section eleven, and shall be required to take the constitutional oath of office, and give bond for the faithful discharge of the duties of his office. He shall have power to administer such oaths and affirmations as may be required by law or the regulations, or the orders of the board, relating to any demands upon the treasury, or other business connected with the government of the city and county; and

shall also have power to certify and authenticate copies of all records, papers and documents in his official custody. The powers of the Board of Supervisors are those granted in this Act, and they are prohibited to exercise any others.

SEC. 68. It shall be the duty of the President of the Board of Supervisors, vigilantly to observe the official conduct of each Supervisor in his district, and of all public officers of the city and county, and take note of the fidelity and exactitude, or the want thereof, with which they execute their duties and obligations, especially in the collection, custody, administration and disbursement of the public funds and property; for which purpose, the books, records and official papers, of all officers and magistrates of said city and county, shall at all convenient times be open to his inspection. He shall take especial care to see that the books and records of all such officers are kept in legal and proper form; and any official defalcation, or willful neglect of duty, or official misconduct, which he may have discovered, or which shall have been reported to him by any Supervisor, shall, at the earliest opportunity be laid before the grand jury, in order that the officer in default may be proceeded against according to law. Every ordinance or resolution of the Board of Supervisors, providing for any specific improvement, the granting of any privilege, or involving the lease, or other appropriation of public property, or the expenditure of public moneys, (except for sums less than five hundred dollars,) or laying tax or assessment, and every ordinance or resolution imposing a new duty or penalty shall, after its introduction in the board, be published, with the ayes and nays, in some city daily newspaper, at least five successive days before final action by the board upon the same; and every such ordinance, after the same shall pass the board, shall, before it takes effect, be presented to the President of the board for his approval. If he approves, he shall sign it; if not, he shall return it, within ten days, to the board, with his objections in writing. The board shall then enter the objections on the journals, and publish them in some city newspaper. If at any stated meeting thereafter, two-thirds of all the members elected to the board, vote for such ordinance or resolution, it shall then, despite the objections of the President, become valid. Should any such ordinance or resolution not be returned by the President, within ten days after he receives it, it shall become valid the same as if it had received his signature.

SEC. 69. All contracts for building * and printing to be done for the said city and county, and ordinary supplies for subsistence of prisoners, must be given by the Board of Supervisors to the lowest bidder offering adequate security, after due public notice published for not less than five days, in at least two newspapers in said city and county. The contract for subsistence of all prisoners must be given out every three months at a fixed price per day, not exceeding twenty-five cents for each person connected with the prison; and the advertisement for proposals, to be published as aforesaid by the Board of Supervisors, shall specify each article that will be required, the quality thereof, the quantity for each person, and the existing and probable number of prisoners to be supplied. All articles of food supplied for prisoners must be of a sound and wholesome quality, and subject to the inspection and approval of the keeper of the prison, and also of the President of the Board of Supervisors and Police Judge of said city and county, all of which must be expressed in the contract therefor to be entered into.

SEC. 70. The Board of Supervisors shall have power to hear and determine appeals from the executive officers of said city and county, in the cases provided in this Act; and in all cases of an appeal taken to the Board of Supervisors or Board of Education, from the order or decision made by any other officer or officers, such officer or officers shall furnish the board with a statement of his or their reasons for the order or decision so appealed from, and the party appealing shall be heard briefly, but without the observance of any technical or other formalities, not necessary, in the discretion of the board, to a just decision; which shall, after ascertaining the true state of the case, be given without delay.

* Inapplicable to the Board of Education and the property of the school department. Act of the Legislature, April 26, 1858.—[COMPILER.

Sec. 71. The Board of Supervisors shall have power to levy and collect, in the mode prescribed by law for the assessment and collection of taxes, by tax, each year, upon all property in said city and county, not exempt from taxation, such amount as they may deem sufficient to provide for the payment of all demands upon the treasury thereof, authorized by law to be paid out of the same; *provided*, that such taxation, exclusive of the State tax, and exclusive of any special tax, shall not, in the aggregate, for all the purposes of said city and county tax, exceed the rate of two dollars and twenty-five cents upon each one hundred dollars' valuation; *and provided, further*, that the said Board of Supervisors shall, in making the levy of said taxes, apportion and divide the taxes so levied, to be levied, collected and applied to specific purposes, as hereinafter provided:

First. For the Corporation Debt Fund, not to exceed one dollar upon each one hundred dollars' valuation, as aforesaid, which shall be applied to the payment of demands authorized under the fourth, fifth, sixth, seventh, eighth, and tenth subdivisions of section ninety-five of this Act, as amended April eighteenth, one thousand eight hundred and fifty-seven, and of section seven of an Act entitled an Act to provide for the funding and payment of the outstanding unfunded claims against the city of San Francisco, and against the county of San Francisco, as they existed prior to the first day of July, A. D. one thousand eight hundred and fifty-six, approved April twentieth, one thousand eight hundred and fifty-eight.

Second. For the School Fund, not to exceed thirty-five cents upon each one hundred dollars, as aforesaid, which shall be applied to the payment of demands authorized under the second and ninth subdivisions of section ninety-five of this Act, as amended April eighteenth, one thousand eight hundred and fifty-seven.

Third. For the General Fund, not to exceed seventy-five cents upon each one hundred dollars' valuation, as aforesaid, which shall be applied; first, to the payment of demands authorized under the first, third, eleventh, twelfth, thirteenth and fourteenth subdivisions of section ninety-five of this Act, as amended April eighteenth, one thousand eight hundred and fifty-seven, and for the payment of any sum authorized by any special act; and for the payment of demands not exceeding eight thousand dollars in any fiscal year, for the purchase and erection of hydrants, under the first section of an Act entitled "An Act to provide for the purchase and erection of hydrants in the city and county of San Francisco," approved March seventh, eighteen hundred and fifty-nine; *provided*, that from the first day of January to the first day of July, one thousand eight hundred and fifty-nine, the amount so allowed shall not exceed seven thousand dollars; and, after all the foregoing demands are provided for and satisfied, for the payment of demands authorized under the fifteenth subdivision of section ninety-five of this Act, as amended April eighteenth, one thousand eight hundred and fifty-seven.

Fourth. For the Street Light Fund, fifteen cents upon each one hundred dollars which shall be paid for lighting the streets of said city with gas, and for the repair of lamps and posts, in pursuance of the provisions of the present contract of said city and county with the San Francisco Gas Company, upon demands to be audited and allowed. And no money shall be transferred from either of the said funds to another, nor used in paying any demand upon such other fund until all the indebtedness arising in any fiscal year, and payable out of said fund so raised for said fiscal year, shall have been paid and discharged.

The Board of Supervisors of the city and county of San Francisco is hereby authorized to repeal any order heretofore passed by them for the purpose of levying a tax for the fiscal year ending June thirtieth, A. D. one thousand eight hundred and sixty.

The time for levying taxes for the fiscal year ending June thirtieth, A. D. one thousand eight hundred and sixty, for State, city, and county purposes, and taxes authorized by any special law in and for the city and county of San Francisco is hereby extended until the first Monday in May, A. D. one thousand eight hundred and fifty-nine, and the Board of Supervisors of said city and county is hereby authorized and directed to levy such taxes on or before the first Monday of May, as aforesaid.

SEC. 72. The said Board of Supervisors shall also constitute a Board of Equalization for said city and county, and as such shall have the powers conferred by the general laws regulating the assessment and collection of taxes, when not inconsistent with the provisions of this Act. Appointments of officers or public agents required by existing statutes, not repealed by this Act, to be made on the nomination of the Mayor, and confirmation by the Common Council of the city of San Francisco shall, after this Act takes effect, be made in like manner on the nomination of the President of the Board of Supervisors and a confirmation by said board.

SEC. 73. It shall be the duty of the Auditor, the Superintendent of Common Schools, the Superintendent of Public Streets and Highways, Chief of Police and Chief Engineer of the Fire Department of said city and county, to report to the Board of Supervisors on the first Monday in February of each year, the condition of their respective departments, embracing all their operations and expenditures during the preceding year, and recommending such improvements in them as they may deem necessary. The Auditor shall also present to the Board of Supervisors at each quarterly session, and must also publish the same, a statement of the exact condition of the finances of said city and county, which must show the receipts into, and disbursements made from the treasury during the preceding quarter, the amount of money on hand and the amount of audited demands outstanding. Immediately after the first Monday in February, the Board of Supervisors shall make up and publish an abstract from these several reports and other sources of the operations, expenditures and conditions of all departments of government of the said city and county.

SEC. 74. * The Board of Supervisors shall further have power by regulation or order:

First. To regulate the police and police force of said city and county.

Second. To provide for the security, custody and administration of all property of said city and county, without any power to sell or encumber the same, or to lease any part thereof for more than three years, except, however, that such personal property belonging to the fire, street, or other departments, as they may deem unsuited to the uses and purposes for which the same was designed, or so much worn or dilapidated as not to be worth repairing, may be sold or exchanged by order or resolution. The said board shall also have power, at their discretion, to appoint a City and County Attorney, learned in the law, and to prescribe and regulate his duties and obligations.

Third. To provide by regulation for the prevention and summary removal of all nuisances to public health, the prevention of contagious diseases, the prevention and summary removal of all nuisances and obstructions in the public streets and highways.

Fourth. To provide in cases omitted in this Act, and in conformity with the principles adopted in it, for opening, altering, extending, grading, planking, paving, or repaving, or otherwise improving of public streets and highways at the expense of the property benefited thereby, without any recourse in any event upon the city and county, or the public treasury, for any portion of the expense of such works, or any delinqency of the property owners or holders.

Fifth. Providing for lighting and cleaning the streets.

Sixth. To regulate market-houses and market-places.

Seventh. To provide for the erection, repair and regulation of wharves and docks, and fixing the rates of wharfage thereat.

Eighth. To provide for inclosing, improving and regulating all public grounds of the city and county.

Ninth. To prohibit the erection of wooden buildings or structures within any fixed limits where the street shall have been established and graded, or ordered to be graded; to regulate the sale, storage and use of gunpowder or other explosive or combustible materials and substances, and make all needful regulations for protection against fire.

* Subdivision two and twenty-two of this section are inapplicable to the Board of Education and to the real and personal property of the Public School Department. Act of the Legislature, April 26, 1858.

Tenth. To make such regulations concerning the erection and use of buildings as may be necessary for the safety of the inhabitants.

Eleventh. To determine the fines, forfeitures and penalties that shall be incurred for the breach of the regulations established by said Board of Supervisors, and also for a violation of the provisions of this Act where no penalty is affixed thereto or provided by law; but no penalty to be imposed shall exceed the amount of value of one thousand dollars, or six months' imprisonment, or both; and all actions for the recovery of such fines, or the enforcement of such penalties, may be prosecuted before the Police Judge in the name of the said city and county of San Francisco.

Twelfth. To regulate and provide for the employment of prisoners sentenced to the public work of said city and county, and if deemed necessary and expedient, to let out the labor of such prisoners by contract to the highest bidder.

Thirteenth. To license and regulate hackney coaches, carriages, and other public vehicles, and to fix the rates to be charged for the transportation of persons, baggage, and property therein, and also to license and regulate porters employed in conveying baggage for persons arriving in, and departing from, said city and county, and to prohibit the exercise of those employments without such license.

Fourteenth. To license and regulate all such callings, trades and employments, as the public good may require to be licensed and regulated, and as are not prohibited by law. And all licenses granted in pursuance of the provisions of this Act, or the powers therein delegated, shall be signed and issued by the Auditor of said city and county, on production to him of the Treasurer's receipt for the sum required to be paid therefor, which receipt shall also be entered and countersigned by the Auditor, as in case of all other receipts for money paid into the treasury.

Fifteenth. To prohibit and suppress all houses of ill-fame and prostitution, and all occupations, houses, places, amusements and exhibitions which are against good morals, and contrary to public order and decency.

Sixteenth. To provide for the erection of a work-house, house of refuge, or house of correction, and for the regulation and government of the same.

Seventeenth. To direct and control the Fire Department of said city and county, in conformity with the laws.

Eighteenth. To fix the fees and charges to be made by the Surveyor of said city and county, for certificates of surveys for buildings or other purposes, on the public streets.

Nineteenth. To provide by regulation, where it may be necessary, for carrying the provisions of this Act into effect.

Twentieth. To provide for the care and maintenance of the indigent sick of said city and county, but not to incur any expenses therefor exceeding the sum of two thousand eight hundred dollars a month.

Twenty-first. To provide for the construction and repair of hydrants, fire-plugs, cisterns and pumps in the streets, for the public security and convenience.

Twenty-second. To provide for the erection of all buildings necessary and proper for the use of the city and county, upon lands belonging thereto, but without the power to purchase either lands, lots, or buildings.

Twenty-third. To provide ways and means for the prosecution of the claims in the name of the city of San Francisco, to the pueblo lands now pending for the same.

ARTICLE VI.

FINANCE AND REVENUE.

Sec. 75. All fines, penalties and forfeitures, imposed for offenses committed within the said city and county, shall be received by the Clerk or Magistrate of the respective court and paid into the treasury thereof, as a part of the Police Fund; forty per cent. of all poll taxes collected in said city and county, or any other proportion of such poll taxes which may be hereafter assigned to said city and county, by law, shall also be paid and received into the treasury thereof, as a part of the Police Fund. All

demands payable out of said fund, may, in case there be not sufficient money in the treasury arising from the sources specified in this section, be paid out of the General Fund of said city and county.

SEC. 76. The School Fund of said city and county, shall consist of all moneys received from the State School Fund; all moneys arising from taxes upon property which shall be levied each year for that use, by the Board of Supervisors, and which shall in no case exceed the rate of thirty-five cents on each hundred dollars' valuation of all property, real and personal, liable to be assessed. The General Fund consists of all moneys in the treasury not designated and set apart by law to a specified use, and of the overplus of any Special Fund remaining after the satisfaction of all demands upon it. The Surplus Fund consists of any moneys belonging to the General Fund remaining in the treasury after the satisfaction of all demands due and payable, which are specified in the first fourteen subdivisions in section ninety-five. The fiscal year shall be the same as that of the State.

SEC. 77. All taxes assessed upon real and personal property, in said city and county, shall be payable and be paid directly to the Treasurer thereof; and in default of such payment before the time when the Tax Collector may be authorized by law to seize and sell the property therefor, the said Tax Collector shall proceed to collect said taxes, together with his legal fees, by seizure and sale of the property liable, in the mode prescribed by law for the collection of such State and County taxes. The taxes due, however, may be paid to the said Treasurer at any time before the property is sold, and on production to the Tax Collector of the proper receipt, and payment of his legal fees for services rendered up to that time, such property shall be discharged.

SEC. 78. The Tax Collector, upon the final settlement to be made by him as such Tax Collector, according to the requirements of the law, shall be charged with, and shall pay into the hands of the Treasurer, the full amount of all taxes by him collected and not previously paid over, without any deduction of commissions, fees or otherwise; he shall also be charged with and be deemed debtor to the treasury for the full amount of all taxes due upon the delinquent list delivered to him for collection, unless it be made to appear that it was out of his power to collect the same by levy and sale of any property, liable to be seized and sold therefor; if the impossibility to collect any portion of such delinquent taxes have resulted from any irregularity or defect in the assessment, then the Assessor, whose duty it was to make the assessment, shall be liable and be deemed debtor to the treasury for the amount remaining uncollected for that cause.

SEC. 79. The Treasurer of said city and county shall receive and safely keep in a secure fire-proof vault, to be prepared for the purpose, all moneys belonging to, or which shall be paid into the treasury, and shall not loan, use, or deposit the same, or any part thereof, with any banker or other person, nor pay out any part of said moneys, except upon demands authorized by this Act, and after they have been duly audited; he shall keep the key of said vault and not suffer the same to be opened except in his presence. At the closing up of the same, each day, he shall take an account and enter in the proper book, the exact amount of money on hand, and at the end of every month shall make and publish a statement of all receipts into, and payments from, the treasury, and on what account. If he violate any of the provisions of this section, he shall be considered a defaulter and shall be deemed guilty of a misdemeanor in office, and be liable to removal, and shall be proceeded against accordingly; if he loan or deposit said moneys, or any part thereof, contrary to the provisions of this section, or apply the same to his own use or to the use of any other person, in any manner whatsoever, or suffer the same to go out of his personal custody, except in payment of audited demands upon the treasury, he shall be deemed guilty of felony, and on conviction thereof, shall suffer imprisonment in the State Prison for a period not less than three or more than ten years.

SEC. 80. The Treasurer shall keep the moneys belonging to each fund separate and distinct, and shall, in no case, pay demands chargeable against one fund out of

moneys belonging to another, except as otherwise provided in this Act, without an express order of the Board of Supervisors, which can only be made at or after the third regular session, held during the fiscal year, by a vote of two-thirds. The said Treasurer shall give his personal attendance at his public office during the office hours fixed in this Act; and if he absent himself therefrom, except on account of sickness or urgent necessity, during such office hours, he shall lose his salary for the entire day on which he was absent.

SEC. 81. The following demands against the treasury shall be received for taxes, at one per cent. above their par value:

First. Audited bills of the current fiscal year, for wages or salaries of teachers in the common schools, and all other duly audited demands of such year, payable out of the School Fund, after having been presented for payment, and registered by the Treasurer, as provided in section eighty-eight, shall be received for school taxes, but no other demands shall be so received.

Second. Coupons due, or to become due, during the current fiscal year, issued by the Commissioners of the Funded Debt, for the payment of the interest upon the certificates known as the San Francisco City Stock, under the provisions of the Act entitled "An Act to authorize the Funding of the Floating Debt of the City of San Francisco, and to provide for the Payment of the same," passed May first, one thousand eight hundred and fifty-one, and all coupons so received, must every week be handed over to said Commissioners to be canceled, and the receipt of said Commissioners taken therefor by the Treasurer; also the coupons due or to become due, during the current fiscal year, issued by the Board of Fund Commissioners, in pursuance of an Act entitled "An Act to provide for the Funding the legal and equitable Debt of the City of San Francisco, and for the final Redemption of the same," passed May seventh, one thousand eight hundred and fifty-five.

Third. Coupons due, or to become due, during the current fiscal year, issued for interest, by the Commissioners for funding the floating debt of the County of San Francisco, in pursuance of the Act entitled "An Act to Fund the Floating Debt of the County of San Francisco," passed May fourth, one thousand eight hundred and fifty-two.

Fourth. All lawful demands upon the treasury, except those payable out of the School Fund and the Surplus Fund, after having been duly audited, and presented for payment and registered, as provided in section eighty-eight, shall be a legal tender for the whole amount of all taxes and other dues belonging to and receivable into the city and county treasury; *provided*, that none of the demands or coupons named in the several numbered subdivisions of this section, shall be received for State taxes and dues to the State Treasury; *and provided further*, that none of the demands or coupons aforesaid, except as provided in the first of said subdivisions, shall be received for or in payment of school taxes. If the Treasurer shall refuse to receive such audited demands or coupons, when tendered for taxes or other dues to the treasury as aforesaid, or shall neglect to cancel such audited demands on the day so received, or otherwise paid into the Treasury, or shall neglect to deliver such coupons received by him to the Fund Commissioners, as before required, he shall be deemed guilty of a misdemeanor in office, and for every offense shall, on conviction thereof, be adjudged to pay a fine equal to the amount of the audited demands and coupons so tendered and refused, or so received or paid, and neglected to be canceled, or to be delivered to the Commissioners as aforesaid. Every receipt of the Treasurer shall specify in what funds the payment was made, whether in cash, audited demands or coupons, and the amount of each; and his receipt for State dues shall in the same manner specify how payment was made, otherwise he shall be liable to account for the amount thereof in cash only.

SEC. 82. No payment can be made from the treasury or out of the public funds of said city and county, unless the same be specifically authorized by this Act, nor unless the demand which is paid, be duly audited, as in this Act provided, and that must appear upon the face of it. No demand upon the treasury shall be allowed by

the Auditor in favor of any person or officer in any manner indebted thereto, without first deducting the amount of such indebtedness, nor to any person or officer having the collection, custody, or disbursement of public funds, unless his account has been duly presented, passed, approved and allowed, as required in this Act; nor in favor of any officer who shall have neglected to make his official returns or his reports, in writing, in the manner and at the time required by law, or by the regulations established by the Board of Supervisors; nor to any officer who shall have neglected or refused to comply with any of the provisions of this or any other Act of the Legislature, regulating the duties of such officer, on being required, in writing, to comply therewith, by the President of the Board of Supervisors, or the Supervisor of the respective district; nor in favor of any officer for the time he shall have absented himself without lawful cause, from the duties of his office during the office hours prescribed in this Act, and the Auditor may examine any officer receiving a salary from the treasury, on oath, touching such absence.

SEC. 83. The term "audited," as used in this Act with reference to demands upon the treasury, is to be understood their having been presented to, and passed upon, by every officer and board of officers, and finally allowed as required by law: and this must appear upon the face of the paper representing the demand, or else it is not audited. The term "law or laws," as used in this Act, is never to be understood as applicable to any regulation of the Board of Education, or of the Board of Supervisors, or Board of Delegates of the Fire Department, but only applicable to the constitution and the laws made or adopted by the Legislature in pursuance thereof.

SEC. 84. Every demand upon the treasury, except the salary of the Auditor, and including the salary of the Treasurer, must, before it can be paid, be presented to the Auditor of the city and county to be allowed, who shall satisfy himself whether the money is legally due and remains unpaid, and whether the payment thereof from the treasury of the city and county is authorized by law, and out of what fund. If he allow it, he shall indorse upon it the word "allowed," with the name of the fund out of which it is payable, with the date of such allowance, and sign his name thereto; but the allowance or approval of the Auditor, or of the Board of Supervisors, or any other board, or officer, of any demand, which upon the face of it appears not to have been expressly made by law payable out of the treasury or fund to be charged therewith, shall afford no warrant to the Treasurer or other disbursing officer for paying the same. No demand can be approved, allowed, audited, or paid, unless it specify each several item, date and value composing it, and refer to the law by title, date and section authorizing the same.

SEC. 85. The demand of the Auditor for his monthly salary shall be audited and allowed by the President of the Board of Supervisors. All other monthly demands on account of salaries fixed by law, and made payable out of the treasury of said city and county, may be allowed by the Auditor without any previous approval. All demands payable out of the School Fund must, before they can be allowed by the auditor or paid, be previously approved by the Board of Education, or by the President thereof, and Superintendent of Common Schools, acting under the express authorization of said board. Demands for teachers' wages or other expenses appertaining to any school, cannot be approved, allowed or audited, to an amount exceeding the share of school money which such school will be entitled to have apportioned to it during the current fiscal year. Demands for monthly pay of Police Captains and Officers, must, before they can be allowed by the Auditor or paid, first be approved by the Police Judge and Chief of Police, or if they refuse or cannot agree, then by the Board of Supervisors. All other lawful demands payable out of the treasury, or any public funds of said city and county, and not hereinbefore in this section specified, must before they can be allowed by the Auditor, or in any manner be recognized or paid, be first approved by the Board of Supervisors; or if the demand be under two hundred dollars, by the President and two members thereof, appointed by the board for that purpose, with power to act under and subject to its instructions and regulations during recess of the said board. The Auditor must number and keep a record

of all demands on the treasury allowed by him, showing the number, date, amount and name of the original and present holder; on what account allowed, out of what fund payable, and if previously approved, by what officer, officers or board it has been so approved; and it shall be deemed a misdemeanor in office for the Auditor to deliver any demand with his allowance thereon until this requisite shall have been complied with.

SEC. 86. The President of the Board of Supervisors, Auditor, Chief of Police, President of the Board of Education, and each Supervisor, shall have power to administer oaths and affirmations concerning any demand on the treasury or otherwise relating to their official duties. Every officer who shall approve, allow, or pay any demand on the treasury not authorized by this Act, shall be liable to the city and county individually and on his official bond for the amount of the demand so illegally approved, allowed or paid. Every citizen shall have the right to inspect the books of the Auditor, Treasurer and Clerk of the Board of Supervisors, at any time during business hours. Copies or extracts from said books, duly certified, shall be given by the officer having the same in his custody, to any citizen demanding the same, and paying or tendering sixteen cents per folio of one hundred words for such copies or extracts.

SEC. 87. The Auditor is the head of the finance department of the city and county, and as such is required to be constantly acquainted with the exact condition of the treasury and every lawful demand upon it. He shall keep a public office and give his personal attendance there daily, during the office-hours fixed in this Act, and shall not be permitted to follow or engage in any other occupation, office, or calling, while he holds said office; if he absents himself from his office during such office hours, except on indispensable official business or urgent necessity, he shall lose his salary for the day, and it shall be a part of his official duty to keep account of the times and occasions when he shall be so absent from duty.

SEC. 88. Every lawful demand upon the treasury duly audited, as in this Act required, shall in all cases be paid on presentation and canceled, and the proper entry thereof be made, if there be sufficient money in the treasury belonging to the fund out of which it is payable; but if there be not sufficient money belonging to said fund to pay such demand, then it shall be registered in a book to be kept by the Treasurer for that purpose, showing its number, when presented, date, amount, name of the original holder, and on what account allowed, and out of what fund payable; and being so registered, shall be returned to the party presenting it with an indorsement of the word "registered," dated and signed by the Treasurer.

SEC. 89. Whenever any audited demand has been presented to the Treasurer and not paid, and it be made known to the President of the Board of Supervisors, he shall proceed immediately to investigate the cause of such non-payment; and if it be ascertained that the demand has been illegally and fraudulently approved or allowed, he shall cause the officer guilty of such illegal and fraudulent approval or allowance, to be proceeded against for misconduct in office. If he ascertain that the demand has been duly audited, and that the Treasurer has funds applicable to the payment thereof, which, without reasonable grounds for doubt as to the legality of such payment, he refuses to apply thereto, he shall proceed against him as a defaulter; if it be ascertained that the demand was not paid for want of funds, then he shall cause the Sheriff or Tax-Collector, or other officer or person or persons, who ought to have collected or to have paid the money into the treasury, if they have been grossly negligent therein, to be proceeded against according to law and without any delay.

SEC. 90. The salaries, fees and compensation of all officers, including policemen and employees of all classes, and all teachers in common schools or others, employed at fixed wages, shall be payable monthly; and any demand whatsoever upon the treasury hereafter accruing, shall not be paid, but shall be forever barred by limitation of time unless the same be presented for payment, properly audited, within one month after such demand became due and payable; or if it be a demand which has to be passed and approved by the Board of Supervisors or Board of Education, then

within one month after the regular session of the proper board, held next after the demand accrued, or unless the Board of Supervisors shall, within six months after the demand accrued as aforesaid, on a careful investigation of the facts, certify that the same is in all respects just and legal, and that the presentation of it as above required was not in the power either of the original party interested or his agent or the present holder, in which case it shall be barred in the same manner, unless presented for payment within twenty days thereafter.

SEC. 91. The Treasurer, for money received into the treasury, and all other officers of said city and county receiving money from the Treasurer for disbursement, shall give receipt for all moneys by them received, which receipt shall be presented to and countersigned by the Auditor. The Auditor, before countersigning any such receipt, shall number it, and make an entry in a book of record, to be kept in his office for that purpose, of the number, date and amount, by whom, and in whose favor given, and on what account. No such receipt shall be valid as evidence in favor of the person or officer receiving it, till presented to the Auditor and countersigned as aforesaid; and any person or officer using, or offering to use, such receipt as evidence, in favor of such person or officer, of the payment specified in it, without being first countersigned, as above required, shall forfeit to the said city and county double the amount of money specified in such receipt.

SEC. 92. If any person feel aggrieved by the decision of the Auditor, or other proper officer or officers of said city and county, except the Board of Education, in the rejection of, or refusal to approve or allow, any demand upon the treasury, presented by such person, he may appeal, and have the same passed upon by the Board of Supervisors, whose decision thereon shall be final; and if the said Board shall approve and allow the demand, it shall afterwards be presented to the Auditor, and entered in the proper book in like manner as other demands allowed by him, and an indorsement must be made of its having been so entered before it can be paid; *provided*, that from the decision of the President of the Board of Education and Superintendent of Common Schools refusing or not agreeing to allow any demand, payable out of the School Fund, the appeal shall be taken to the Board of Education, whose decision thereon shall be final.

SEC. 93. In all cases of such appeals to the Board of Supervisors, or the Board of Education, the opinion of the District Attorney thereon, shall be required in writing, read and filed; and upon such appeal, and in all other cases upon the approval or allowance of any demand upon the treasury, or School Fund, the vote shall be taken by yeas and nays, and entered upon the records.

SEC. 94. The President of the Board of Supervisors, in conjunction with the County Judge and Auditor of said city and county, shall, every month, examine the books of the Treasurer, and other officers of said city and county having the collection and custody of public funds, and shall be permitted and it shall be their duty to see and count over all the moneys remaining in the hands of such Treasurer, or other officer. If they ascertain *clearly* that such Treasurer, or other officer, is a defaulter, they shall forthwith take possession of all funds, books and papers, belonging to such officer, and appoint a person to fill the same, until the said defaulting officer can be proceeded against according to law, which shall be done without delay. The person so appointed shall give bond and take the oath of office, in the same manner as was required of the officer whose place he is appointed to fill. If the Treasurer, or other officer so charged as a defaulter, be acquitted thereof he shall resume his duties.

SEC. 95. Payments of demands on the treasury of said city and county may be made for the following objects, and none others:

First. Out of the Police Fund, the fixed salaries of Police Captains and officers, Chief of Police, Police Judge and Clerk of the Police Court.

Second. Out of the School Fund, the salaries or wages of teachers in the common schools, rents, repairs, building and furnishing of school houses, as provided by law.

Third. Out of the General Fund, the fixed salaries or compensation of the Assessor

and his deputies, the salaries, fixed by law, of the Judge of the Superior Court, and other officers of said city and county, and of officers of the Fire Department, and the legal fees of jurors and witnesses in criminal cases, when the same by law are payable out of the County Treasury.

Fourth. Out of the General Fund, coupons for interest due upon the "San Francisco City Stock," duly issued in pursuance of the Act entitled "An Act to authorize the funding of the Floating Debt of the City of San Francisco, and to provide for the payment of the same," passed May first, eighteen hundred and fifty-one.

Fifth. Out of the General Fund, coupons for interest due on the bonds duly issued by the Board of Fund Commissioners, in pursuance of the provisions of the Act entitled "An Act to provide for the funding of the Legal and Equitable Debt of the City of San Francisco, and for final redemption of the same," passed May seventh, eighteen hundred and fifty-five.

Sixth. Out of the General Fund coupons for interest due on bonds duly issued by the Commissioners for funding the Floating Debt of the county of San Francisco, in pursuance of an Act entitled "An Act to fund the Floating Debt of the County of San Francisco," passed May fourth, eighteen hundred and fifty-two.

Seventh. Out of the General Fund coupons for interest due upon the bonds known as the "Fire Bonds," issued to the amount of "two hundred thousand dollars," by the corporate authorities of the city of San Francisco, and bearing date December first, eighteen hundred and fifty-four.

Eighth. Out of the General Fund the certificates of stock and bonds, after maturity, which have been duly issued, referred to in the four next preceding subdivisions of this section.

Ninth. Out of the School Fund, coupons for interest due on the bonds known as the "School Bonds," dated May fourth, eighteen hundred and fifty-four, and amounting in the aggregate to the sum of sixty thousand dollars, issued by the corporate authority of the city of San Francisco, together with the sum of five thousand dollars, annually, as a Sinking Fund, for the redemption of said bonds, and the sum or sums due on each and every of the said bonds at maturity, and also the amount necessary to discharge legal incumbrances now existing on school houses and school-house lots.

Tenth. Out of the General Fund the sum of fifty thousand dollars, annually, for the redemption of the certificates of stock, mentioned in the fourth subdivision of this section, when the same shall be offered for redemption at the treasury, and after first applying to that use the money now belonging to said "Sinking Fund," remaining in the hands of the Fund Commissioners. Also, the sum of sixteen thousand six hundred and sixty-seven dollars, annually, for the redemption of said "Fire Bonds," mentioned in the seventh subdivision of this section, when the same shall be offered at the city and county treasury for redemption, and after first applying to that use the money now belonging to this "Sinking Fund."

Eleventh. Out of the Police Fund, bills for the subsisting of prisoners previously authorized by the Board of Supervisors, as in this Act provided, and duly audited, which bills must minutely specify each several item composing the demand.

Twelfth. Out of the General Fund, the amount due upon the mortgage upon the City Hall shall be paid off immediately, and in preference to any other demand whatsoever, not previously registered by the Treasurer under this Act.

Thirteenth. Out of the General Fund, bills duly audited for expenditures in the care and maintenance of the indigent sick of the city and county, previously authorized by the Board of Supervisors, and not exceeding the amount in this Act, limited for that purpose.

Fourteenth. Out of the General Fund, expenditures not exceeding the total amount of thirty thousand dollars, including salaries, during any one fiscal year, previously authorized by the Board of Supervisors, for the maintenance of the Fire Department, the construction and repairs of cisterns and other necessary works, for the extinguishment of fires; also the expense legally incurred for books, stationery

and official blanks, as authorized by Section eleven of this Act, and the necessary expense of constructing a fire-proof vault, to be prepared for the Treasurer's office, as required by Section seventy-nine of this Act; also, expenditures, not exceeding one thousand dollars, during any one month, for objects of urgent necessity other than those heretofore specified in this section, when the amount thereof in each particular case shall have been previously authorized and fixed by the Board of Supervisors, in the lawful exercise of their powers.

Fifteenth. Out of the Surplus Fund, expenditures previously authorized by the Board of Supervisors, in the lawful exercise of their powers, for objects other than those specified in the preceding fourteen subdivisions of this section, may be paid out of the Surplus Fund, as specified in sections ninety-seven and ninety-eight, but not otherwise. At the end of each fiscal year, and after every lawful demand on the treasury then due and payable, or to accrue for that year, shall have been actually paid, taken up and canceled, and record thereof made in the proper books, or cash in the treasury shall have been set apart and reserved, equal to the amount of said demands that may then be outstanding, or to accrue for that year, and a surplus of money shall still remain in the treasury, then, and in such case, but not otherwise, the Board of Supervisors may, out of such Surplus Fund, and from no other source whatever, make appropriations for the various objects embraced within their lawful powers, other than those specified in the first fourteen subdivisions of this section, and may, in case the revenue of the year then next ensuing, will in their opinion, be amply sufficient to satisfy all demands upon the General Fund and Police Fund, set apart and reserve the moneys so appropriated, to be expended from time to time, during such succeeding year, subject, however, to the provisions of section ninety-six. Every contract whereby any money is to be paid out of the treasury for other objects than those specified in the first fourteen subdivisions of this section, shall be null and void, as against the city and county, if made before such Surplus Fund exists in the treasury, and unless it be in writing, with a printed copy of section ninety-five, ninety-six, ninety-seven and ninety-eight of this Act attached to it, and in such case, the officer or officers executing the same in behalf of the city and county, in contravention of this provision, shall alone be liable in his or their individual capacity, to the other contracting party, for the fulfillment of such contract.

Sec. 96. The demands specified in the first fourteen subdivisions of section ninety-five, shall be paid out of any moneys in the treasury, in preference to any and all other demands whatsoever; and in case of any deficiency of funds for the payment of any of the said demands, when presented, then all such demands, being presented and registered by the Treasurer, as in this Act required, shall be paid out of any moneys afterwards coming into the said treasury, applicable thereto, in the order in which the same are registered.

Sec. 97. The Board of Supervisors, Board of Education, and each and every officer of the said city and county, being absolutely prohibited to contract any debt or liability, in any form, against the said city and county hereafter, the powers of the Board of Supervisors, enumerated in this Act, so far as the exercise thereof may involve the expenditure of money otherwise than for the objects and demands referred to in the preceding section, shall be deemed to extend only to authorizing the appropriation and application of any surplus moneys remaining in the treasury, during any one fiscal year, to the objects specified in such enumeration of powers, after the demands mentioned in the first fourteen subdivisions of section ninety-five, due and payable during such fiscal year, shall have been paid, and the several Sinking Funds shall have been provided and reserved for the redemption of said bonds and certificates of stock, to the amount herein-before specified.

Sec. 98. If any expenditures, not authorized by this Act, be incurred, they can never be paid out of the treasury, nor shall they be deemed to constitute, or lay the foundation of any claim, demand or liability, legal, equitable, or otherwise, against the said city and country. If expenditures be incurred, which are authorized by this Act to be paid out of the surplus funds in the treasury, but not for the preferred

objects specified in section ninety-six, such expenditures can only be paid out of such surplus funds and revenues strictly appertaining to the fiscal year in which such expenditures have been ordered, or the contracts therefor entered into, and cannot be carried forward and paid out of any revenues accruing and receivable into the treasury for any subsequent year; nor shall any demand for, or arising out of, any such expenditure, contract or consideration, be deemed to be a legal nor equitable claim or liability against the said city and county, or the treasury thereof, or the taxable property or tax payers, otherwise than as in this section provided; and no demand preferred against the said city and county, or the treasury thereof, which is not legally obligatory under the provisions of this Act, can be recognized, assumed, or legalized, so as to give it any validity, or authorize the payment thereof.

SEC. 99. The following Acts and Laws and hereby repealed:

The Act entitled "An Act to Re-Incorporate the City of San Francisco," passed May fifth, one thousand eight hundred and fifty-five.

The Act explanatory thereof, passed May seventh, one thousand eight hundred and fifty-five.

The Act entitled "An Act to Re-Incorporate the City of San Francisco," passed April fifteenth, one thousand eight hundred and fifty-one; and—

The Act entitled "An Act to Incorporate the City of San Francisco," passed April fifteenth, one thousand eight hundred and fifty.

The eighth section of the Act, passed April twenty-fifth, one thousand eight hundred and fifty-one, entitled "An Act Dividing the State into Counties and Establishing the Seats of Justice therein."

The Act entitled "An Act to Create a Board of Supervisors for the County of San Francisco, and Define their Duties," passed April twenty-ninth, one thousand eight hundred and fifty-one.

The twenty-eighth section of the Act, passed March twenty-sixth, one thousand eight hundred and fifty-one, entitled "An Act Concerning County Recorders," so far as it relates to San Francisco County.

All laws and parts of laws defining the powers and duties of Supervisors or Boards of Supervisors, are declared inapplicable to the said City and County of San Francisco, except such as are expressly referred to in and made applicable thereto by the provisions of this Act; also, all laws and parts of laws, as far as they conflict with the provision of this Act.

SHEDULE.

SECTION 1. The present County Auditor of the county of San Francisco, shall act as Auditor of the city and county of San Francisco until the next general election, with the powers, duties and compensation provided for in this Act.

SEC. 2. The present Marshal of the city of San Francisco shall act as Chief of Police for the said city and county until the next general election, with the powers, duties and compensation as provided in this Act.

SEC. 3. Until the next general election, the present County Surveyor of the county of San Francisco shall act as Superintendent of Public Streets and Highways, with the powers, duties and compensation provided for in this Act, but without any further compensation for official services rendered to the city and county as Surveyor.

SEC. 4. Until the next general election, and the election and qualification of a Police Judge, the present Mayor and *ex officio* Recorder of the city of San Francisco, shall act as Police Judge for the said city and county of San Francisco, with the powers, duties and compensation of Police Judge as provided in this Act.

SEC. 5. Until the next general election, the Justices of the Peace remaining in office in the said city and county when assembled, shall have the powers of the Board of Supervisors under the provisions of this Act, subject to all the restrictions therein contained, and shall elect a President of the Board of Supervisors and Clerk, to con-

tinue in office until the next general election, with the powers, duties and compensation as provided in this Act.

SEC. 6. The police force of the said city and county shall immediately be reduced to the number authorized by this Act, and the compensation of Captains and Policemen shall not exeeed the amounts hereinbefore provided.

SEC. 7. Until the next general election, the present Board of Education of the city of San Francisco shall continue in office, and constitute a Board of Education for said city and county of San Francisco.

SEC. 8. At the next general election, to be held as provided by law, there shall be elected for the city and county, a President of the Board of Supervisors, Police Judge, Chief of Police, Auditor, Tax Collector and Superintendent of Public Streets and Highways; and for the several districts therein, the Supervisors, School Directors, Justices of the Peace, Constables and Inspectors and Judges of Elections, provided for in this Act; and all vacancies that may occur or exist in the elective offices provided for in this Act shall be filled by election at the same time.

SAN MATEO COUNTY.

SECTION 1. Subdivision 1. There shall be formed out of the southern portion of the county of San Francisco a new county to be called San Mateo.

Sub. 2. The boundaries of the county of San Mateo, on all sides, except the north, shall be identical with those of the county of San Francisco, as they existed on the eighteenth day of March, one thousand eight hundred and fifty-six; the said county of San Mateo shall be bounded on the north by the city and county of San Francisco.

Sub. 3. The seat of Justice shall be at such place as may be determined by the qualified electors of the county at the election for county officers, as provided by this Act.

Sub. 4. There shall be an election held for county officers and to determine the County Seat in said county of San Mateo on the second Monday in May of the present year, one thousand eight hundred and fifty-six.

Sub. 5. At the election mentioned in the preceding subdivision of this section, there shall be chosen a Board of Supervisors, consisting of three persons, one County Judge, one County Attorney, one County Clerk, who shall be *ex officio* County Recorder, one Sheriff, one County Surveyor, one Assessor, one Treasurer, one Coroner and one Public Administrator, also a place to be the Seat of Justice.

Sub. 6. John Johnson, R. O. Tripp and Charles Clark, are hereby appointed as a Board of Commissioners, to act without any compensation, in the organization of said County of San Mateo, with powers and duties as hereinafter provided.

Sub. 7. The laws of a general nature now in force, regulating elections in this State, shall apply to the election ordered by this section; except that the above Board of Commissioners, in the preceding subdivision of this section appointed, shall designate the election precincts, appoint the Inspectors and Judges of Election, issue the several certificates to the persons elected, and declare what place receives the highest number of votes for County Seat.

Sub. 8. Said Board of Commissioners shall hold their first session for the transaction of business at the house of Edward Hancock, Redwood City, in said county.

Sub. 9. The said Board of Commissioners shall meet on the Monday two weeks previous to the election. At such meeting said board shall appoint one of their number President, and one as Clerk. A record of their proceedings shall be kept. The attendance of a majority of the members of the board, shall be necessary for the transaction of business. At the said meeting, the board shall designate the precincts of the county, and appoint Inspectors and Judges of such precincts, and give notice at each of the said precincts.

Sub. 10. Sealed returns from the officers of election may be delivered to any member of said board. The said board shall meet on the second day subsequent to the election, at the house of Edward Hancock, Redwood City, and the returns shall

then be opened and read; and under their direction, and in their presence a tabular statement shall be made out, showing the vote given at each precinct of the county, for each person, and for each of the offices to be filled at the election, and, also, the entire vote given for each person, and in the county for County Seat, and for what place, or places, cast. The statement made out by such board, shall be signed by its President and Clerk. The place for which the highest number of legal votes shall be found to have been cast, shall be the County Seat. The persons having the highest number of legal votes for the several offices to be filled, shall be declared elected; and the President shall immediately make out and send, or deliver, to each person chosen a certificate of election, signed by him as President of the Commissioners, and attested by the Clerk.

Sub. 11. The County Judge shall qualify before the President of the board, and enter upon the discharge of the duties of his office on the day succeeding the meeting of the board, as provided in the preceding subdivision. The persons elected as county officers, as provided in this section, shall qualify before the County Judge, within ten days thereafter, and enter upon the discharge of their duties.

Sub. 12. The President of the board shall transmit, without delay, a copy of the tabular statement, prepared as provided for in the tenth subdivision of this section, to the Secretary of State. The election returns of the county, and a duplicate tabular statement, shall be furnished to, and retained by, the County Judge of the county until the person elect, as Clerk of said county, has qualified and entered upon his duties, after which they shall be filed in his office.

Sub. 13. The County Judge chosen under the provisions of this section, shall hold office for four years from the next annual election for members of the Assembly, and until his successor is elected and qualified. The other officers elected under the provisions of this section, shall hold their respective offices for the term fixed by law, commencing from the next annual election for members of the Assembly.

Sub. 14. The County Judge shall receive for his services, one thousand dollars per annum.

Sub. 15. The county of San Mateo shall be, and form a portion of, the Twelfth Judicial District of this State.

Sub. 16. The Board of Supervisors of San Mateo County, shall have the power to levy a special tax, not to exceed fifty cents on each one hundred dollars of valuation of taxable property of said county, to be assessed and collected as other taxes; and the fund arising from said special tax, shall be applied, solely, to the erection of a jail and court-house for said county of San Mateo. The Board of Supervisors shall also have power to levy and collect, each year, in the mode prescribed by law for assessment and collection of State and county taxes, upon all the taxable property therein, such amount as they may deem sufficient to provide for the current expenses of the county; *provided*, that the amount so levied, exclusive of State and school tax, shall not, in any one year, exceed the rate of fifty cents on the hundred dollars upon all taxable property, real and personal, upon the assessment roll. But neither the Board of Supervisors, nor any officer, or officers, of the said county of San Mateo, shall have power to contract any debt or liability, in any form, against the said county; nor shall the said county, or any person or property therein, ever be liable for any debt or liability contracted, or attempted to be contracted. This prohibition, however, shall not be construed to prevent the said board, or officers, from appropriating, and paying out, moneys actually existing in the treasury, to the various objects, as authorized by law.

Sub. 17. All township officers chosen at the general election for San Francisco County, whose districts, by the provisions of this section, may be included within the present limits of San Mateo County, shall continue to hold their respective offices for said county of San Mateo, during the term for which they were elected, and until their successors are elected and qualified.

Sub. 18. The Clerk and Recorder of San Francisco County, upon application by any person, and payment of the fees, shall furnish certified copies of all deeds, or

other papers, recorded in their offices, wherein the subject matter of such deeds, or other papers, are situated in San Mateo County.

Sub. 19. All actions pending, or proceeding, in the nature of actions, whether original, or on appeal, civil or criminal, that were commenced by a party, or parties, now residing within the limits of San Mateo County, shall be disposed of by the tribunals and officers having jurisdiction of the same, in San Francisco County; and nothing in this section contained shall be construed so as to affect any such action.

Sub. 20. It shall be the duty of the County Surveyor, under the instruction and direction of the Board of Supervisors, to mark the boundary line between [the] city and county of San Francisco and county of San Mateo, and for such services he shall receive such compensation as may be allowed by law. The said county of San Mateo shall remain connected with the city and county of San Francisco, as heretofore, for all purposes connected with representation in the Legislature, and the election of members thereof, which shall remain as heretofore established by law.

SEC. 10. This Act, excepting this section, and section five of article first, only, shall take effect on and after the first day of July next; and, in the meantime, the existing municipal government, or officers, of the city of San Francisco, or the Board of Supervisors, or other officers of the county of San Francisco, shall not have power to contract any debt or liability against the said city or against the said county. But this prohibition, or anything contained in the existing charter of said city, shall not be construed to prevent the appropriation, or payment out of the treasury, of any moneys actually existing therein, to the various objects and purposes, as authorized by law, or the drawing of any warrant, or order therefor. This section and section five of article first, of this Act, shall take effect immediately after its passage.

APPROVED, April 19, 1856.

AN ACT

Amendatory of and Supplementary to "An Act to Repeal the Several Charters of the City of San Francisco," etc., etc.

[Approved April 18th, 1857.]

Sections one, two, three, four, five, six, seven, eight (amended April 25th, 1857) nine, ten, eleven. *See Sections one, six, ten, eleven, nineteen, sixty-seven, seventy-four, eighty-one, eighty-five, eighty-six and ninety-five, of original Act, respectively.*

SEC. 12. The second section of this amendatory Act shall not be construed so as to shorten or otherwise to affect the term of office of the officers chosen at the last general election. But all officers then elected shall continue in office and hold office for the same time as if said amendatory section had not been passed.

SEC. 13. The Board of Supervisors shall have power to examine and approve, and the Auditor to allow, in the same manner as heretofore examined and allowed, and register in a book to be specially prepared for that purpose, the demands of all officers of the county, and the policemen of the city of San Francisco, for the months of April, May and June, A. D., 1856, in cases where the amount claimed has not been previously audited, and where the same is fixed by law, or by ordinance of the Common Council of said city, in pursuance of and by due authority of law. The said board shall also have power to examine and approve, and the Auditor to allow and register the demands for compensation of the Board of Examiners, created by virtue of an ordinance numbered eight hundred and thirty-one, passed by the Common Council of said city on the 27th day of July, A. D. 1855, and also shall have power to examine and approve, audit and register the demands for compensation of the Clerks and other persons actually employed by said Board of Examiners in aid of their official duties as such board; *provided*, that no amount exceeding thirty dollars per day for the time actually spent in said examination shall be allowed to the Chair-

man of said Board of Examiners, and a sum not exceeding twenty-five dollars per day for the time actually spent shall be allowed the two associate examiners; *and, provided, also,* that no sum exceeding ten dollars per day shall be allowed to any one of the Clerks or other persons employed by said board for the time actually spent by said Clerks or other persons during such employment.

SEC. 14. Any indebtedness of such officer or policeman to the city and county, arising from over-payments or allowances made to him, either before or since the first day of July, A. D. 1856, beyond the amount to which he was legally entitled, or arising from any other cause, shall be deducted from any amount that may be found due him, and the balance only shall be allowed; and it shall be the duty of the Board of Supervisors, and of the Auditor, diligently and faithfully to examine the accounts and vouchers of such officers, and other evidence, in order to ascertain whether such indebtedness exists, and the true amount thereof.

SEC. 15. Any demands found due and owing to said officers or policemen, when allowed and registered by the Auditor, under the provisions of the next two preceding sections, shall be received at their par value in payment of all delinquent county taxes and delinquent city taxes for any fiscal year prior to July 1st, 1856.

SEC. 16. Any demands examined, approved, allowed and registered, as compensation to the said Board of Examiners, created by said ordinance eight hundred and thirty-one, and of their Clerks or other persons employed by them as aforesaid, shall be received at their par value in payment for any taxes due said city and county.

SEC. 17. This Act shall take effect immediately after its passage, but for the period which shall intervene until the next general election, the salaries to be allowed to the Police Judge, District Attorney, Chief of Police and Auditor, shall be at the rate of five thousand dollars per annum, after which the same shall be as fixed in Section four of this Act.

AN ACT

Amendatory of and Supplementary to "An Act to Repeal the Several Charters of the city of San Francisco, etc.," etc.

[Approved April 25th, 1857.]

SECTION 1. (See Section eighty-one, page 349.)

SEC. 2. The Board of Education of said city and county shall have power to select and designate Common School Marshals, who shall perform the duties of the Marshals named in Section eighteen of an Act entitled "An Act to establish, support and regulate Common Schools, and repeal former Acts concerning the same," approved May 3d, 1855, and such Common School Marshals shall receive for the services by law required of them, a sum not exceeding in the aggregate, five hundred dollars per annum, which, within this limit, shall be determined and apportioned by the Board of Education, and the demands of said Common School Marshals shall be approved and audited in the same manner as the demands of teachers in the common schools for wages, and when so approved and audited shall be paid out of the School Fund.

SEC. 3. The Board of Education shall have power to provide for the taking care and the cleaning of school rooms and school houses, at an expense not exceeding twenty-five hundred dollars per annum; for supplying the schools with water at an expense not exceeding seven hundred and fifty dollars per annum; for lighting school rooms, at an expense not exceeding twelve hundred dollars per annum, and for procuring the necessary blanks, blank books, and printing for the Superintendent of Common Schools and the said board, at an expense not exceeding five hundred dollars per annum, and shall be allowed for the incidental expenses of said board a sum not exceeding one hundred dollars per annum. The demands accruing under the provisions of this section shall be paid out of the school fund for the current fiscal year,

after having been duly approved and audited as provided in case of demands payable out of the School Fund.

SEC. 4. Claims for wages or salaries of teachers in the Common Schools, and all other demands payable out of the School Fund, may be approved and audited by the proper officers, even though there should not at the time be money in the treasury belonging to the School Fund for the payment of the same; *provided*, that after such claims and demands, to the amount of ninety-thousand dollars, have been approved and audited in any year, no other claims or demands upon said fund shall be approved and audited for that year, unless there is money in the treasury belonging to the School Fund for the payment thereof, and for the payment of all outstanding audited claims and demands upon the said fund, approved and audited during such year; *and provided, further*, that no claim or demand, approved and audited agreeably to the foregoing provisions of this section, when there is no money in the treasury belonging to the School Fund for the payment thereof, shall be a charge against or be paid out of any money in the treasury belonging to the School Fund, and derived from the revenues of any subsequent fiscal year or years; but if not paid during the fiscal year in which such claim or demand was approved and audited, the same shall be payable out of any moneys belonging to the School Fund and derived from delinquent school taxes or other proper dues to the School Fund in the year during which such claim or demand was audited. *And also provided*, That any such claim or demand upon the School Fund, not audited during the fiscal year in which it accrued, because there was no money in the treasnry belonging to the School Fund for the payment of the same, may be audited whenever there shall be money in the treasury belonging to the School Fund and derived from delinquent school taxes, or other proper dues to the School Fund, of the fiscal year during which the same accrued, and out of such money such claim or demand so audited shall be payable. And no claim or demand upon said School Fund, approved and audited in any fiscal year after claims and demands upon said fund have for and during such year been approved and audited by the proper officers, to the amount of ninety thousand dollars, when there is no money in the treasury belonging to said fund for the payment of the same, shall ever be a charge against any fund in the treasury, or against the city and county of San Francisco. The Auditor shall state by indorsement upon every claim or demand audited under the provisions of this section, the particular fund or moneys out of which the same is payable, and that it is payable from no other source.

SEC. 5. The Auditor is hereby empowered to audit the claims for wages for salaries of teachers in the common schools, and all other lawful demands upon the School Fund, for the months of February, March and April, A. D. 1857.

CHURCHES.

BAPTIST.

First Baptist Church.

——, Pastor, (anticipating a pastor from the East;) Location, N side Washington near Stockton.

This church was organized in June, 1849, under the labors of its first pastor, Rev. O. C. Wheeler. The church lot was purchased in the spring of the year, for the sum of $10,000. The first house of worship was dedicated in August, 1849, and was the first Protestant house of worship erected in California. Rev. O. C. Wheeler's pastorate ended in November, 1851, and was succeeded by Rev. B. Brierly in May, 1852. In the summer and fall of 1853, the wooden building was removed, and the basement of the present edifice erected at a cost of $13,000. In this the church worshiped until September, 1857, when it dedicated its newly finished building which it had completed for the sum of $16,000, including upholstery. A new and brilliant toned organ, manufactured at the East, has recently been added to the church.

Number of communicants, 130. There is a Sabbath School and two Bible classes, connected with the church, and a Library, to which some valuable additions are about to be made.

Flint; Standing Committee, W. O. Ayres, J. W. Clark and Ira P. Rankin. *Officers of the Society*—Ira P. Rankin, Moderator; Geo. H. Kellogg, Clerk; Edward P. Flint, Treasurer; Trustees, J. W. Clark, Ira P. Rankin, Samuel Adams, Wm. A. Dana, Edward P. Flint and O. B. Jennings.

This church, or congregation, was organized July 29, 1849, when Thomas Douglass and Frederick S. Hawley were chosen Deacons, and inducted into office on the following Sunday by Rev. T. D. Hunt, assisted by Rev. A. Williams. The society met in the school-house on the Plaza until it was required for other purposes, when the members were deprived of a regular place of meeting for several months. As early as practicable, however, efforts were made for the erec-

tion of a suitable house of worship, which resulted in the building of a commodious frame structure, 25 by 50 feet, on the corner of Jackson and Virginia streets, which was dedicated to the worship of God, February 10, 1850. Rev. T. D. Hunt was chosen pastor, and installed June 26, 1850, who in this connection, it is proper to state, was the first protestant clergyman, located as such, in the State, having arrived at San Francisco as early as October 29, 1848, and was immediately invited by the citizens, in a meeting called for the purpose, to act as their chaplain for one year, commencing November 1, 1848, in which capacity he was laboring at the time of the organization of this church. The congregation increased so greatly as to require a larger house; accordingly, measures were adopted in the summer of 1852, for the erection of the present substantial brick edifice, which was dedicated on the 10th of July, 1853. Rev. E. S. Lacy was installed July 6th, 1856.

The present membership of the church is 270. The whole number at present connected with the Sabbath School, of scholars and teachers, is about 500; average attendance, 300. The cost of the present church property, including lot, building and repairs, has been about $65,000.

Sunday School.—Superintendent, W. Leonard; Assistant, L. B. Benchley; number of scholars, 240; Teachers, 50. A valuable and instructive Library of over 2,000 volumes is attached to the Sabbath School.

Greenwich Street Church of Christ,

Rev. S. B. Rooney, Pastor, was erected under the supervision of Rev. W. C. Pond, Missionary of A. H. M. S. on June 26, 1853, and was dedicated to the service of God, August 28th, 1853.

St. John's Church, Mission Dolores.

This church was established in November, 1857, the Rev. John Chittenden, President of the San Francisco College, then a lay reader, licensed by the Bishop of the Diocese, officiating as its minister. The parish, of which this is the church, was instituted in February, 1858, and it is now in a state of forwardness, to be permanently received as such into the Diocese of California. It is of the Protestant Episcopal Church, and has all the privileges of other churches in the Episcopate. It is a neat edifice, and is thoroughly furnished with organ, robing room, altar, pulpit and vestment. The clergy of the city of San Francisco now officiate every Sunday, alternately reading the regular prayers and delivering a sermon, which commence at half-past 3 o'clock in the afternoon. The inhabitants are indebted mainly to the liberality of a few individuals and to the Rev. John Chittenden for the first introduction of this church service into this neighborhood. It is worthy of being noted that the Ministers, Organist (Mr. Theodore Smith) Choir and other assistants, give their services gratuitously. The church can accommodate upwards of 200 persons.

African Methodist Episcopal Church, Scott St.

The society worshiping here is the same that formerly occupied the St. Cyprian Church. Under the pastorship of Rev. T. M. D. Ward they organized anew in 1856, and purchased the Scott Street Church property. Since April 1857, J. B. Sanderson has been the Pastor of this Church. Public services every Sabbath at the usual hours. Pastor's room in the rear of the church.

Methodist Episcopal Church, Zion, (col'd.)

A. B. Smith, Pastor. Residence, 294 Pacific; Location, Pacific near Powell.

This congregation was organized by John J. Moore, the late pastor, August 1st, 1852. Up to August 13, 1856, worship was held in a frame building on Stockton Street, opposite the Marine Hospital, since which service has been held in the present brick edifice, one story of which is finished. It was dedicated Sept 7th, 1856. The expenditure on this building, thus far, has been $4,000. Attached to the congregation is an interesting Sabbath School, numbering about 50 pupils, 6 teachers, and a Library of 500 volumes; R. T. Houston, Sup. Public services and Sabbath School every Sunday at the usual hours.

PRESBYTERIAN.

First Presbyterian Church.

Stockton Street near Clay. Services on Sabbath at 11 o'clock, A. M., and 7½ P. M. Sabbath School and Bible Class at one o'clock, P. M. Lecture on Wednesday evening, at 7½ o'clock.

This church was organized May 20th, 1849, under the direction of Mr. Williams, and was the first Protestant Church organized in San Francisco. W. W. Caldwell, Frederick Billings, Mrs. Sarah B. Gillespie, Mrs. Ann Hodgson, Mrs. Margaret A. Gearey, Thomas Angus, Martin Robinson, Addison R. Flint, Mrs. Eliza O. Flint and Mrs. B. Robinson, were the original members; Capt. B. Simmons, E. Woodruff and H. Grimes, were the first trustees.

For about eighteen months, the congregation worshiped in a tent on Dupont Street, with the exception of the rainy season, when they met in the Custom House.

January 7th, 1851, a neat Gothic edifice, capable of holding five hundred persons, was dedicated. This house was destroyed by the great fire of 22d June, 1851. A plain building was immediately erected, in which the church worshiped until August, 1857; and from that time till May, 1858, their meetings were held in the Chinese Mission Chapel. Their present fine house of worship was built in the summer and autumn of 1857. It is in the Gothic style of architecture throughout. The main building is 117 feet long, or to the outside of the tower, 123; and is 61 feet wide. Rooms for the Pastor's study and social meetings, are on the same floor with the audience room, which last, is 81 by 58 feet; with a ceiling 39 feet high. A Sabbath School room 57 by 36, is over the front apartments; on the north-east corner of the house, there is a brick tower 96 feet in hight. There is an organ gallery which will seat a choir of forty persons. In all its arrangements the edifice is admirably adapted to its purpose, and at the same time, is in accordance with true architectural taste.

Officers—Rev. W. C. Anderson, D. D., Pastor; R. H. Waller, N. Gray, S. Hopkins and W. W. Caldwell, Elders; Frederick Billings, G. W. Bell, George Waller, C. L. Weller, Henry Haight, James Neal, James De Fremery and Alexander Austin, Trustees.

The church is in a very prosperous condition, more than 80 members having been added to its communion, and the number of its pewholders more than doubled in the past year. Present number of communicants, 220; Sabbath School Superintendent, S. B. Stoddard; number of teachers, 50; average attendance of scholars, 195; a fine Library of over 2,000 volumes is attached to the school.

Calvary Presbyterian Church.

Rev. W. A. Scott, D. D., Pastor; Location, north side of Bush Street, between Montgomery and Sansome. Services every Sabbath, at 11 A. M. and at 7 P. M., in winter months, and at 7½ P. M. in summer. Public lecture Wednesday evening; Prayer Meeting Sabbath evening, one hour before the evening service; Sabbath School every Sabbath at 1 P. M., H. P. Coon, Superintendent.

Officers—Elders, R. McKee, Stephen Franklin, Henry P. Coon, Jas. D. Thornton, James B. Roberts; Deacons, Edwd. Hagthorp, Z. Snyder; Trustees, F. Henderson, John Middleton, Jas. B. Roberts, H. H. Haight, N. G. Kittle, A. P. Stanford, R. B. Woodward, A. Campbell, H. H. Bancroft.

This church was erected in the fall of 1854, at a cost, including the lot, of about $70,000. On its completion, the property was largely in debt, but the debt was gradually reduced, and finally wholly extinguished in the fall of the last year. The whole property is now entirely free from debt, and the income of the church, now some $13,000, from pew rents and Sabbath collections, is ample to meet all its current expenses. During the past summer, a splendid organ, built by Henry Erben, of New York, was put up in the church, at a cost of over $8,000. This is, in all respects, the largest and most costly organ on the Pacific coast, and it has few superiors even in the Atlantic States. It has 46 stops, and over 2,000 pipes. The greatest variety of combinations can be made by the use of the various stops and couplings; and for excellence of workmanship, and sweetness of tone, it has been pronounced by judges to be unsurpassed.

Mr. Geo. F. Pettinos, the well known professor of music, presides as chorister and organist. The church building will seat comfortably 1,000 persons. The number of communicants is now about 285; the number of scholars and teachers in the Sabbath School is about 175; number of volumes in the Library, 1,000, which were selected with great care, and form a very complete Library. Connected with the church is a depository of the books of the Presbyterian Board of Publication, in which there is kept a variety of the standard books and tracts published by that board.

Howard Street Church.

Rev. S. H. Willey, Pastor; Location, cor Natoma and Jane, near Howard Street.

Organized September, 1850, to supply a portion of the city (Happy Valley), then destitute of religious privileges. Under the auspices of the present pastor, the building at present occupied by the congregation was dedicated June 17, 1851, and was the first public building erected in the city with hard finished plastered walls.

Officers—Messrs. H. B. Janes, Chas. A. Hawley, G. S. Mann, Samuel Foster and Judge M. C. Blake, Trustees.

Public services every Sunday at 11 o'clock A. M. and 7½ P. M. Sabbath School immediately after morning service; Superintendent Sabbath School, David N. Hawley: Number Teachers, 30; Scholars, 160; Number Volumes in Library, 1,700.

Welch Presbyterian Church.

Location, Pollard Place, N side Vallejo between Dupont and Kearny.

This church is at present closed.

Chinese Mission Chapel.

Officiating Missionary, Rev. WILLIAM SPEER, corner Stockton and Sacramento streets. A religious service in the Chinese language on Sabbath at 11 o'clock, and Sabbath School in the afternoon. A day school is also kept throughout the week. The house is of brick, and was built by the liberality of the citizens of San Francisco. ROMAN CATHOLIC.

St. Mary's Cathedral,

N. E. corner of California and Dupont streets. The erection of this noble structure was commenced on the 17th of July, 1853, during which year the basement portion was built, and the work was resumed the July following. The church is seventy-five feet wide, fronting on California Street, by 131 feet on Dupont Street, being the largest church in the State. A portion of the basement is now used for a school and a library, the rest being reserved for a small chapel. Service was begun at midnight on December 24, 1854. The basement portion, which is 19 feet high, is lighted from both sides and well ventilated. The present expenditure on the building is $120,000, and will require $25,000 more to complete it. The church portion is 45 feet high in the clear and contains spacious galleries and an organ loft. The ceilings are vaulted with a series of groined arches which are decorated, and every means has been resorted to for accommodation, light and ventilation. The church can seat twelve hundred persons. The tower is at present 135 feet high and when completed, with the spire, will be 200 feet high. The edifice is of gothic architecture, which has been carried out in every detail through the building. In all the arrangements for the erection of the church, the greatest attention has been paid to the selection of the best materials and to the combination of strength and durability, which are admirably effected in its construction. Craine & England, architects. Masses: Sundays at 6½, 9 and 11 o'clock A. M.; week days, 6½, 7 and 7½ o'clock, A. M. Vespers at 7 o'clock P. M. Sunday evenings. Benevolent.

ORPHAN ASYLUM, (CATHOLIC).—Market near Kearny Street. Organized March 23, 1851, and placed under the care of the Sisters of Charity. A frame building for this purpose was commenced in July, and completed in September, 1851: it was occupied in part for a school, and a portion was temporarily used as a church, under the pastoral charge of Rev. John Maginnis. The present spacious brick building was completed in November, 1854, at a cost of $24,000. It is a source of gratification to behold the consoling appearance presented by the 200 little ones now provided for in the Institution, which speaks audibly of the benign influence of their guardian Sisters, and of the true liberality of our community in their noble efforts to lend a helping hand to the fatherless. Another spacious brick building, of the same dimensions as that erected in 1854, was completed within the last year for a school, in which 500 children receive education gratis.

Officers — President, Peter Donahue; Vice-President, J. P. Buckley; Secretary, D. J. O'Calaghan; Treasurer, Gustave Touchard; Trustees, Peter Donahue, J. P. Buckley, D. J. O'Callaghan, Gustave Touchard, John Sullivan, J. B. Redmond, John O'Meara, Peter Chrystal, J. A. Donahue.

GERMAN GENERAL BENEVOLENT SOCIETY.—Organized Jan. 7, 1854, with 105 members, Mr. G. W. Beckh as President. The intention of the society was to provide for the sick, and assist as much as possible all Germans, with particular reference to members and emigrants. At the organization a collection was made, and a special fund constituted for the erection of a hospital. On the 1st of May, 1855, a building was rented on Mission Street, and used as a hospital until the fund had so far accumulated as to allow the erection of a building for that purpose. This being partly accomplished, another collection was made, two fifty vara lots 137½ by 275 feet, were bought on the south side of Brannan Street, between Third and Fourth streets; a brick building, 70 feet front by 50 feet deep was erected thereon, and on the 5th of January, 1858, the patients of the old hospital were removed to the new one. The new building has got two wards for ten patients each, one for six female patients, and nine rooms for the reception of one to two patients; it is capable to admit in all 50 patients. Steam, sulphur, cold and warm baths are fitted up in a neat and comfortable style. A garden has been laid out, 175 by 125 feet, and the center decorated with a fountain; a windmill supplies the garden and the house with water from an artesian well, 110 feet deep, which is first thrown on the top of the house into a reservoir capable to contain 2,000 gallons. The cost of the building, lot, furniture, bathing establishment, etc., amounts to about $20,000, of which sums $6,000 is unpaid yet.

The hospital has during the last three months always had about 30 patients, who were maintained at a cost of $700 to $800, about $500 of which were supplied by the society, and the balance by paying patients.

The society numbers about 700 members, of whom two-thirds live in San Francisco, and one-third in the interior of the State. The monthly contribution is $1, and the initiation fee is $2. The members meet quarterly on the second Saturday of the months of January, April, July and October, in the Hall of the San Francisco Verein, corner Sacramento and Kearny streets, and elect a new board of directors at the first meeting in the year.

Officers—President, Mr. G. W. Beckh; First Vice-President, Mr. Fred. Franck; Second Vice-President, Mr. Dan Karsch; Recording Secretary, Mr. R. Jordan; Financial Secretary, O. H. Frank; Treasurer, Mr. H. Nielsen; Directors, Messrs. F. Mebius, T. N. Rausch, J. Lutgens, A. Himmelman, S. Bravermann, and J. Mutzenbecher.

The physicans of the hospital are at present, Drs. Alers, Loehr, Precht and Regensberger; the Superintendent of the same, Mr. David Meyer,

and the Apothecary, Mr. R. C. Brueninghausen. The office of the society is in the hospital building, where the general agent, Mr. D. Meyer, is to be found, to whom all application for the admittance into the hospital, or for other relief may be made.

Sweeny & Baugh in March, 1852, on Sacramento Street, one square south of its present location, and in September, 1853, they completed a line of telegraph to Point Lobos (south head), enabling them to report as soon as they could be signalized at sea, the names of inward-bound vessels. The Telegraph Line is the pioneer erection of that character on the Pacific coast. In July, 1855, the Exchange was located in its present commodious rooms where can be found files of the leading newspapers, foreign and domestic. The merchants of San Francisco, with generous sagacity, have liberally sustained this important enterprise.

MERCANTILE LIBRARY ASSOCIATION. —Mercantile Library Buildings, SE cor Montgomery and Jackson. Organized January 24th, 1853, by the election of D. S. Turner, President; Joshua P. Haven, Vice-President; C. E. Bowers, Treasurer; W. H. Stevens, Recording Secretary; Dr. Henry Gibbons, Corresponding Secretary; and Messrs. E. P. Flint, E. E. Dunbar, D. H. Haskell and J. B. This association has been carefully and ably conducted and most generously sustained by the citizens of San Francisco, and from the progress it has made during the past few years, it must soon take rank with its kindred institutions in the Eastern States. The library of the association is the second in the State, numbering over 10,500 volumes of works in the different departments of literature. Connected with the library is a valuable and extensive collection of works of reference, 3.000 volumes in extent, which is open to the inspection of visitors and the public in general. The amount expended for books, etc., for increase of library, during the last fiscal year, was $3,500; increase of library during same period, 2,300 volumes; increase of library from January, 1855, to May, 1859, 7,000 volumes. The reading-rooms of the association are furnished with the leading newspapers and periodicals of the United States and Europe, and contains, in addition thereto, a cabinet of specimens of mineralogy and the natural history of the State, and a numerous and valuable collection of paintings, engravings, etc. The number of members, 1,200; average number of volumes taken out monthly, 1,700. The terms of admission to the rooms and library are, $5 initiation fee, and $1 per month, payable quarterly. The influence of an institution of this character, properly directed, cannot be estimated; and it can scarcely be doubted that the *esprit du corps* of the mercantile community of this city will sustain and enlarge this association, by confiding its management to energetic and talented men, and by liberally contributing to its support.

Hospitals, etc.

BRITISH HOSPITAL.—This institution has been discontinued, and an arrangement made with the city to provide for the indigent sick of the British association.

COUNTY HOSPITAL.—SW corner Francisco and Stockton. Resident Physician, Charles H. Raymond, M.D.; Visiting Surgeon, F. A. Holman, M. D.; Visiting Physician, S. R. Gerry, M. D. Average number of patients, 148; daily admissions, 3. Deaths about 10 per cent.

FRENCH HOSPITAL.—Sustained by the French Benevolent Society; Simmons and Fifth. (See Benevolent Associations.)

GERMAN HOSPITAL.— Sustained by the German Benevolent Society; Brannan and Third. (See Benevolent Associations.)

ITALIAN HOSPITAL. — Sustained by the Italian Mutual Benevolent Society. (See Benevolent Associations.)

HOSPITAL OF THE SISTERS OF MERCY. —(Late State Marine Hospital) Nos. 324 and 326 Stockton Street, between Broadway and Vallejo streets. The religious sisterhood attend the patients in person; they number 20, who are distributed about the various duties of the hospital, some as nurses, others attending the departments of cooking, washing, etc. Average number of patients, 35 per month; deaths per month, 1. Physicians and Surgeons. visiting, Drs. Bowie and Whitney; Apothecary, J. H. Clark.

UNITED STATES MARINE HOSPITAL.— Rincon Point, between Main and Spear. Organized 16th March, 1852, *Original officers*—D. Jamison, Surgeon; Rev. O. Clark, Superintendent; R. McMillan, Surgeon; G. W. Beach, Apothecary. Building erected November, 1853. *Officers*—Richard T. Maxwell, Surgeon and Physician; John Y. Lind, Assistant Surgeon; M. A. Sullivan, Steward; F. T. Maynard, Apothecary; Wm. Lindop, Head Nurse. This is one of the most splendid public edifices in the State. It is four stories high, besides an excellent basement, and is capable of accommodating 500 patients. It occupies one of the most conspicuous positions in San Francisco, and from its windows can be seen the entire city on the north, the beautiful town of Oakland on the east; in the distance the Mission Dolores, and on the north, embraced by the waters of the Bay, Goat and Alcatraz islands. Daily admissions, 5; deaths per month, 5; average number of patients, 169.

PACIFIC CLINICAL INFIRMARY. — DR. COOPER; Mission between Second and Third. In this institution are treated patients who suffer from diseases of the eye, ear and general surgical affections.

Cemeteries.

CEMETERY, LONE MOUNTAIN.—2½ miles W from Montgomery and directly opposite California; road mostly traveled leads from Bush. This cemetery was dedicated in June, 1854, and is the property of private individuals, whose design is to incorporate soon. It contains an area of 160 acres. The grounds are beautifully undulating, with avenues leading through the ravines and then gradually rising to an eminence, from

which you have a commanding view of the surrounding country. On the south, three-eighths of a mile distant, stands the celebrated Lone Mountain, a lofty conical shaped hill, from which the cemetery derives its name. On the east lies the city and the bay with the villages of Oakland, Alameda and Clinton, and in the distance Mount Diablo. On the north may be seen the Bay of San Pablo, Angel's and Alcatraz Islands, Saucelito Bay and village, and the entrance to the Golden Gate. On the west in the distance, you have the Farrallon Islands and the Pacific Ocean, the roar of whose waves are sounding a continual requiem as if to soothe the spirits of the dead. The shrubbery is mostly evergreen, containing more than twenty different kinds of flowering shrubs. About 3,000 interments have already been made within the inclosure, and the improvements now made and others designed, with its natural beauties, bid fair to make this rival any of the rural cemeteries of the Atlantic States.

Officers—Trustees, David S. Turner, Samuel M. Bowman and John Perry, Jr.; Treasurer, W. F. Herrick; Superintendent, Joseph H. Atkinson. On the grounds is erected a receptacle vault capable of containing 50 bodies—also, a chapel. First interment June 28, 1854. Monthly average of interments at this cemetery, 76. Office, 171½ Washington.

CEMETERY, ROMAN CATHOLIC.—Mission Dolores, under charge of the church.

CEMETERY, YERBA BUENA—Is bounded SE by Market, N by McAllister and W by Larkin.

WHEELER & WILSON'S
FIRST PREMIUM
FAMILY
SEWING MACHINES.

REPORT

Of the Committee on Sewing Machines, at the State Agricultural Fair, held at Marysville, California, August, 1858:

SEWING MACHINES.

The Committee on the above class of labor-saving machines, having carefully investigated their properties and qualities, REPORT, That those on exhibition at this Fair are the productions of three of the principal houses for this order of mechanics, all located in the Eastern States, and are described as

No. 1. WHEELER & WILSON'S,
No. 2. GROVER & BAKER'S,
And No. 3. SINGER'S.

We are so forcibly impressed with the entire perfection and value of the machine numbered by us—

1. WHEELER & WILSON'S,

That we shall proceed at once to give our opinion upon it. Its merits are:—Simplicity of construction; adaptation to almost every description of material; rapidity of motion; ease of management; economy, from the circumstance that a great saving of thread is realized, and its efficiency as a Family Sewing Machine. Special attention is drawn to the fact, that the stitch is alike on both sides of the fabric sewn; another important item being that basting in most work is unnecessary; and, further, that quilting, hemming and gathering, are accomplished with great facility.

WE FEEL IT IMPERATIVE UPON US TO RECOMMEND THIS MACHINE OVER ALL OTHERS TO THE EXECUTIVE COMMITTEE FOR A SPECIAL PREMIUM.

Accompanying the above Exhibit, are sundry specimens of sewing, in Silk, Woolen, Linen, Cotton, Fine Leather, and other goods. To these, they being of California workmanship, we award the HIGHEST PREMIUM.

2. GROVER & BAKER'S,

Is the next on our list, and as a Machine for the production of Ornamental Work and Embroidery, it deserves a fair share of notice. As a Family Machine, it is allowed to be very generally useful, but the stitch is somewhat faulty, from the circumstance of one side of the fabric sewed presenting a chain, which is objectionable in many descriptions of work, where a perfect stitch is desired, as in Class No. 1.

There is some beautiful work exhibited by MRS. BALL, both ornamental and useful, produced in California on the above Machine, and we feel called upon to award to it the SECOND PREMIUM.

3. SINGER'S,

The third and last on our list for Examination and Report is known as above. The stitch is the same as that produced by No. 1, although the process of taking it is different and more complicated. This Machine is adapted to heavy goods, and is reliable from its perfect stitch. We are inclined to the opinion that it is not likely to become of so much service in family use as either of those Machines already described,

There is no variety of work on exhibition as the produce of this Machine.

MRS. C. A. HATHWELL,
" H. M. GRAY,
" T. B. REARDON, } Committee.

MARK BRUMAGIM and R. S. MESICK, on the Committee, defer to the above ladies in the merits of the Exhibition.

MARYSVILLE, 28th August, 1858.

REPORT

Of the Committee on Sewing Machines, at the Mechanics' Fair, held in San Francisco, California, September, 1858.

SEWING MACHINES.

Judges.—PAUL TORQUET, MRS. S. B. COPELAND, HENRY WILLIS, HENRY HARMON, MRS. R. S. STRATTON, JAMES DEVOE, GEO. B. DAVIS.

Five varieties of Sewing Machines were exhibited, from four different inventors, to wit: Wheeler & Wilson, Grover & Baker, Singer, Uhlinger, and Landfear.

Of these, the three first surpass all other kinds, and are so very nearly equal in point of perfection, that it proved no easy task for the judges to decide as to the nice shade of superiority that one might possess over the other.

H. C. HAYDEN, *San Francisco.* Agent for Wheeler & Wilson's Sewing Machines. THESE, IN THE OPINION OF THE JUDGES, ARE THE BEST ADAPTED FOR FAMILY PURPOSES, AND FOR GENERAL USE IN CALIFORNIA; they are simple in construction, thereby being less liable to disarrangement; they are easily taken apart and readjusted. The stitch produced by them is even and regular, and alike on both sides of the fabric; it is the most difficult stitch to unravel of any produced by sewing Machines: it is awarded *A Diploma.*

J. H. DUNNELL, *San Francisco.* Agent for Singer's Sewing Machines. The stitch produced by these is of the same kind as that of Wheeler & Wilson's, i. e., plain and alike on both sides of the fabric; these machines turn out very atong and beautiful work, and what little irregularity may exist, is ascribed to the feed motion, which, being accomplished wholly by friction, is considered less certain than the other systems in its operation. The mechanical arrangement is, also, more complex, and liable to get out of order. *A Bronze Medal.*

S. O. BRIGHAM, *San Francisco.* Agent for Grover & Baker's Sewing Machines. These have some excellent points; their stitch is elastic, strong, and very regular, but it requires more thread than the two preceding systems, and has the disadvantage of not being alike on both sides, and is easier to unravel than the other kinds. It produces fine effect in embroidery, and the construction of the machine is simple and very substantial. *A Certificate of Merit.*

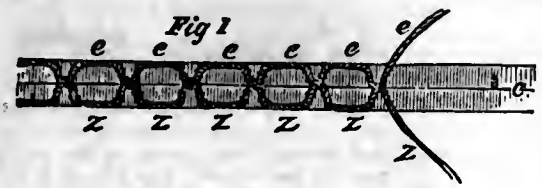
C. HOWLETT, *San Francisco.* Agent for Uhlinger's Sewing Machines. These produce a stitch similar to that of the last mentioned machines.

C. F. MARWEDEL, *San Francisco.* Exhibited one of Landfear's small Pocket Machines. They are ingenious and highly convenient for traveling purposes; their main qualities are their compactness, and the cheap price at which they can be procured. The stitch produced is single threaded.

HOW SEWING IS DONE BY MACHINERY.

We are happy to be able to present our readers with some illustrations which, with the accompanying descriptions, will answer the question. "*How* can a machine make stitches?" We are aware that it is not a little difficult to describe the inside works of a sewing machine, without having the machine itself and the reader directly before us, but we will do the best we can with the aid of some engravings, for which we think our friends will give us a little credit, when we tell them that the drawings below are principally of *our own* designing. We preferred doing the work ourselves, to letting the manufacturers do it, for we feared the whole matter would be so familiar to them that they would not appreciate the minute details necessary to make the subject plain to the unskillful reader.

Fig 1



We commence with the stitch made by the Wheeler & Wilson machine, as that appears to be the simplest, and most easily illustrated. Fig. 1 exhibits two pieces of cloth, *c*, placed together and partly sewed. A little examination will show that the upper thread *e e e* is crossed in the center of the cloth by the lower thread *z z z*—in other words, the two threads cross each other, and are thus locked together. This is essentially the "lock-stitch" invented, and patented in 1846.

By examining Fig. 5, it will be seen that the same effect would have been produced, had the bobbin or spool, *f*, remained stationary, and the loop been carried around it—down the right side and up the left, around the lower thread, *z*. This end is, in effect, accomplished in the machine.

Fig. 5

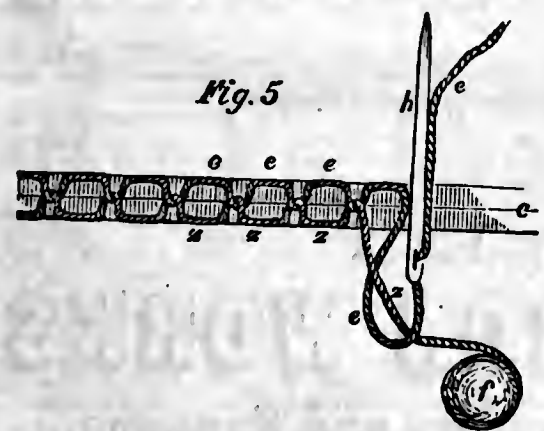


Fig. 6

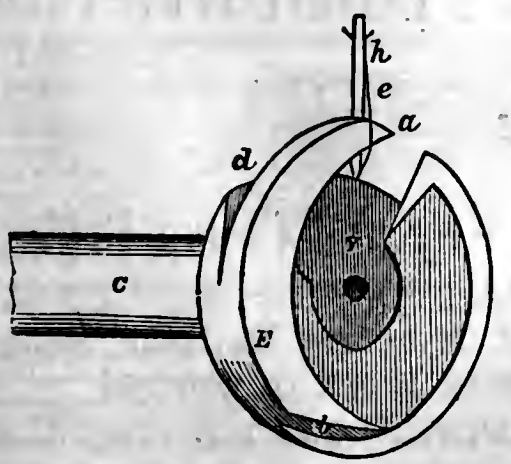
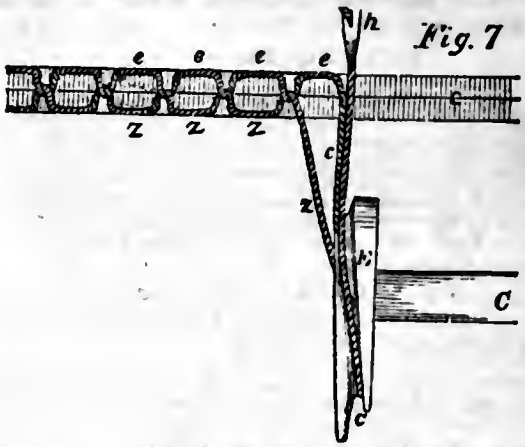


In Fig. 6 we have a rotary hook, *E*, upon the end of the shaft *C*. Inside of this hook, in the concavity *V*, is placed the bobbin *F*, (as seen in Fig. 8.) The needle *h* coming down through the cloth, and being partly withdrawn, leaves a loop at *e*. The point of the revolving hook passes into the loop at *a*, opens it and carries it around, spreading it as it moves forward, so as to throw it around the bobbin or spool within the hollow hook. The bobbin *F*, (Fig. 8,) has no axis passing through it, but is held by the concavity *V*, by a ring (not represented) placed before it, so that it plays freely and allows a loop of thread to pass around on both sides, as around the small ball of thread in Figs. 4 and 5.

Fig. 7 gives a side view of the thread carried part way around. It will be noted that this wheel upon which the hook *a* (Fig. 6) is placed, is beveled at *E*, in Fig. 7, so as to throw the thread off from its edge after it has been partly wound around it. The object of this is to throw one part of the loop around the bobbin in order to embrace the lower thread.

Fig. 7



The operation can be better understood in Fig. 8, by tracing the position of the upper thread, *e e*, and of the lower thread, *z z*. We observe that the loop having been first formed on the right side of the lower thread *z*, one part of it falls behind the bobbin *F*, (back of the dotted line,) while the other branch of it is caught by the hook, carried around, to be thrown of on the other side of the bobbin, by means of the bevel or half screw at *b*.

Fig. 8

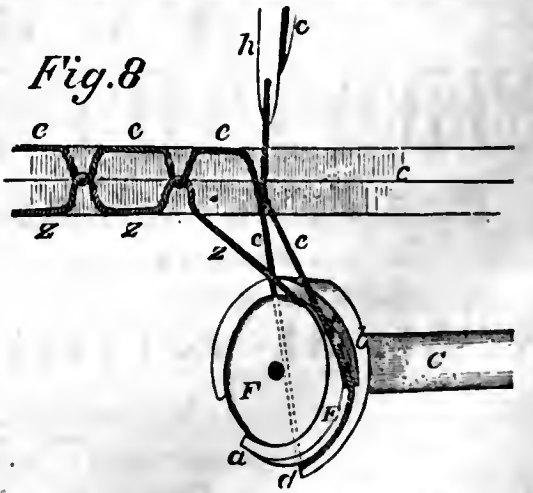


Fig. 9 gives a front view of the same. We here see the upper thread, *e e*, bent, or looped, completely around the lower thread *z*. A little further turning of the circular hook will throw the thread off from it, when, by the simultaneous tightening of the thread above, the lower thread embraced by it will be drawn into the cloth and form a lock in the center.

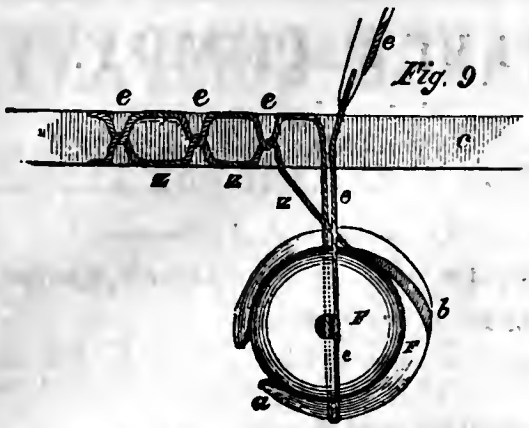

Fig. 9.

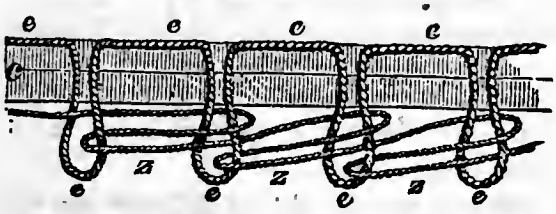
In Fig. 10, we have given, as nearly as we could, the form of the stitch made by the Grover & Baker machine, where the threads are purposely left loose, so that the courses of each one can be traced.

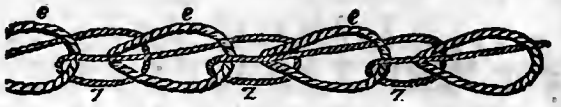
Fig. 10.



Suppose we begin at the left hand, and bend down the upper thread through the cloth, to make a loop, *e*. Next bend a loop of *z* through the upright loop, and carry this last horizontally loop forward, so that the second loop through the cloth can be brought down through it. Then hold the second loop of the upper thread open until the second loop of the lower thread is thrust through it, and carried forward, to be entered by the third loop of the upper thread. Continuing this operation gives the arrangement in Fig. 10.

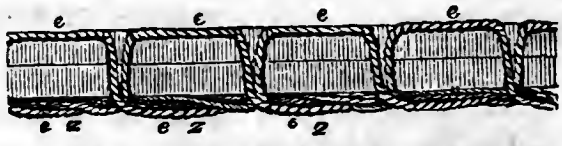
Fig. 11 shows these stitches left *loosely*, as they appear when looking upon the *under* surface of the cloth. The loop or horseshoe, terminates abruptly upon the left of each. At this point the two ends pierce the cloth, as seen in Fig. 10, above.

Fig. 11.



In the next illustration, (Fig. 12), we have the appearance of the cloth after being sewed, with the stitches drawn up by the machine in actual work. The cnts, of course, show the stitches magnified. When they are made short and the threads are properly tightened, we see a small continuous cord running along the under side of the cloth.

Fig. 12.



It will be observed, then, that of the two machines described, one makes the stitches on both sides of the cloth alike, the other gives a continuous stitch on the upper side with a cord upon the under side. The Grover & Baker stitch can be unraveled, with a little care in getting hold of the two threads used. We do not see how the Wheeler & Wilson stitch can be unraveled at all.

Below we show the stitch that has a cord or chain on one side. It will be perceived it is easily unraveled.

DR. FRANK G. JOHNSON'S
SELF-REGULATING WINDMILL.

PATENTED... January 15th, 1856.

MANUFACTURED AT THE

EMPIRE AND KEYSTONE

IRON WORKS,

D. VAN PELT, Proprietor,

Nos. 90 and 92 BUSH STREET,

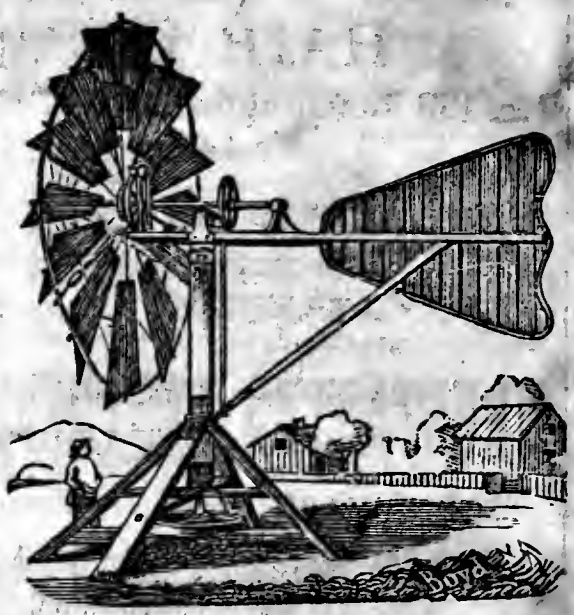
WHERE ALL KINDS OF

IRON SHUTTERS, VAULTS, SAFES,

AND EVERY DESCRIPTION OF

HOUSE WORK

IS EXECUTED.



This Mill is the perfection of Windmills, and is the only one that is really Self-Regulating and Self-Protecting, where all the fans revolve upon the arms and turn edgewise to the wind when a sudden gale strikes it, thereby turning off its own power, when too great; and it is so manageable that it can be stopped in a moment, when desired, by a lever on the stop-wheel, which stops it at once. By releasing the lever pressure, the Mill immediately resumes its work; and, in short, it is stopped and put in motion as readily as a Steam Engine. All those intending using a Windmill should not fail calling at the Manufactory and Depot, and examine the mechanical principles, upon which reliance is had for their superiority over all other Mills known. These Mills are made wholly of Iron and Steel, (except the Fans of the large ones,) and with the improvements made by the undersigned in its construction, it is the strongest and most durable Windmill in the world. The undersigned having the exclusive right of this State for the Manufacture of these Mills, has much reduced the prices, so that it is now the cheapest Windmill made within the State; and, at the same time, has more power, durability and strength than any others known. The various sizes are made and kept on hand, at the Manufactory, and for sale; and will be shown to those desirous of examining them with a view of procuring the best. They need only to be seen and examined, to be approved and appreciated.

THE CHEAPEST AND BEST WINDMILL OF THE AGE.

The Prices, at the Depot, for those adapted to Agricultural and Mechanical purposes, are the following:

8 feet,	**⅛**	**Horse Power, to**	**1½**	**Horse Power,**	**$145**	**12 feet,**	**½**	**Horse Power, to**	**3**	**Horse Power,**	**$240**
10 do	⅔	do do	2	do do	200	14 do	⅝	do do	4¼	do do	275

Farmers, Mechanics and Miners, should examine it, for it is the very article they need to make their business profitable. With proper gearing this Windmill can be used wherever power is required; any amount of power can be obtained by its use. Once erected there is no expense required to keep it in operation, and at all times manageable; a child can work it, as it is so simply constructed. Those needing such power will please call and examine. It requires only to be examined, to be approved and appreciated.
